

**When one considers the antecedents of the great British Raj, it can easily be forgotten that their advent in India was solely for commercial purposes, with no thought of conquest. It still intrigues historians how a trading company, facing the rivalry of Dutch, Portuguese and French Companies, the vagaries of native Indian rulers, and the changing policies of the capricious Company authorities in Britain, laid the foundations of a great empire.**

**In these Annals, documents pertaining to the early eighteenth century have been chronologically arranged to form a connected narrative. The compiler, an erudite scholar, has after arduous research presented detailed and lucid introductions. Extracts from the diaries of the Agents vividly portray the early attempts of the British Company to establish themselves in East India, which met with failure time and again. While Volume 1 deals with the period 1704-1710, Volume 2 (1711-1717) has two parts; the first detailing the administration of Weltden, Russell and Hedges, while the second gives an elaborate account of the envoy sent to the Mughal emperor.**

**Volume 3 covers the period 1718-1722. It becomes evident how the English traders bent only on conducting commerce under the protection of the Indian government gradually had to concede the need for fortified settlements. The early travails of the British coping with an alien land, an insalubrious climate, capricious and arbitrary changes of policy by the Court so many hundred miles away, and the intricacies of Oriental etiquette under the Mughal emperors, are evocatively described.**

**Historians-students and scholars of medieval and modern Indian history will welcome this reprint of the early days of the British in East India.**

## PREFACE.

---

CHARLES ROBERT WILSON died in England on the 24th July, 1904. At the time of his death he had in an advanced state of preparation the second part of the second volume of the *Early Annals of the English in Bengal*. This second part, dealing with the Surman Embassy, has been completed and published (1911) with a preface by that distinguished scholar, the late Mr. William Irvine. There had also been printed off the whole of a third volume of the *Annals*, with the exception of the Introduction which had not been commenced, and the Index which remained to be compiled. There had also been printed off the first thirty-two pages of a fourth volume, and some sixty-two pages of this volume are extant in clean proof form. In regard to the almost complete Volume III, the feeling expressed by Mr. Irvine as to the Part II of Volume II has, ever since I knew of the existence of the printed sheets, been my own in regard to Volume III: "the fruit of great labour and strenuous research ought to be made available for those interested in the subject." The Government of India has most generously placed the sheets in my hands, and I feel certain that all students will be glad to have the present volume made available for their study, although, of course, it cannot be all that Dr. Wilson, had he lived, would have made it.

Dr. Wilson's Introductions were more than introductions. They were beautifully written narrative histories, and were based on much wider sources of information than those reproduced in his text. My personal feeling is that we needed to have the letters to and from Bengal and the Court before we

had the Consultations given us in either summaries or in extenso. The conclusion of Dr. Wilson's *Annals* will leave a gap in the history of the English in Bengal, for we have at present no published work dealing with the years between 1722 and 1756. It is my feeling, however, that the student who undertakes to deal with that gap would best be left free to deal with the subject on his own lines rather than those of Dr. Wilson.

To Mr. William Foster, C.I.E., I am indebted for the portrait of Governor Feake; to Miss L. M. Anstey for the portrait of John Stackhouse and for information concerning the Feake Family; to Mr. J. P. E. Falconer for the portrait of his ancestor, Thomas Falconer.

In the first volume of the *Annals*, Dr. Wilson gave the current English spelling of such names as Delhi and Agra. In the present volume he writes Dihli and Āgrah. He is indeed not quite consistent, as will be seen in the Index. Personally I regret the change.

I would like to conclude this preface with an expression of my own deep gratitude to its distinguished author. I enjoyed for several years the great privilege of his friendship—an association based on a taste for the studies in which he was a master and hallowed by that love of holy things which is so prominent a feature in all Charles Wilson's work. In the days when I edited the *Indian Church Quarterly Review* Dr. Wilson was one of my most ready supporters, and the memory, not only of the aid liberally afforded to me in historical research, but in matters of religion, in which we two found ourselves united in devotion to the old paths, has made the present endeavour to rescue a part of the *Annals* a work of pride and affection.

## INTRODUCTION.

### 1. SAMUEL FEAKE BECOMES GOVERNOR.

Between the hours of six and seven of the evening of Saturday, December 28th, 1717, the Honourable Robert Hedges, Esq., President and Governor of Fort William in Bengal, departed this life. On the 12th January, 1718, the Honourable Samuel Feake, Esq., lately Chief at Cossimbazar, took his place at the Council Board, and "accordingly the Commission and keys of the Fort were handed to him."<sup>1</sup> The new Governor, at the time of accession to the chair, was not more than thirty-five years of age and he had spent nearly half his life in the country, having arrived in Bengal on the 26th May, 1700.<sup>2</sup>

In the year 1707, William Bugden and Samuel Feake, under an escort from the Dīwān, had gone to Cossimbazar to obtain, if possible, a sanad for free trade at the cost of Rs. 25,000 sicca rupees.<sup>3</sup> On April the 3rd, the news of Aurangzeb's death reached Calcutta<sup>4</sup>, and "the whole town and factory being thrown into confusion," the Company, to secure their settlement from attack by the neighbouring zamindars, ordered that sixty-black soldiers be taken into the Company's service, and posted round the town. Bugden and Feake were bidden "to come down at once, and bring all the Company's treasure they have, also the rupees provided for the payment of the sanad."

The late Mr. W. Irvine has told us that Mir Ja'far (Murshid Quli Khān) was removed from the office of Dīwān of Bengal, and was not re-appointed to Bengal until the 2nd Muharram 1122 H. (March 2nd, 1710) after the assassination of Zia-ullah-Khān.<sup>5</sup> In May 1715, Governor

Hedges resolved to come to close quarters with the Diwān, and to resettle the Factory at Cossimbazar. On the 23rd May, we read :—

“ Mr. Addams Second in Council whose right it is to be Chief at Cossimbazar being proposed Declares He is fully resolved to return to England by one of the next ships dispatched hence And requests that Mr. Samuel Feake, now third, in Council here (to whom he gives up his right to that Station), may in his stead be appointed Chief of Cossimbazar, which Mr. Feake accepting of it is Unanimously Agreed that Mr. Samuel Feake be appointed Chief of Cossimbazar Factory.”<sup>1</sup>

The story of Feake's endeavours at Cossimbazar is traced by Dr. Wilson in the Introduction to Part I of Vol. II of the *Annals*, and we will not attempt to repeat what has been said. It is enough to notice that Feake, when he took up the office of Governor, had obtained a very considerate knowledge of the ways of the Nawab Mir Ja'far (Murshid Qulī Khān.)

From the inscription on Samuel Feake's monument in Henham Church, Essex, we learn that his wife was “ Anne, daughter and heir of John Hampton of Hampden of Fort St. George, Madras (relict of Captain Thomas Newland).” According to the inscription, this lady died on board the *Devonshire* East Indiaman on her passage to England, 10th May, 1723, aged 34. If the age given is correct, she must have been born about the year 1689. Thomas Feake, the son of Samuel Feake and Anne, his wife, was baptised on 4th June, 1714. In the year following another son, Charles, was baptised on November 1st. In 1717, 3rd July, a daughter, Anne, was baptised. There appear to be no extant Baptismal Registers for Calcutta after the entry of the baptism of Anne Feake until February 1721. On 24th September, 1721, another Feake girl, Mary, was baptised. The Burial Register shows the name of “ Nathaniel, son of ye Hon'ble Samuel Feake, Governor Infant,” against 14th September, 1722. According to the inscription there were two sons of the name of Thomas, one whom the inscription says “ died in India, aged 6 months,” and the other “ Thomas Feake, Esq., Chief of Dacca in the East Indies, 7th October, 1751.”

The period of Feake's governorship lasted till January 17th, 1723, when he was succeeded by John Deane. The present volume, therefore,

contains the Consultations for all but the last year of his administration. The venture of the re-opening of the Patna factory, the firm hand displayed by the stopping of Indian shipping in the river when the Faujdar at Cossimbazar proved troublesome, and the quick steps taken in regard to the misdoings of the Patna factors all seem to show that Governor Feake was a man of energy and decision of character. If it be suggested that he failed to make the best use of the advantages won by Surman's Mission, it must be remembered that the Court of Directors showed themselves unfavourable to the acquisition of territorial possessions. They grudged "the necessary charge of soldiers to protect them from or keep off insults," and, as the cost each year in the deaths of escorts sent up to Patna is proved by the burial registers to have been heavy, we cannot blame the Directors for wishing to avoid "long marches to defend our bounds." Henry Frankland, while in England in 1720, pleaded the great advantage of possessing the 38 towns, and the Directors felt inclined to have "such of them as lye on or within about two miles of the bank of the river," and a dock on the other side of the river, where "the river is not rapid there," was in their opinion desirable, but they cautiously added that this was "not to be publickly hinted at lest it alarm the Government."<sup>1</sup>

The return of the Surman Embassy from the Mughal Court had formed a triumphant ending to the life work of Robert Hedges. The story of the embassy has been told by Dr. Wilson and his Editor in the Second Part of Volume II of the *Early Annals of the English in Bengal*. Thanks largely to the services of Surgeon William Hamilton, the Embassy had succeeded in securing from the Emperor Farrukhsiyar nearly all their requests. They were granted freedom of trade in return for the yearly *peshkūsh* of three thousand rupees: their purchase of zamindari rights in the three towns was confirmed: they were to be permitted to purchase similar rights in thirty-eight other towns: their Madras rupees were exempted from discount: they were to have forty bigas of land "in any place where they may have a mind to settle factories," and the faujdars were forbidden to seize the cargo of wrecked ships or exact a "quarter part of salvage." The farman was discreetly silent as to a free use of the Murshidabad Mint. "Most of these favours proved to be nugatory

for with the scowling countenance of the Diwān at Murshidabad over him what native would dare to sell zamindari rights? But if the immediate gains effected by the Surman Embassy were almost nil, there is much truth in Dr. Wilson's words: "In Bengal it placed the local government [the Nawab's] technically in the wrong so long as the farmān and the orders of the Emperor were disregarded, and it consequently furnished the English with a standing quarrel which they might take up any time. This they at last did after the catastrophe of the Black Hole, and the withholding of the rights won by Surman were put forward by Lord Clive, when he broke with Siraj-ud-daulah, and entered upon the conquest of the country. The soldier completed, and more than completed, what the ambassador began."<sup>1</sup>

## 2. GENERAL SURVEY OF POLITICAL HISTORY 1719-20.

It is now necessary to say something about the relation of the proceedings recorded in the present volume to the contemporaneous history of Indian Empire. In the Introduction to Part II, Vol. II of the *Annals*, Dr. Wilson has described the circumstances in which Farrukhsiyar was placed on the throne by the two Sayyad brothers, 'Abdullah-Khān and Hussain 'Ali, the weak though in some ways not an attractive character of the ill-fated Emperor, his failure (on orthodox Mughal principles) to rid himself of his far too powerful patrons, and his utterly futile patronage of their mortal foes. The story of Farrukhsiyar's miserable ending—his capture, his torture, and his death—has been told in full detail by the late Mr. William Irvine in the article on "The Later Mughals" in the *Journal of the Asiatic Society of Bengal* (1904). Blinded and unable by reason of his polluted state to continue reciting from memory the Quran, which he knew by heart, the dethroned Emperor wrote the lines:—

A heart is mad with wine, give it wine,  
It is consumed with fire, give it fire.  
To him who asks the state of my heart,  
Breathe out a sigh, give but that as reply.

On the 27th or 28th of April, 1719, the Ex-Emperor was, after a fierce struggle, strangled in his prison, the executioners, to make sure of their work, having stabbed his inanimate body. Thus perished one to whom when a boy, the son of the English-loving Prince 'Asimu-sh-shān,

the English Factors had sent gifts of toys, and in whom,<sup>1</sup> when Emperor, they had based considerable expectations.

Farrukhsiyar, on his downfall, had been succeeded on the Peacock-throne by a consumptive youth, who was proclaimed under the style and titles of Abū, I-barakāt, Sultān Shams-ud-dīn, Muḥammad, Rafi'ū-d-darajat, Bādshāh, Ghazi. The health of the new Emperor had been also undermined by his cult of the opium drug; and so, early in June 1719, he besought the Sayyads, who had kept him entirely under their control, to allow him to abdicate in favour of his elder brother, Rafi'ū-d-daulah. The miserable lad was sent back to the harem; on the 6th of June he breathed his last. The elder brother was proclaimed as Shāh-jahān Sāni, or the second Shāh Jahān, but he remained a mere puppet in the hands of the two great king-makers. The attempt to give up that opium habit which had hastened his brother's death, seems to have been fatal in Rafi'ū-d-daulah's case: he died in camp at Bidyāpur on the 17th or 18th September, 1719. To these short-lived Emperors succeeded Prince Roshan Akhtar, a grandson of the Emperor Bāhādur Shāh: he assumed the title of Abu-l-Fath, Nāsir-ud-dīn, Muḥammad Shāh, Bādshāh Ghazi, and reigned until the year 1748.

In May 1719 an attempt had been formed at Agrah to set up a rival Emperor. The person selected for this idea was Prince Nekūsiyar, the eldest surviving son of Prince Muḥammad Akbar, the fourth son of the Emperor 'Alamgir. On August 19th the Agrah Fort surrendered, and the pretender was sent off to join the other captive princes at Salimgarh, where he died in March 1723.

In these years the drama of Mughal history moves with extraordinary rapidity. On the 8th October, 1720, the Sayyad, Husain 'Ali Khān, was assassinated. His brother, 'Abdullah Khān, thereupon, marched on Delhi, and Prince Ibrahim, a brother of the two short-lived Emperors, was brought out of prison and set up as a rival to Muḥammad Shāh. On the 13th of November the battle of Hasanpur was fought, and 'Abdullah Khān defeated and taken captive. The capture of Prince Ibrahim followed in due course. On October 11th, 1722, 'Abdullah Khān died of poison in his prison.<sup>2</sup> It is he whom Surman has described as "the good vizier," and the late Mr. Irvine has described him as "remarkable for

<sup>1</sup> 'Asimu-ah-shān was the second son of the Emperor Bāhādur Shāh. For his defeat and death see *Annals*, Vol. II, Pt. I, pp. xiv-xvii.

forbearance, patience, and extreme humanity." Both of the Sayyad brothers, writes Mr Irvine, were "friendly to the poor and non-oppressive in disposition, but Husain 'Ali Khān was, in contrast to his brother, passionate and vainglorious. Brave as soldiers, they were in the acts of intrigue unable to contend with the genius in that line of Nizām-Mulk, the veritable author of their downfall.

### 3. RE-ESTABLISHMENT OF THE PATNA FACTORY.

In their letter of the 2nd of February, 1713, the Court of Directors had given orders that the Factory at Patna was to be abolished, but it was not until January, 1715, Edward Pattle<sup>1</sup> was able to withdraw. In the present volume we shall read of the re-establishment of the Patna Factory, and the sad fate in which two old servants of the Company were involved by their misconduct of the Factory's affairs. The success of the Surman Embassy stimulated the English to attempt to obtain facilities for their trade from the new Subahdar of Bihar, Khān Zamān Bāhādur, great reliance being placed on the Imperial farmān. The post of Chief at Patna was successfully claimed by Mr. Samuel Browne<sup>2</sup> who had arrived in India, with already the rank of a Junior Merchant, on the 17th August, 1710. Hugh Barker, who as second, accompanied Browne to Patna, had arrived as a writer precisely one year later.

The papers here printed show how dangerous the voyage to Patna was as the time : the death registers to be consulted at St. John's Vestry are even more eloquent. Browne, however, prospered on his journey, "having met with great civility from Government all the way up, without any expense except a trifling present to the Phowdsar of Mungeer<sup>3</sup> for assisting his boats to pass that Fort."<sup>4</sup> On their arrival the Factors took possession of the "ground granted to us by the Kings Royal Phirmaund." They visited the Subahdar, who received them with great civility, and stated in open *ḍiwān* that he "had forgiven the English the usual yearly Pishcash, and they might buy and sell and go on with their business without the least molestation." At the same time, however, it had to be admitted that the "Subah expects a handsome present yearly as in the time of Agent Charnock."<sup>5</sup> From Patna the Factors are able to dispatch the latest news of the Mughal Court.

<sup>1</sup> Edward Pattle arrived 31st October, 1692 : died of consumption, when 3rd of Council, 1st March, 1715.

<sup>5</sup> No. 1207.

On June 25th, 1719, the Council, being ordered to reduce their number to seven,<sup>1</sup> recalled Browne, and appointed Edward Stephenson Chief of Patna, with Thomas Falconer as second. The journey of the newly appointed Factors was an adventurous one,<sup>2</sup> but they arrived at Patna on the 29th of August.<sup>3</sup> The reason given by the Council for Browne's recall had evidently been a diplomatic one. On November the 28th we get a first hint as to "the ill management of Messrs. Browne and Barker,"<sup>4</sup> but on 8th December the Council say that they had "covered our real reasons for the removing Mr. Samuel Browne, in regard we were unwilling to slur or sully their reputations, before we had certain proofs of their dishonesty, or that they had the opportunity of endeavouring in person to defend themselves against the several charges laid to them."<sup>5</sup> The Council's complaint against the Factors is revealed in No. 1369, and it is not necessary in this place to enter into the details. The story is evidently a bad one. How pathetic is the account of the sale of Browne's personal effects. On 2nd August, 1720, the Register records the burial of Mr. Samuel Merchant. On the 11th Catherine Browne<sup>6</sup> writes to the Governor: "I shall wholly surrender and give up for the use his Creditors. My low circumstances disabling me to clear any of his Debts, I do hereby sequester (being ignorant of the Law forme in these cases) everything."<sup>7</sup> On September the 10th the Council ordered that everything belonging to the poor lady "except her wearing apparrell be disposed of and the produce divided among her creditors."<sup>8</sup>

To return to Patna—Messrs. Stephenson and Falconer were having no happy time in the position from which Browne and Barker had been removed. The farmān was held to be of no account, as it emanated from the Sayyads, "who kept the King prisoner." In No. 1456 there is reference made to a "new road," a mystery which remains for solution. On 14th July, 1720, the Council resolve to "write to Patna and severely check them for their credulousness and showing themselves terrified at any rumour that flies through the Country."<sup>9</sup> On 26th September, 1720,

Stephenson and Falconer are promoted to be "of Council at this Board," but "it being necessary for one of them to return hither," Falconer is recalled to Calcutta.<sup>1</sup>

We notice that on the 5th January, 1721, "the Great Williamson" died,<sup>2</sup> and Mr. John Stackhouse succeeds to the "vacancey at this Board." Williamson bequeathed to Falconer the sum of five thousand pounds sterling.<sup>3</sup> Mr. John Stackhouse on 25th February, 1732, is to become President and Governor and Commander-in-Chief for the United Company, but he is to experience the bitterness of Samuel Browne's fate.<sup>4</sup>

#### 4. THE HUGHLI FACTORY.

There has been much controversy in the past as to the precise nature of the transaction which was effected in the year 1698 between the Company and the Savana Majumdars whom the English regarded as "the Jimmidars" of the three towns which constitute historical Calcutta. It is, however, perfectly clear that, although the "nishaan" of 'Azīmu-sh-shān cannot now be traced, the Prince conceded to the Factors the right to purchase from the persons, rightly or wrongly described as "Jimmidars," the three towns of Calcutta, Sutanuti, and Govindpur, on the condition that they paid "the same rent to the King as the Jimmidars successively have done." As a matter of fact the three towns were part and parcel of the personal Jāgīr of the Subahdar of Bengal, whose *haveli* in the 24-Parganas was wisely placed, not at Hughli, but Havelishāh—a locality we can fix in our minds as we pass the Havelishah Railway Station on the East Bengal State Railway, between Barrackpur and Naihati. The '*bai'nāmah*, or deed of purchase from the Majumdārs, dated November 9th, 1698, is preserved at the British Museum.<sup>5</sup> In the records we shall find the payments of rent due on the Subahdar Ja'far Khān's Jāgīr, and the student of a later period of Anglo-Indian history will notice how these ancient facts about the Subahdar's Jāgīr enable us to understand the matter of the Jāgīr bestowed on Lord Clive.

<sup>1</sup> No. 1511.

<sup>2</sup> No. 1506.

<sup>3</sup> No. 1507.

<sup>4</sup> Stackhouse was involved by the misdoings of his banyan, and was dismissed. In 1734 he sent his wife and family home. In January 1741, it is recorded "Mr. Stackhouse's debt is wholly paid:" on 28th September of that year his burial is recorded. His daughter Ann married Benjamin Walker of Southgate, Middlesex. The Stackhouses are well known in the history of the Society of Friends.

<sup>5</sup> See Firminger. Introduction to Messrs. Cambray & Co.'s Reprint of the *Fifth Report of 1812*, p. lxviii. Wilson: *Old Fort William in Bengal*. Vol. I, pp. 38, 40—41. A. K. Ray: *Short History of Calcutta*, pp. 10: 22.

The truculence of the Mughal officers at Hughli is an outstanding feature in the history of the times. Even some seven months after Plassey had been fought and won by the English, the Naib Faujdar at Hughli placed a guard round the Company's factory, and threatened to cut down the English colours.<sup>1</sup>

So far back as the 20th April, 1713, it had been determined that as repairs to the old house at Hughli were likely to cost more than it was worth, and as "it will be impossible to secure it from being washt away by the river," the Company "be at no further charge about it."<sup>2</sup> The records given in the present volume attest the building of a new factory and the construction of a new road, but, apart from troubles with Ja'far Khān's officers, we have little or no light thrown on the subject of the Hughli Factory.

#### 5. BALLASOR FACTORY.

At Ballasor<sup>3</sup> we find first of all as Chief or Resident Edward Page, who is succeeded on his promotion by Harry Clare, who again is succeeded by Cole. We find as Nawab at Cuttack Shuja'-u-din Muhammad Khān, a son-in-law of Ja'far Khān. On the latter's death in 1729, Sujah Cawn, as the English called him, succeeded to the government of the three provinces of Bengal, Bihar, and Orissa. We are not told the name of the son of the Nawab of Cuttack, who as Faujdar at Ballasor, caused so much trouble. It may, perhaps, have been the future Subahdar of Bengal, Sarfarāz Khān, who was defeated and slain in battle with Ali-virdi Khān, on the 29th April, 1740.

#### 6. CALCUTTA.

The present volume throws very little light on the history of the development of the town of Calcutta. Feake, during his time at Cossimbazar had gained credit with the Court of Directors by building a wharf "to prevent the River's encroaching further on the ground and washing away the Factory." This had only cost the Company two hundred and fifty rupees, as "by making convenient stairs for the

<sup>1</sup> Long : *Selections from the Unpublished Records of the Government of India*. No. 335.

<sup>2</sup> *Annals*, Vol. II, Pt. I, p. 114.

<sup>3</sup> Dr. Wilson gives three different spellings of this name. It is said to be a conception of Baneswar, and to be derived from a temple in the town dedicated to Mahadeo Baneswar, i.e., "Siva, the Lord of the Forest." Mention is made in the present volume of "Ballasor timber."

Gentues to wash themselves, he prevailed on the merchants to contribute near the whole charge of it." Governor Hedges had provided a new dock at Fort William, but in the matter of expense the Directors complain that Hedges was "overseen."<sup>1</sup> We hear of new roads in course of construction in the year 1720.<sup>2</sup>

The references to the Charity School are of special interest since the early history of that institution has been obscured by legends which attribute its origin either to Richard Bouchier or Amirchand, or to compensation received from the Nawab of Murshidabad for the damage done in the siege of 1756.<sup>3</sup> In the present volume we shall find legacies bequeathed for the purpose of providing a Charity School, but it would seem that it was not till 1729 anything was done to place the school on a permanent financial basis.<sup>4</sup>

The only Bengal Chaplain mentioned in the present volume is the Rev. Joshua Tomlinson. For two and-a-half years following the death of Briercliffe, in August 1717, Bengal had been without a Resident Chaplain. Tomlinson, who for several years had been Chaplain at St. Helena, arrived at Calcutta on the 23rd January, 1720 (new style), and died on the 30th May following. St. Anne's then remained without an incumbent until the 27th March, 1722, when the Rev. Joseph Paget arrived and assumed the pastoral charge.<sup>5</sup> In the absence of a clergyman, Mr. Richard Harvey, Surgeon, acted as lay-reader, and received a gratuity from the Company for his labours. In 1718-19, Mr. H. Frankland was Church Warden: in 1720 William Spencer, and in 1721 John Stackhouse.

For the career of Henry Frankland the reader may be referred to a biographical sketch by Dr. C. R. Wilson which has been reprinted in *Bengal Past and Present* Vol. In the *Journal of the Asiatic Society of Bengal*, Vol. LXVII, Part I, No. 1898, will be found a biographical notice of Edward Stephenson, "An unrecorded Governor of Fort William," by the same writer. Frankland died in Calcutta on the 23rd August, 1728, and Stephenson held office for little more than a single day having assumed office on the 17th September, and being superseded on the 18th by John Deane, who from 1723 to 1726 had been Governor, and now returned from England with a commission to resume his authority. It was to Stephenson, Orme resorted for information for the second volume of his history. The following inscription is cut in stone on the Church floor of Crosthwaite Parish Church :—

Mr Surman having deliver'd in a Petition wherein he desires to  
Tuesday<sup>1</sup> lay down the Companys Service and Liberty to  
January 28th. take his Passage on the Cardigan, We judge it  
1717-18. highly requisite to have some Consultations Extraordinary to Consider  
thereof before We can give him any Answer, Seeing We have in the  
62<sup>nd</sup> par<sup>a</sup> of Our Generall Letter by the Hannover dated the 3<sup>rd</sup>  
Ultimo wrote that as soon after Mr Surmans &c. Arrivall with us as  
Leisure permitted which could not be till all the Companys Ships were

possible Care, for which purpose We being mett at this Time have sent

are to be brought before us at every meeting upon this Affair. The  
Instructions and severall papers We have brought likewise before us  
and read over also severall paragraphs Viz. 44 and 45 in the Generall  
Letter from the Court of Directors dated the 18<sup>th</sup> January 1716 to

## 1080.—LETTER FROM KHWAJAH SARHĀD.

Translate of a Letter from Cojah Surhaud [*Khwājah Sarhād*] to the Honb<sup>le</sup>  
Robert Hodges Esq. &c<sup>1</sup> Councill, After the usuall,  
Tuesday January 28th. Compliments of the Persian Tongue he says Viz.

<sup>1</sup> In 1718 the moon was new on January 21. January 25 was Śrī Panchami.

I wrote you last the 9<sup>th</sup> of Zithidge [Zū-l-ḥijjah]<sup>1</sup> in perticular concerning Durbar [*darbār*] Affairs which without doubt you have received and well not. The Copy whereof I here enclose, The present State of Affaires stand thus, 9<sup>th</sup> Do at Night Sudder Saddool [*ṣadr-u-ṣ-ṣadr*] spoke to the King concer our Affaires but to little purpose, His Majesty holding this opinion that his new Phirmaun [*farmān*] be sent to all Ports, To which the Sudder [*ṣadr-u-ṣ-ṣadr*] answerd that if it was sent, the Way to Mecca would be stopt, The Affaires of the Sea and Sea Ports woud be ruin'd And they are very great Merchants and Worthy of Favour, The King Reply'd let the Phirmauns [*farmāns*] be sent to Jaffercaun [Ja'far Khān] and Hyder Coolicaun [Ḥaidar Quli Khān]<sup>2</sup> and if They Certainly know that a Quarrell will ensue, then to wave it. As for Favour what is that. I Ordered that their Doctor should stay here and I woud make him Two or Three Thousand Munsub [*manṣab*] and be perticularly kind to him. They woud not hear but took him with them and went away, They woud not please me so much. The Sudder [*ṣadr-u-ṣ-ṣadr*] hearing the King say this, thought fitt not to present my petition least it should not be granted, So that He must Seal the Phirmauns [*farmāns*] and so All oversett; At present tis the Time of Rejoycing so no Bussiness to be done, As soon as it is over, in two or three days I shall Petition. Also the 9<sup>th</sup> at night the Vizier sent my Petition, He has wrote in his own that Cojah Surhaud [Khawajah Sarhād] the English Factor has been with him and gave a petition which comes herewith, That They are great Merchants, The Support of the Ports and worthy of Favour and have always had Esteem, I am in hopes their Petition will be granted. I went the 11<sup>th</sup> into the Duan Aam [*diwān-i-'ām*] and paid my Respects to the Vizier, he told me he had sent in my Petition I said I was in hopes he woud be so kind as to speak to the King about it Face to Face; He answerd depend on It, and so went in and was in private with his Majesty, I also gave 3 other Azzys [*arzis*] to Boguechund [Bhoguechand]<sup>3</sup> to give him within, He shew'd them the Vizior and said I have sent one in already, keep These till That comes out. The 14<sup>th</sup> in the Jeshun [*jashan*]<sup>4</sup> Zandee Caun [Ziyāu-d-Din Khān] spok to Enaitulla Caun [ʿInāyatullah Khān]<sup>5</sup> concerning our Affaires and seemd discomposed that all the Kings Affaires should receive such Turnes, These Orders ought to have past my Books, but I know nothing of Them, with what Sense did They give at First, so soon to Alter what given and thereby disturb the Traffick of the Ports and this will be a great Occasion of Trouble, I certainly will speak to the King about it. I likewise before spoke to Hadgee Salla [Haji Sālch] the Mecca Ambassador and sent him to Enaitulla Caun [ʿInāyatullah Khān] so he had heard of it before.

<sup>1</sup> The 9<sup>th</sup> Zu-l-ḥijjah 1129 H. was Sunday, the 3<sup>rd</sup> November 1717 A.D. (O.S.).

<sup>2</sup> He was made *mutasaddi* or Governor of Bandar Sūrat in December, 1715. He was accidentally burnt to death at Dihil in April 1728.

<sup>3</sup> The head clerk of the *khāṭṣā*. He died in March 1737.

<sup>4</sup> This was the *jashan* or festival for the 'Idu-ṣ-ṣubḥ which is mentioned by Mirzā Muḥam mad in his *Tazkirat* as having begun on the 14<sup>th</sup> Zu-l-ḥijjah 1129 H., that is November 8, 1717, the illuminations went on until the 20<sup>th</sup> of the month, that is November 14.

<sup>5</sup> He had been appointed *diwan-i-ḥāṭṣā* in April 1717. He died in November 1725. aged 75. For his biography see *Maʿāṣir-i-Nawā* 11, 828.

The 20<sup>th</sup> I went to the Viziers, Zaudée Caun [Ziyāu-d-Dīn Khān] was present Who spoke very Strenuously in Our behalf, The Vizier said Caun [Khān] I swear by your Head I have sent in the Petition, Zaudoo Caun [Ziyāu d-Dīn Khān] farther said tis true you have sent in the Petition, but the Phirmauns [*farmāns*] that are going to be Sealed and dispatcht will certainly create a Quarrell. The Vizier answered as soon as the Jeshun [*jashan*] is over I will accomodate this business. The 3 Caundoran [Khān Daurān]<sup>1</sup> said I will see Zaudée Caun [Ziyāu-d-Dīn] and Consult him, Zaudée Caun [Ziyāu-d-Dīn Khān] went 2 or 3 Times but it being the time of Jeshun [*jashan*] I can't get them together to Consult and whenever I speak he answers in Shalla [*inshā allāh*]<sup>2</sup> after the Jeshun [*jashan*] and then I shall get them together without doubt. The 1<sup>st</sup> of Zithidge [Zū-l-hijjah] Caundora [Khān Daurān] wrote to Hyder Cooly Caun [Haider Quli Khān] by Two Conveyances Concerning the Affairs of Bengall and Surat so far as relates to us to be answered in 22 days, The people are not returned but dayly expected. I have so managed Ray Creperam [Rāe Kirpā Rām] that if Hyder Cooly Caun [Haider Quli Khān] writes against us, that It shall be alter'd, He also having wrote to Suratt as he ought in our favour, So I expect he will return as favourable an Answer. What can I write of the Blunder[er] Syed Sallabat Caun [Sayyad Šalābat Khān] who is neither fish nor flesh, Who has eat 60 or 70 Thousand Rupees of the Companys and yet in this Case would never Speak once to Caundora [Khān Daurān] but when he meets me, says I have received a Letter from Mr Surman what Answer can I give, I answer what you see write, as for me I use my Endeavours, To which he says tis well, He spoak once to Caundora [Khān Daurān] something displeasing since when He dares not Speak again. God protect Cuttub-ullmulluck [Qutbu-l-mulk], Zaudée Caun [Ziyāu-d-Dīn Khān], Enaitulla Caun ['Ināyatullah Khān], Durbar Caun [Darbār Khān], Sudder Saddool [*šadru-š-šadūr*], Boguechund [Bhogchand], Ray Kirperam [Rāe Kirpā Rām] &c. Mutt-suddys [*mutašaddis*] Who are always ready to serve the Company, I hope in God to Effect ail. The Generall wrote from Bombay to Mr Surman to Stay at Court till all the Phirmauns [*farmāns*] had past. Mr Surman in Answer wrote Vist. I have Effectted all my business by the Kings Favour, now Enaitulla Caun ['Ināyatullah Khān] is Dual [*diuān*], The Case was Altered, do You [use] their Endeavours to make all pass at the Port as well as you can, that no News reach the Court, This Folly he was Guilty of to get away and so ruined the Companys Affairs You shall see by the Grace of God that Enaitulla Caun ['Ināyatullah Khān] shall accomplish every thing, Mr Surmans whole designe to get away was to go to England, I suppose the Season now serves and he A going, whilst I am forced to stay on his Account The sum of 22,000 rupees I spent for the Companys Service, He quarrelled about it and would not pay me, I am in hopes your Hon<sup>r</sup> &c<sup>t</sup> by some meanes

<sup>1</sup> The favourite noble and evil genius of Farrukhsiyar. He posed as a great friend of the English.

<sup>2</sup> Please God.

will gett it from him, He had another design to quarrell with me, Which was to leave me here, Tell You a fine Story and so March off, Since I am not then present to answer him, I am now to stay here so you and he knows. His Services are such as to draw Bills on you for 4 Leack [*lakh*] of Rupees, Where tis expended I shall come and acquaint you, fling down the business and goe away, My Services are Such, That I have not receiv'd a Cowrie but I spent 22,000 Rupees whilst Mr Surman was here and not received it, and now am spending 30,000 rupces more and do the Companys Service I have wrote how much I was in want, all I had I have Spent and flung in the dirt and pay 3 per Cent. Interest to the Merchants per Mensem, I beg on recet of this you will send 20,000 rupees and 30,000 Rupees Letters of Creditt on the Merchants here that I may get clear from this Place and be with you, If You do not, I shall use my Endeavours, but it will be 10 or 15 thousand Rupees Loss to the Company. I drew a Bill on you for 6,000 Rupees payable to Aga Jaun [*Aga Jān*], without doubt You have paid it, if you have not, pray do it out of hand. It is now 3 years and have not Noted any of the Company's Expence in that time in hopes to do it Viva Voce Now Mr Surman is going I am obliged to advise Mr Barker kept the Diary, In that Diary observe 7,000 Rupees of Scarlett Broad Cloth Loaden on Camells account Caundoran [*Khān Daurān*] you will find it if not pray ask what This is, as also 7,000 Rupees more Account Cuttbulmulluck [*Qutbu-l-mulk*] You will also ask how many thousand Rupees were receiv'd from Syed Sallabat Caun [*Sayyad Ṣalābat Khān*] Who received it for Mr Surman that is a going. Look before he goes, I give you only an Item at present, the Rest I shall tell you on our Meeting.

To the Honble Samuëll Feake, Esq<sup>r</sup> Governor of Fort William and

 &c. Councill.

January 28th.

HONOURED SIR AND SIRs,

There are many reasons why I should not remain any Longer in India after having bore a Character so Superiour to the Post I retain in the Honble Companys Service but at present I shall only mention one Viz. 1083.—REPLY TO SARHAD FROM SURMAN AND STEPHENSON.

January 30<sup>th</sup>.  
*Mr. Surman &c<sup>ts</sup> Answer to Cojah Surhauds Letter.*

TO THE HONB<sup>e</sup> SAMUELL FEAKE Esq<sup>r</sup> &c<sup>t</sup>  
Honb<sup>e</sup> Sir and Sirs,

We were in hopes we should not have any farther occasion of troubling your Hon<sup>r</sup> &c<sup>t</sup> with Repetitions of pro and con in relation to Cojah Surhaud [Khawjah Sarhad]. Nay its certain we have acquitted our Selves in giving a particular Account of his strange behaviour and laid his Villianies open to publick View by Two Letters apart for that Purpose. It is not unlikely but he may have had some small Notice thereof, and so by way of Returne Endeavour to palliate his own Offences by attacking us with Misbehaviour. This tis very probable has occasioned the writing of the Late Letter to your Honour &c<sup>t</sup> which pursuant to your Hon<sup>r</sup> &c<sup>ts</sup> Orders now lies before us to answer.

The Peice It Self is from the beginning to the Ending a Series of incoherence and Nonsense and like the Writer thro'ly false, but however to answer it We must bring it into a smaller Compass by dividing it into Parts. The First is a strange perplexed Account of Durbar [*darbar*] Affairs, The Second accuses John Surman for Leaving Dilly contrary to the Advice of Governor Boone, Thirdly, he gives himself the Liberty of hinting as if dishonest meanes had been

used in relation of presents as 7,000 Rs. in Scarlett Broad Cloth Acco<sup>d</sup> Caundora [Khān Daurān] and 7,000 Rs. D<sup>d</sup> to the Vizier with a Slurr on receiving money from Syud Sallabatt Caun [Syyad Şalābat Khān] and Lastly an Item what more he can discover on meeting with your Honour &c<sup>t</sup> and give an Account how All the money has been expended.

We find our Selves very ready to answer these Slights for many good and just Reasons but shall mention only Two The impartiality of our Judges and the justness of our Cause before whom and by which we only desire to be Cleared, We have upon severall occasions desired that our behaviour in the whole Affair might be nicely examin'd into and that of Seerhauds [Sarhād's] placing our reward on the Plauditt your Honour &c<sup>t</sup> must give us in your just Judgements but not to trouble your Honour &c<sup>t</sup> further we proceed to answer in the Method above stated.

We have in severall of our Former enlarged on the Reasons of Seerhauds [Sarhād's] staying at Court and therein proved it was entirely for his own Concerns To gain a Phirmaun [*farmān*] from the King to be his Merchant, to go to Europe to buy Rarietys and thereby Gain a Bulwork against his Creditors. The seeming inconstancy of the Court he now makes a Plea of as if Our Hon<sup>ble</sup> Masters Interest kept him there not his own and accordingly gives you an Account of the Durbar [*darbār*] and his transactions with a Face as if he had an Order for it, and so would lay the whole Charge of his Stay there upon our Hon<sup>ble</sup> Masters His Prosecution of his own Affairs since our departure plainly proves We had a right Notion of his designs So the present plea is invalid and of no use and We humbly Conceive that the Account he gives of Court ought to be regarded as from an infected person Who would Lead Our Hon<sup>ble</sup> Masters into farther unnecessary Expences. His desire of such a Sum as 50,000 Rs. is unaccountable and nothing can answer for him but his unbounded Assurance.

The Story he tells your Hon<sup>r</sup> &c. of Gov<sup>r</sup> Boones desire of Our Stay here till he had made the Phirmauns [*farmāns*] Curr<sup>t</sup> in Suratt and the Answer thereto given is in some Mensure true It was a private Letter to John Surman from Gov<sup>r</sup> Boone but he did not think proper to answer it without consulting as a publick Affair and what was wrote in return was exposed to and approved of at Our board and of which your Honour &c. has a particular Account in our Consultations besides which We had full Orders from your Honour &c. Who were our Employers to leave the Court as soon as We could possibly finish our Affair And to this Time our Reason convinced us We did very right in leaving the Court and that it would have been much more for Our Masters Honour and Interest had Seerhaud [Sarhād] done so likewise, which in our opinion sufficiently confutes this his second Slurr and still serves as a reason to prove his Stay there was upon his own Account by the reason he fetches now, which He could not have when we left him. We have very good reason to believe the Notion was instill'd into Gov<sup>r</sup> Boone by Seerhaud [Sarhād] himself that if possible We could be brought to Consent to his Stay there We might supply him with money.

Thirdly, We are pretty well acquainted with Seerhaud [Sarhād] yet We cannot but be Something surpris'd with his unaccountable peice of Impudence. We appeal to your Honour &c. to overlook our behaviour from the beginning to the End, when It will be found how we have sacrific'd our own Interests to prevent even the risquing that of our Hon<sup>ble</sup> Masters Could we have been brought into Seerhauds [Sarhād's] Villainous Intentions There would have been no Impeachment, whereas his Accusation is a certain Sign We never did, His Temptations from time to Time our Diary, Consultations and Letters largely mention and to which We must refer What he intimates of Mr Barkers Notations your Honour &c. has and will have before you, The Vackiels [*vakil*s] had a design to be Nibbling at the Presents on pretence of Customs to receive so much per Cent but were balk'd which made us cautious to see every thing of a large Value deliver'd before us as we did all to the Vizier, Caundora [Khān Daurān] Tuckerubcaun [Taqarrub Khān]<sup>1</sup> &c. Great Ministers and We never went without Seerhaud (Sarhād) in our Company.

The Closing the Letter is as Rediculous as the rest of it and still serves to show your Honour &c. the Man He woud be doing of Mischeif but having exhausted his Stock of Lies, he pretends to raise a Jealousie of what he is able to say farther Had he any good Grounds at all to attack us without doubt your Honour &c. woud have long since heard of it. As for the Expence of the Negotiation the Presents made and bribes applied, We never had any Private Methods, Seerhaud [Sarhād] is Witness to Them all and nothing was ever done of that Nature without his Consent as will appear in our Consultation Book where Mr. Barker has duely signed for him He is Villain enough We believe to say or deny any Thing but We are Satisfied that can have no Effect since there is so good a proof as he upon the Spott.

This Letter seems to us as if design'd to arrive after the departure of John Surman for England if possible to lessen his Repute with your Hon<sup>r</sup> &c. Without having an Opportunity to Clear himself We humbly Conceive that the Behaviour of Seerhaud (Sarhād) from the beginning to the End of this Negotiation has been of very pernicious Consequence and not having attain'd his Ends at all, He now grows desperate so what he alledges should be taken as from an Offlaw or a Mad man We shall conclude referring all to the Judgment of your Honour &c.

We are

Hon<sup>ble</sup> Sir and Sirs

Your most obed<sup>t</sup> humble Servants

1087.—CONSULTATION EXTRAORDINARY CONCERNING JOHN SURMAN.

Being now met according to Order of Consultation of the 30th

February 3rd, P.M.

Ultimo We judge it requisite to come to some determination concerning Mr John Surmans Request delivered the 28th Ultimo and We having maturely considered the purport of Coja Surhauds [*Khwājah Sarhād's*] Letter and Mr Surmans Answer thereunto, by which Answer and our own Judgment We find nothing of Substance or any Cause of Accousation on him V/hom Coja Surhaud [*Khwājah Sarhād*] supposed must have been departed for England before his Letter could reach this Board by which meanes he was in hopes to wipe off the Severall Impeachments the

<sup>1</sup> Captain Henry Dallibar and Captain George Borlase as in the muster roll for June, 1715, § 929. Borlase was reappointed Lieutenant on April 7, 1715, Dallibar had commanded a company since 1713. See Vol. II, Pt. 1, § 743.

<sup>2</sup> Ensign Theo. Gammon. In the muster rolls for June 1715, § 929, Gammon is shown in Hunt's company, but from what follows later in July 1718 it must be supposed that he changed companies.

<sup>3</sup> John Wyndham, appointed ensign April 7, 1715, § 913, appointed Gentleman at Arms, December 20, 1715, § 954.

<sup>4</sup> Captain Richard Hunt and Captain Nicholas Rowe. The latter was probably made Lieutenant in April or May 1716, § 980.

<sup>5</sup> Ensign John Goodwin. He was made an ensign, June 25th, 1716. It seems that he was at first assigned to Dallibar's company, but afterwards changed. See the notices of him in the Consultations of the 2nd and 7th July 1718.

Gentlemen when at Court have alledged against him and so have gotten his own extravagant Expences passed which were not allowed him by them.

Their Generall Books brought in 20th Ultimo and Account of Expences and other Charges having lain ever since that time for persual and been brought upon this Board severall times, the Accountant reports They have been carefully examined and adjusted with our Generall Books that as yet is found no Error or Mistake except in Journall Page 22, where They Dr Calcutta Account Current for Goods not receiv'd which were invoiced to them, the perticulars whereof are, Viz.—

## 1088.—NOTE OF DISSENT.

Mr John Surman &c. in the Negotiation at the Mogulls Court arriving here late in the Season and just in the February 3<sup>rd</sup>, P.M. hurry of our business when we were getting every thing ready for dispatching our Honb<sup>le</sup> Masters Ships We have not had time to examine into every Article of their Accounts distinctly as We are Orderd to do by the Honb<sup>le</sup> Court of Directors in their Generall Letter to us receiv'd this Year and Mr Surman having desir'd to go for England by the *Cardigan*, it is Our Opinion that he ought to stay till all their Ac<sup>ts</sup> are thoroughly examin'd and adjusted, as he has been the Oheif of that Affair, before he leaves this Place as We have hitherto had only a Slight View of their Accounts for want of more Time, The first Thing that is obvious to our Sight is their Charges Extraordinary for Cloathes given in by every one of them apart, none of which being entred in their Monthly Ac<sup>ts</sup> before but now brought in at once We think ought not to be allowed of or passed till We know the Honb<sup>le</sup> Court of Directors pleasure therein, because we shall not be willing to refund in proportion to our Sallary and allowances what may be thought extravagant or superfluously expended as They are pleased to tell us they expect from every one of us in their last Generall Letter.

Dated in Fort William the 3<sup>rd</sup> of Febr'y 1717-18.

1089.—FREIGHT TO COMPLETE THE TONNAGE OF THE *BOUVERIE*.

It being late in the Season of the Year and no possibility of getting any more Freight for the *Bouverie* than We have already procured about 515 Bales which with her Kintillage is not Sufficient to load her Captain Wotton being present, we have maturely considered it is most proper to fill her up with that will turn to best advantage and Agreed That We compleat her Tonnage with Turmerick Gurrahs [*garhas*]<sup>1</sup> and Gunny [*gonie*]<sup>2</sup> which is most likely to turn to good Account.

1091.—ANSWER OF THE MAJORITY TO THE NOTE OF DISSENT.

Messrs. Browne, Spencer and Collett having in Consultation the  
3<sup>rd</sup> Instant entred Their dissent against

Thursday, Mr John Surmans going for Europe We Judge  
February 6th. it requisite to give the following Answer. The

Arrivall of the Gentlemen from Court here being late in the Season and when the dispatch of our Ships drew nigh was not any fault or occasioned by them, Mr Surman &c taking their departure from his Imperial Majestys Court as soon as Leave or Orders for their Journey were given and tho' It happened in such a Time of the Year that few expected they would proceed quite thro' their Journey, The Rains being sett in, which most People judged would unavoidably have caused a Lemain at Ellabass [Allahabad] Bonnerrass [Benares] or some other place which would have occasioned a much larger Expence by reason Their Travelling Charges would not have been Ended so soon by a Considerable Time But to Their Commendation may It be spoken They continued Their Journey through the Worst of Roads and when the Greatest Rains fell.

As for not having Time to examine every Article of their Accounts Its not Mr Surman &c's fault that they have not been strictly inquired into They having been sent down Monthly in a Regular Form and Method ever since Their Departure from Patna and They Themselves arrived in November which is now near three months since,

<sup>1</sup> This term is explained in § 1711. It means 'a duty paid by lodgers who pay no ground rent.' Fallon gives *guzrān*, 'livelihood.

A Time sufficient to have lookt into every Article in their Books. The greatest and only Obstacle They alledge is the Extraordinary Expences of Oloaths which not being entred in their Monthly Accounts when brought is judged not allowable or ought not to be passed till the Honb<sup>le</sup> Court of Directors are acquainted therewith, These Extraordinary Charges are not laid before us to be passed any otherwise than as the whole Expence and present of the Negotiation is, this Expence was passed in a Consultation held by those who were appointed to Negotiate and did act all along in this Grand Affair the 14<sup>th</sup> Dec<sup>r</sup> where They give Their Reasons for Charging These unavoidable Expences.

The detaining M<sup>r</sup> Surman against his Inclinations either by force or otherwise Till We can hear from the Court of Directors is not what Our Honb<sup>le</sup> Masters We presume ever designed or Order'd since no just Cause or Article of Misdemeanour has been laid against him nor do We conceive any Prejudice or Detriment can arise to the Honb<sup>le</sup> Company by permitting him to take his Passage on Ship *Cardigan*, The Books and Transactions of every single Action being sent home (coppys of which M<sup>r</sup> Surman has with him) for the Honb<sup>le</sup> Court of Directors to examine and in case there is any Thing wrongfully transacted or any Fraud Committed he is there to answer it, his permission to go home not being a discharge.

The Management of this business has not been acted Singly by M<sup>r</sup> Surman, if any Crime or Misdemeanor has been committed and any person can discover the Same We have taken effectual Care to have it rectified or repaid by requiring (as per last Consultation on this Affair) of M<sup>r</sup> Stephenson to answer for all faults that shall be discovered.

Our late Governour has been more than once heard to Commend M<sup>r</sup> Surman for his Care and Conduct in the Management of this Affair and We cannot without wronging our Conscience but applaud the obtaining so many Phirmauns [*farmans*] and perticular Favours never granted to any Nation besides by the great Mogull, The benefit of which We doubt not but will turn to Advantage of the Honb<sup>le</sup> East India Company and the Glory of the English Nation in Generall.

Tuesday  
June 17th.<sup>1</sup>

*Copy of a Wacka [waqā'yā] dated the 9<sup>th</sup> of Moon Rudjeb [Rajab].<sup>2</sup>*

Formerly at Golgaut [Gholghāt] in Hugly Mr Charnock Englishman had a Factory in the Reign of King Aurunzeeb [Aurangzēb] the aforesaid Englishman fought the Phowadar [*faujdar*] and Mogulls there plundered the whole City and then burnt it and so went away to his own Country At this juncture the English of Calcutta have sent an Englishman to the aforesaid Factory to build a new Factory in form of a Fort with Brick Walls and Bullworks, the said Englishman is going forward with intent to finish it.

Signed (dushkut) [*dastkhāt*] by the Nabob.

Take an Obligation (Moochalaka) [*mulchallā*].

From the Phowdars Wackeel [*faujdar's vakīl*].

<sup>1</sup> The moon was new on June 17.

<sup>2</sup> Perhaps the 9th Rajab is a mistake for the 29th Rajab, which is equivalent to the 17th June. The 9th Rajab 1130H. was Wednesday, the 28th May, 1718 A.D.

Thursday  
June 21<sup>th</sup>.

1115.—LETTER TO THE NABOB.<sup>1</sup>

*Coppy of a Letter to Jaffercaun [Ja'far Khān], dated the 17th June 1718.*

"The former Factory which the Company had at Hugly of ancient being broken and fallen down and carried away by water, and now there being no place for the residence of any English man who sometimes happen to go thither for which reason we sent our people to build a small house in the old Company's Factory Ground Meizza Hassen Ulla [Mirzā Aḥsānu-llāh] Phowadar [*ṣaujdār*] having sent his people with the Catwall [*koṭṭāl*] who did in a violent manner seize our Gomastahs [*gumāstāhs*], Servants, Workmen &c<sup>a</sup> beat them, bound them and carried them away and imprisoned them, plundering all our Goods and necessaries that were there, and wanted to break down the aforesaid House, We are People who have for a long continuance been honoured with Kingly favours and have obtained Royall Phirmauns [*ṣarmāns*] for a free liberty of building Factorys in every Place. Such exorbitant Oppressions were never offer'd on us and we never before bore with such Oppressions, for what reason has the aforesaid Phowadar [*ṣaujdār*] so unjustly molested us, if we are so wrongfully oppressed we shall not be able to stay in this Country.

Surely some bad people has represented to you in a quite different manner the building of this house.

We hope for your Orders that we may not another time be so injuriously molested, that the Phowadar [*ṣaujdār*] do not hinder our going forward in building that house, that we have all the Goods and necessaries which was plunder'd restored, and our People which are imprisoned released."

1116.—LETTER TO EDWARD PAGE.<sup>1</sup>

To Mr Edward Page, Cheif  
&c<sup>a</sup> Councill at Cossimbuzar.

Sirs,

Last Night Mr Kyre arrived us from Hugly giving Account of the Moors having seized our new House there building and plundered the Bannian

<sup>1</sup> Entered in the minutes of the Consultation of the 26th June.

[*deagan*] of his money which he had for Expences, and every thing else that was moveable within the Walls under pretence of an Order from Jaffercaun [Ja'far *Khān*] to whom they had falsely wrote we were building a strong Fort. The Action was committed in a most insolent manner of going in with a number of armed men, the Mob hallowing and beating of drums and our Workmen bound beat and imprisoned, in short the insult is too great to be borne with therefore we have set a Guard at the Octogon,<sup>1</sup> to stop all boates or Vessells belonging to the Moors either going or coming and are resolv'd to have Restitution of this and all the rest of our Priviledges granted to us by his Majesties Royall Phirmaun [*farmān*] and this you must find meanes to let Jaffer Caun [Ja'far *Khān*] be acquainted with.

We have wrote to Jaffercaun [Ja'far *Khān*] about this Affair which you must dispatch the Vacqueel [*vaki*] with on recet without delay the Copy thereof comes for your perusal.

If you have a quantity of Goods in your Warehouse in a readiness and you think it needfull for a reinforcement, we will send you up a party to convoy them down, that they may be with us in time for our expected Shipping.

Fort William,  
the 17th June 1718.

#### 1147.—LETTERS FROM HUGLI.

We likewise have Letters from the Phowdsars [*faujḍars*] of Hugly and Mirtinjee [Mrityuñjaya] Collector of the Customes wherein they write the occasion of the violence comitted on the Honb<sup>o</sup> Comp<sup>as</sup>

Thursday  
June 26th.

House building there was the Wakanagur [*waqāya'nigār*] & Swanagurs [*savāni'nigārs*] misrepresenting the building in their News Papers, and that if we please to send up our Vacqueel [*vaki*] and people the Phousdar [*faujḍār*] himself will go with them and view the work that he may be able to give the Nabob a true state of it, this good Effect already is owing to our resolute proceeding of stopping the Passage of their trade up and down the river by our Soldiers.

AGREED that Mr Richard Eyre and the Vaoqueell [*vaki*] go up for that purpose as soon as possible.

#### 1148.—REPLY OF THE NABOB.

Receiv'd the 28<sup>th</sup> Ultimo a Letter from Mr Edward Page &c<sup>l</sup> at Cossimbuzar, dated the 25<sup>th</sup> D<sup>o</sup> acquainting that the Nabob Jaffercaun [Ja'far *Khān*] at Muxoodavad [*Maqsūdābād*] returned us an answer to our Letter

Tuesday  
July 1st.

<sup>1</sup> See above on June 17th, § 1140.

about the Affront given the Hon<sup>ble</sup> Company at Hugly that we might build Houses to carry on our business but not Forts being contrary to the Kings Order, which was the occasion of his ordering our building at Hugly to be stopt, but if the Phowdsar [*faujdār*] would assure him that it was only a House meaning no Fortification he would not molest it.

They likewise advise that Durpneram [*Darpanārāyan*] told their Broker Contoo [*Kantu*] the bales of Goods we wrote about to the Nabob by Order of Consultation the 26<sup>th</sup> May last would be delivered us.

1149.—REASONS FOR SETTling THE PATNA FACTORY.

*Patna Factory—Reasons for resettling it.*

Having wrote the Hon<sup>ble</sup> Company in the 54<sup>th</sup> and 128<sup>th</sup> Para<sup>s</sup> of our Letter last Year sent per *Hannover* dated Wednesday July 2nd. the 3<sup>rd</sup> December 1717 that we had some intentions to resettle Patna Factory to prevent the detaining of their Shipping for want of Salt Petre and that we might be better able to comply with their orders for that part of the Investment to be provided at that place (which is impossible to be done at Calcutta either as to the quantity or quality) could we first obtain the Sooba's Perwanna [*ṣubahdār's parwāna*] and the Kings Duans Sunnud [*diwān's sanad*] and were fully assured the extravagant demands and large sums extorted from us of late years should be so no more perticularly the yearly Pishcash [*peshkash*] of sixteen thousand Rupees, since when on the 27<sup>th</sup> March last we received a Letter from Roopohund [*Rūpohand*] formerly our Vaoqueel [*vakil*] at Patna advising that the Sooba Seerbulluncaun [*ṣubahdār Sarbuland Khān*] our entire enemy was turned out and Syad Caun Jemma Caun [*Sayyad Khān Zamān Khān*] appointed Sooba [*ṣubahdār*] in his stead, whereupon we wrote an Arzedarst [*arz-dāst*] or a Letter Ordering Roopohund [*Rūpohand*] to present it to the new Sooba [*ṣubahdār*] and at the same time to congratulate his accession to that dignity and request his favour for our trade at Patna according to the Priviledges granted us by the King. In Answer whereto we have receiv'd a Letter from Roopohund [*Rūpohand*] the 30<sup>th</sup> Ultimo enclosing the before mentioned Grants, Viz. the Subahs Perwanna [*ṣubahdār's parwāna*] and Kings Duans Sunnud [*diwān's sanad*] with an Assurance that whenever we resettle that Factory we should

take possession of the House lately granted us by his Majesty and the Yearly Pishcash [*peshkash*] of sixteen thousand Rupees should not be again demanded.

Wherefore to prevent the misfortune of last year when our Honb<sup>le</sup> Masters Shipping were detained near two months purely for want of Salt Petre which did not arrive us till the 26<sup>th</sup> of January by which meanes they [*?* We] could not gett their Ships in a readiness to receive their dispatches till the 22<sup>nd</sup> of February whereas they might and would have been cleared by the very beginning of January could we have procured their Kintelage. Upon this Consideration and farther that we may be enabled to provide what Patna peice Goods shall be Order'd, on the best and cheapest terms which is not to be done unless we have our own People there, the great Customs and extortions these Country People are necessitated to comply with before they can Clear their goods and after the vast Charges in bringing the same to Calcutta through so many parts of the Government, obliges them to raise their prizes very considerably, besides their Ohints generally stamp't on very ordinary Cloth and not fitt for a Europe Markett.

*A Duty of Two per Cent. to be paid in Pattana.*

Tis therefore Resolved that we resettle that Factory and to ease our Honb<sup>le</sup> Masters of part of the Durbar [*darbār*] Charges of that Settlement Agreed & Order'd that all private trade do pay into their Cash there, two per Cent on the Amount of their Invoice and that the Freight of their Goods up and down be at their own expence as has ever been and shall be continued.

Mr Samuell Browne demanding that Post as next in Succession at our Board and it being carried in a Majority.

AGREED That he be Order'd Cheif of that Factory, Mr Edward Stephenson now at Ballasore second, and Mr Hugh Parker third and Mr Sam<sup>l</sup> Harwood assistant and that they prepare to proceed as soon as the boats can be gott in radyness with ten Chests of treasure and a strong party of Soldiers for their Convoy, and that on their arrivall they forthwith give out Dadney [*dādni*] for the next years Investment of Petre; November and December being the properest season to agree for Petre on the best and cheapest terms.

1171.—CAPTAIN HOLDEN'S REPORT.

Having receivd Orders from the Honb<sup>e</sup> Joseph Collett Esq<sup>r</sup> Gov<sup>r</sup> of Fort St George &c<sup>t</sup> Council bearing date July the 8<sup>th</sup> 1718 at 6 in the Evening to sail for Visagapatam without any loss of time, and from thence to Bengall, I went directly on board and weighed at one the next morning as soon as y<sup>e</sup> land Breeze came off all that day I had fine weather the next day a very hard gale of Wind with a prodigious great southern swell, the day following I went with a very easy sail and all night with our Topsails on the capp, at 4 in the morning I reckoned I was the length of Due Point, then it blew so hard I was forced to hand both topsails sett our Courses and stood in for the land NBW at 8 D<sup>o</sup> we sett both topsails with all the reefs in, on the Capp and carried them till noon, then it blew so hard we could not carry them any longer, we were forced to hand our topsails and being in hopes of better weather we hawl'd up our foresail and lay by under a Mainsail and Missen with our head in, from the 11<sup>th</sup> at Noon till the 12<sup>th</sup> at 5 a Clock in the morning then set our foresail and stood in with the land as near as we could lye NW & NWBW, we had too much wind to carry our topsails, at 3 this afternoon we made the Dolphins nose off Visagapatam bearing NW  $\frac{1}{2}$  N we went into 30 fathom water then I called a Consultation of my Officers to desire their opinion about standing in and anchoring they all agreed that if we anchored any where upon the Coast with that Gale

of Wind and Sea all the anchors and Cables in the Ship would not hold us, and I must be of the same opinion myselfe, then we wore and lay under a mainseil and Mizzen with our head to the S<sup>o</sup> ward till 12 at night then wore and lay with our head in hoping for better Weather to anchor some where on the Coast as near Vizagapatam as we could and send them advice where we were. In the morning we found the weather as bad as the day before so was forced to bear away for Bengall, so much Wind and sea I never mett on the Coast before. Myselfe and Officers have all attested this paper and are ready to make Affidavitt as soon as shall be required.

To the Hon<sup>ble</sup>. Samuel Feake Esq<sup>r</sup>.  
Gov<sup>r</sup>. &c<sup>t</sup> Council of Fort William.

Hon<sup>ble</sup> Sir &c<sup>t</sup> Sirs.

By this opportunity I take leave to acquaint your Hon<sup>r</sup>. &c<sup>t</sup> Sirs. of our arrival here in the Port (June 5<sup>th</sup>) after a tedious and most troublesome passage in endeavouring to gain our passage to our designed Port of Gombroon.

I advised your Hon<sup>r</sup> &c<sup>t</sup> Sirs by the Heathcot whom we mett in 4<sup>d</sup>. 30<sup>m</sup>. S<sup>o</sup> Lat<sup>d</sup>. and about 2<sup>d</sup>. W. of the S. E. part of Zelon after which we had indifferent winds with which we stood to the W. ward so as by our Accounts to be very near the three Irmances Islands and notwithstanding I beleive your Hon<sup>r</sup>. &c<sup>t</sup> Sirs will allow that we were then in a very good Meridian to gain our Passage and to stand to the N<sup>o</sup>. ward, yet I being willing to have the advantage of a very frank wind would have kept more W<sup>ly</sup> but the winds took us W<sup>ly</sup> and in the S.W. board, which obliged us to hali to the N<sup>o</sup>. ward and when we drew near the Aquinochial we had the winds often to the N<sup>o</sup>. ward of the W. (with very uncertain weather with which winds we severall times tackt, and stood to the S. W. after which finding the wd and weather variable thought it might be owing to our being near the Aquinochial as is common in most parts of the Globe We stood to the N<sup>o</sup>. ward greatly in expectation of the wind and weather favouring us instead of which we found the reverse insomuch that from near the Aquinochial to about 13<sup>d</sup>. N. Lat<sup>d</sup>. we had mostly hard Gales W<sup>ly</sup> and often to the N<sup>o</sup>. ward of the W. with most temptuous gusts in hard Squalls, as also a great Sea W<sup>ly</sup> and to the N<sup>o</sup>. ward of the W<sup>ly</sup>. which made our Ship labour and plunge very deep and oft put us by seat part and sometimes the greatest part of our Sails, from which Lat<sup>d</sup>. we hpt close upon a wind with fresh gales and a considerable Sea from the W. ward to the Lat<sup>d</sup>. of about 24<sup>d</sup>. 30<sup>m</sup>. N. in which I have formerly found Cape Basalte to lie, at which time I made 27<sup>d</sup>. 57<sup>m</sup>. W. my Cheif mate 30<sup>d</sup>. 2<sup>m</sup>. W. and my 2<sup>d</sup>. mate 28<sup>d</sup>. 15<sup>m</sup>. W. from the S.E. part of Zelon, notwithstanding whic<sup>t</sup> saw no Land and by the great Sea and our Variation had no reason to believe we were so near as to beat up to Windward so as to make the said Cape, so that thought, as it was also the opinion of my Officers it was most proper to bet away for this Port.

At our Arriv<sup>d</sup> here we found our Agent the Worp<sup>l</sup>. Arthur Beavis, who thought it most p<sup>ro</sup>per to make his escape clandestinely on Account the Wars between the Persas and Arrabs, the particulars of which your Hon<sup>r</sup>. &c<sup>t</sup> Sirs will have from the Government here Who are capable to give you a more perfect Account.

I should be v<sup>er</sup>gled if this opportunity afforded me a Conveyance for a Letter to our Hon<sup>ble</sup>. M<sup>rs</sup> to be sent by the first Ship your Hon<sup>r</sup>. &c<sup>t</sup> Sirs dispatch for Europe, but as will not I doubt not but your Hon<sup>r</sup>. &c<sup>t</sup> Sirs will please to inform them of o<sup>r</sup> Ship.

I am not as yet acquainted from the Government here what their Intentions are relating to any thing of the Affairs of Persia so conclude as with all respect I am

Honble Sir and Sirs  
Your most obedient Humble Servant,  
Thomas Wotton.

1220.—CALCUTTA TO BE SENT TO MADRAS.

By private advice from Fort St George we have the unfortunate news of a Europe Ship springing at great a leak in her bottom in Madras Road that the day after she was dispatched for Europe, they were obliged to run ashore at St Thomas in order to save their lives, this we conjecture to be the Success who we hear they designed home first and we know they had not kintillage for two Ships, but as we have now secured a large quantity of Petre,

Account We laden as much more on the *King George* as she can take in besides her kintillage for Europe and embrace what other opportunities may offer to give them a good Supply as near the quantity they desire as we can spare, so that they may have Store for two Ships by them reserving at least three thousand bags for y<sup>e</sup> Bengall Shipping.

Councill of Fort St George dated the 6<sup>th</sup> of

October last which came upon the *Harrison*

a Country Ship, wherein they advise that the Hon<sup>ble</sup> Companys Ship *Success* being dispatched the 19<sup>th</sup> of September, she sailed out of Madraas Road the 21<sup>st</sup> in the morning early, about midnight of the same day, being by computation thirty leagues distance to the South East going to try the pump which had been sounded about two hours before, and then had no more than five inches water, They found to their very great surprise five foot water in the Well and the Pumps all choaked, in less than a hour after the water had gained upon them two foot more, and the Ship was brought down with her Leegunhill under water, to ease her they hoisted out the longboat and cut away the Leeboome, as soon as the Longboat was over the side above twenty of the Ships Company jumped into her and cutt her loose every body expecting the Ship would go down in a few minnetta, the Captain afterwards gott over the quarter into the Longboat, there remained about thirty persons on board the Ship which still made fresh way through the water her head to the Westward they having before made a tack to the land, the wind at South, the People remaining in the Ship endeavoured to lighten her as fast as possible by cutting the anchors from the Bows and throwing every thing overboard they could come at, and by baling, not being able to work any of the pumps which were all choaked with pepper, about seven the next morning the Ship came on Shore at a Place called Trivebore four Leagues to the Southward of Madraas, they immediately dispatched a Ship and Sloop with severall country boates and a sufficient number of Soldiers with necessaries for encamping on the Shore to preserve the ships loading, the ship lay so unhappily between two surfs which were continually breaking over that twas impossible to worke on her, the third day she

brake to peices, and the bales floated, but instead of coming on shore near the wreck, they were driven to the northward by the Current, so that they were obliged to secure the Coast without as well as within their bounds to the extent of about thirty miles, by which and by the assistance of Divers they have recovered above half the Cargo, the Captain and Officers and all the Ships Company are saved.

 to a Ship now bound to Mannilla for twelveper Cent Advance on their  
 Cost as prized by us in the Hon<sup>ble</sup> Companys Ootta [*kotha*] [ware-  
 house] which is twelve months Interest. Taking into Consideration  
 the badness of that Cloth this Year occasioned by the scarcity and  
 extravagant price of Cotton and that Our Hon<sup>ble</sup> Masters Shipping  
 being all dispatht for Europe and this being the very first of the  
 Season for to bespeake the full quantity Ordered for our ensuing

<sup>1</sup> Culverin were long in proportion to the bore. The length of the ordinary culverin was from 10 to 13 ft., bore 5 to 5½ inches, shot 17 to 20lb. In demi-culverin the bore was 4 or 4½ inches, shot about 10lb.

<sup>2</sup> Originally a kind of hawk. Here a small piece of artillery smaller than a demi-culverin. For the name compare the use of ' falcon.'

<sup>3</sup> An old-fashioned piece of light artillery. The *Century Dictionary* quotes from Marlowe, *Tamburlaine*, II, iii, 3 :—

' Then let us bring our light artillery

Minions, falc'nets, and sakers, to the trench.

<sup>4</sup> A cohorn was a small mortar to throw grenades.

<sup>5</sup> A rabinet is defined as a small piece of ordnance, weighing about 300 pounds, and carrying a ball about 1½ inches in diameter. The word is of obscure origin.

#### 1262.—CAPTAIN ROW TO GO AGAINST RĀMABHADRA.

Sometime since Wee having notice of Jeyram Coleu [Jairāma kōla] one of our Renters of the Buzsar that was indebted to the Hon<sup>ble</sup> Company and had run away being att a Town about seven miles to the Northward belonging to Rambudder Jemendar [Rāmabhadra samindār], Wee then sent some of our Burkundasses [*barqandas*] or Country Gunmen to endeavour to apprehend him which they accordingly did, but Rambudders [Rāmabhadra's] people falling upon them as they were bringing him away, in the skirmish he got clear three of our people being wounded, and some of his besides one or two killed out right.

On this occasion making inquiry found this Jemendar [samindār] had a Towne which lay close on our bounds wherein was some of his relations whereupon Wee Resolved to besett the Town and seize upon an Uncle of his with a Kinsman and a Servant supposing by that meanes to compell him to deliver up our man Jeyram Coleu [Jairāma kōla]; but instead of treating with us in that manner, He impudently seized on One of our Merchants Gomastoes [*gumastahs*] & plundered him after which he seized nine of our Tenants which had business towards his Territorys to the Southward of us of which Complaint being made, and Wee seriously considering the ill Effects which must attend the Hon<sup>ble</sup> Companys future Affaires should Wee so easily pass by such insolent Treatments from the Jemendars [samindars].

FORT WILLIAM, MARCH, 1719.

RESOLVED That Wee immediately Order Captain Nicholas ROW with Ensigne Gulielmus and fifty European Soldiers with thirty Burkundasses [*barqandas*] to march this evening to the Frontiers of Rambudder's [*Rāmabhadra's*] Southward Territorys where he himself dwells, And that Harry Moore our black Jemendar [*samindar*] go with them to shew our Soldiers which are his Townes, also the Cozsee [*qas*] (or Moors Preist) to Witness what passes there, to send to Rambudder [*Rāmabhadra*] & peremptorily demand the immediate delivery of all our people with their Goods & moneys, or that Wee will burn his whole Country and destroy all before us but withall forbid our People putting it in Execution till our farther Orders unless obliged to it in their own defence.

It is farther AGREED that three of the ordinary Tents with Dooleys [*qolis*] for Ammunition &c Baggage for the Soldiers immediately gett ready to march in company with them.

## 1264.—STRONG MEASURES AGAINST RĀMABHADRA.

Letter from Captain Nicholas Rowe and Ensign Gulielmus "relateing to Rambudder Jemendar" read in Consultation.

To the Hon<sup>ble</sup> SAMUELL FRANKS Esq<sup>r</sup> President and Governour of Fort  
March 3rd. William &c. Council.

Hon<sup>ble</sup> SIR & SIRs,

Last night I lay two miles without the Companys Bounds and next morning by Gun fire I marched over the Creek into Rambudders [Rāmabhadra] Country and arrived there about eight of the Clock in the morning where I made demand of the Hon<sup>ble</sup> Companys Tenants and likewise the Prisoners but was denied them, Rambudder [Rāmabhadra] and his Country I found in Arms against us, upon which I sent the Bramine [*Brahman*] to make demand of the Hon<sup>ble</sup> Companys Tenants and Gayrām [Jairāma] our Debtor, but could get nothing of him, the Report was (which encouraged his men to fall on us) that he did not value sixty Soldiers & thirty Buxerys [*Bakseris*] (our black Guamen) and about an hour afterwards I saw them in three bodys very nigh a thousand men with Drum beating & country trumpetts sounding to raise his Country, & about nine aelock he engaged me & held till two in the afternoon, they firing at me first, whereupon I sent the few horse I had to view them & they

wounded two of them before I fired with that I followed *my Dragoon*. He begun but I hope I have made an end, and let him see what *my* Soldiers could do, for by report afterwards I killed a great *man* what were burnt in their Houses. But the water thereabouts being very bad for the men, am now marched in the Plain where I intend to lye this Night if God willing, having no more to add. We are

Your Honour &c<sup>as</sup>

Most Obedient & Humble Servants

NICHOLAS ROWE.

J<sup>no</sup> GULIELMUS.

March the 3<sup>rd</sup>  
1718-9.

1235.—IMPRISONMENT OF KING FARRUKHSIYAR.

About twelve of the Clock last Night arrived a short Letter from Mr. Hugh Barker at Patna, dated the <sup>Tuesday</sup> March 10<sup>th</sup>.<sup>1</sup> 2<sup>nd</sup> Instant advising that the late King Furruckseer [Farrukhsiyar] was close imprisoned and after concluding his Letter adds in a Postscript that the foregoing News was again confirmed and that Ruffulcudders [Rafi'u-l-qadr's] Son, called Sha-doula [Shah Daulah] was seated on the Throne<sup>2</sup> but as yet wee have no farther perticulars by what meanes the King was dethroned, but suppose it to be Vizier Abdulla Cawn [Abdu-llah-Khan] who has for some time been disgusted and is Prime Minister and the most powerfull Man in the Kingdom.

This Vizier being a declared Enemy to Jafferocawn [Ja'far Khan] the present Subah [sabahdar] of Bengall gives us sufficient reason to believe he must share the fate of his Master the late King which has been already aimed at by Orders sent to invite him to Court with promises of greater preferment but He being thoroughly sensible of the Treachery designed against him, has as often found Excuses for his staying in Bengall, & tis the generall Opinion of all Persons that he will defend himself where he now is till he is cut off, wherefore

AGREED That We immediately write to Mr John Deane &c<sup>at</sup> at Cossimbuzar that he keep a strict Guard in the Factory and that he not only forbear giving out more Dainey [dains] but that he take the best and properest measures he can to secure what already deliverd. Likewise a Letter to Mr Harry Olane at Ballasore to caution him of the same.

<sup>1</sup> The moon was new on March 10.

<sup>2</sup> Rafi'u-d-darajat was raised to the throne on the 8th Rabi' II 1151 H., that is, Tuesday, the 17th February, 1719 O.S. He was the second son of Rafi'u-l-qadr, Rafi'u-sh-shah, fifth son of the emperor Shah ' Alam, Bahadur Shah.

## 1264.—A.I.L. STRAGGLING CHRISTIANS TO BE ENTERTAINED.

In consideration of Our present disturbance with the Jemendar  
Pambudder [*samindār* Rāmabhadra] who still

March 10th.

continues to increase his force and threatens  
with a great deal of Insolence to be farther troublesome &  
not knowing what Encouragement he may have at this Juncture  
if there should be any Rupture in the Government in these parts—

AGREED That we entertain what Straglers of Christian people  
Wee can meet with to ease our own Military who are and have been for  
some days all on constant Duty and frequent skirmishes at severall  
parts on the extent of our Bounds as also to strengthen the Garrison  
till the Country is again settled in peace and quietness and that the  
Cheif Buxery [*baksari*] entertain forty more black Gunmen to prevent  
our Inhabitants of the out Skirts of the Town being plundered.

## 1267.—OUT GUARDS TO BE CONTINUED.

According to an Order of Consultation of the 2<sup>d</sup> Instant wherein  
are our Reasons entred for sending out against

March 12th.

Rambudder [*samindār* Rāmabhadra] a Neighbouring,  
Refractory and Insolent Jemendar [*samindār*], Wee received a Letter  
dated the 3<sup>d</sup> instant from Captain Nicholas Rowe and his Ensigne  
John Gulielmus with a breif Account how he ingaged them which is  
entred after the Consultation of the 5<sup>th</sup> Instant. Wee having severall  
times since repelled them and destroyed a great number of their People  
and burnt their Villages which has at length obliged him to begg for  
Peace on any terms, on which Wee first demanded our Renter of the  
Buzsar who is indebted to the Hon<sup>ble</sup> Company and all our Tenants  
that had been imprisoned by him during this dispute to be brought  
and deliverd us here by his own People and then he to discharge all his  
forces he had entertained against us. Accordingly he yesterday sent  
us the Debtor. Wee first demanded as likewise all our Tenants he had  
seized on, and promises forthwith to disperse all his people. Wee make  
no doubt, but this good Effect will be a warning to other Jemendars  
[*samindars*] not only to refuse Protection to any of our Tenants but  
also deliver them up to us when demanded & giving our merchants  
civil usage in their Territorys,

AGREED That our outguards be continued a few days longer till the  
Jemendar [*samindār*] fullfill his Promise of dispersing his Forces,  
and Wee have farther particulars of the late Kings Imprisonment and  
the Country settled in peace and quietness under the King now said to  
be sett on the Throne.

1273.—GOODS TO BE CONTRACTED FOR.

We haveing for this full month past deferr'd giving out  
 Monday, our Dadney [*dādni*] on the Assurance our  
 April 6th. Broker Harry Naut [*Harināth*] frequently  
 gave us hopes that Severall Merchants who had Goods remaining  
 in their Warehouses would dispose of them in Barter for Broad  
 Cloth which our Ordering a new Investment might prevent, and the  
 Vending that Commodity being our daily Concern made us willing  
 to Embrace all Offers for getting off the Same; but we find his  
 promises to be trifling and not to be depended on, and it being

## 1276.—VARANASI SETH MADE BROKER.

It being now full late in the Season for our giving out Dadney [dadni] which we have for some Time deferr'd for  
 Tuesday, Reasons enter'd in Consultation of the 6<sup>th</sup> Instant  
 April 14<sup>th</sup>. and our present Broker Harrinaut [Harināth] being  
 a man altogether Incapacitated for the post he is in, as we have more particularly advised our Hon<sup>ble</sup> Masters in the 57, 58, 59 Paragraphs of our Letter per Ships *Mary*, *Heathcote* & *Grantham* dated the 6<sup>th</sup> of December 1718, It is unanimously agreed to be highly requisite to remove him, and has been a Consideration of many days to find out the most proper person amongst our merchants to fix in his Station, before we make our new Contract for this ensuing Year, and none can be propos'd as a Capable Man who is disengaged from the Government, and entirely depending on our Protections, but the Seats [Seth's] Family who are indeed our most Secure Merchants and Yearly take great Share of our Dadney [dadni] not less in our late Governour Hedges's Time than before, who we are all assured for no other Reasons, than wrong Informations, some Secrett Jealousy, or rather to promote his own Servant; gave the Hon<sup>ble</sup> Company Such a Character of this Family in Generall as obliged us, on receipt of their Letter by the *Mary* dated the 12 January 1714 to then Consent to his being displaced least our Masters Should think us deserving of the most unjust Calumny our late Governour had wrote against some of us whereas they in Para: 46 & 48 severely write the Broker was upheld against the President and that the Merchants were intimidated from bringing Goods into the Warehouses by the Brokers relations & Favourites, all which must be an answer to our late Governours private writing, and what we must affirm was purely his own Invention, & out of meer prejudice at that juncture, as afterwards plainly appeared by entrusting Barnasseseat [Vārānasi Seth] only with the management of all his own private dealings untill his Death; The reviewing of those Paragraphs wherein your Honours Show your great dislike to the then Broker, are Sufficient to prevent our entertaining any of the Family could it be avoided without the Greatest disappointment to your affairs with which we are entrusted, but as the Distance is too great for your Honours to Come immediately at the Truth, when any Charge is laid by Secret Writting, so we shall Endeavour & hope to give the most evident & Satisfactory proof, by the prizes of our Investment and & the good Dispatch of our Ships, that your Honours Interest is Sincerely the heighth of our

Ambition & that none of us are or Can be byass'd to act or Consent to any thing but what Shall directly appear to be for your Advantage.

There are some Gentlemen gone home as Sir Robert Nightingale, Mr Abraham Addams, & this last year Mr Henry Frankland who was of this opinion (as your Honours will observe in our late Generall Letter) when he was present, we humbly begg your Honours would enquire of those Gentlemen who have been very well Experienc'd in your service and Thoroughly acquainted with both these two men Barnasseseat [Vārānasi Seth] and Harrinaut [Harināth] which they deem best qualified to Serve you in the Station of Broker or whither They judge the best Capacitated for it, and least your Honours Should think it improper he should be interest'd in prizing his own goods, we possitively order that neither he nor his Son have any dadney [dadni] given them or that he neither directly or Indirectly provide any Goods for the Hon<sup>ble</sup> Company either in his own Name or any other Persons whatsoever, as for the rest of the family they have been this two years Separated and each man acts for himself endeavouring to outvey one the other as any merchants whatever and we must beg leave to assure your Honours that our Care Shall be Such in prizing your Investment & lowering the prizes of all goods, that we judge it your Interest to encourage all persons that bring in the best Cloth and they are Generally those who have most influence over the Weavers, which must be men of Substance & Credit.

## 1279.—MADRAS LETTER AND ST HELLENA PACKET.

Last night receiv'd a Generall Letter from Fort St. George dated the 19<sup>th</sup> Ultimo, per the *London* a Country Ship wherein they advise us of the arrivall of Ship *Queen* with them the 10<sup>th</sup> of February from the West coast, but being sickly and much in want of refreshment they found it not possible to dispatch her before 'twas too late altho' they had by them above three Thousand bales, they likewise forwarded to us a packett from St. Hellena that came *Via* Bencoolen, that advise the Severall Ships that had touch'd at that Island and a List of what necessarys they are most in want off; by their answer to what wrote them about the Broad Cloth Tents sent us by our Hon<sup>ble</sup> Masters we find they are at the same loss as we, and have as little hopes of the disposall of theirs, having fitted one up for Show which are very much admired but none will harken to the price and are of the same opinion with us, must lye by unless wanted for a present to the great Mogull himself or some of his prime Ministers.

<sup>3</sup> Mary Gordon came out in 1713 to join her husband Capt. John Gordon in the garrison of Fort William, *English in Bengal*, II, I, 342. In December, 1713, Capt. Gordon killed Andrew Macdowle, mate of the *Charlton*, in a quarrel, and was sent to England to be dealt with by the Court of Directors. Ib 150, 151.

<sup>4</sup> See below § 1340.

<sup>5</sup> This is not in the Consultation Book, but was found amongst the *Miscellaneous Letters Received*, 1719, at the India Office.

<sup>6</sup> The coin, says Mr. Irvine, bore the words:

*Ba zar sad sikkah jahib-i-qirani*

*Shah Nukushiyar, Taimur-i-gini.*

<sup>7</sup> On gold was struck the stamp of the Lord of the Fortunate Conjunctions, the emperor Nukushiyar, a second Taimur. (Khafi Khan, II, 825.)

Butt was begun by one Mittersein [Mitr Sen] a Bramin, who calculated the Lucky Minute: and whom Neekosheer [Nekūsiyar] made 5000 Munsub [manṣab] Advancing y<sup>e</sup> Kiladar [qila'hdār] off Agra afterwards to the Same degree.

The manner was as follows:—

"The Prince being taken out off Prison; was brought just without y<sup>e</sup> Fort-Gate; & then returning back; Seated on the throne, He distributed many thousand Rupees Charity: and many Omrahs [amarā] and Munsubdars [manṣabdārs] off his interest came and made their appearance. The King sent and Summon'd the Subah [subahdār] Syud Gyrut Caun [Sayyad Ghairat Khān] to appear: Butt he refusing The Fort Cannon were immediately discharged in his house: which being forced to leave, and after a warm engagement, He retired with a very few Horse to wards Dilly.

Advices from Dilly tell us that Omecr-al Omrah [Amīru-l-amarā, i.e., Husain 'Alī Khān] is marched two days journey towards Agra: So y<sup>t</sup> iff He finds his Competitors eager as himself: there must Shortly ensue a very warm battle. Many believe y<sup>e</sup> Other side is nott in Such haste; who though already amounting to more than 60000 horse Expect farther enforcement from Seerbulund Caun [Sarbuland Khān] Chivileram [Chhabēlah Rām] & Sundry disgusted Omrahs [amarā]. Delays must prove very destructive to the Generall Affairs off this Kingdom.<sup>1</sup>

We hear Our Nabob Cannzumma Bahauder [Khān Zamān, Bahādur, governor of Bahār at Patneh] (altho' himself has not yet declared itt) has recd [an] Order & Husbul Hoocum [hasbu-l-hukm] of Encouragement From y<sup>e</sup> new King Neeko-sheer [Nekūsiyar]. He promises to keep great order in this City. Butt know nott how soon the Event off a battle, or any other turn may induce him to break his word; or suffer others to make a prey off itt.

<sup>1</sup> Mr. Irvine notes as follow on these events:—

'The outbreak at Agra fort began on the 18th May 1719 N.S. 7th May O.S.; and next day Nekūsiyar was shown to the people from the top of the fort gate, with a royal, i.e., red umbrella over his head. Nekūsiyar, third but eldest surviving son of prince Akbar (fourth son of 'Alamgir, born 21st September 1657 N.S., died at Mashhad, 31st March 1706 N.S.), was born on the 4th December 1679 N.S., and since the early part of the year 1681 had been a prisoner in Agra fort. Mitr Sen, Brahman, his private servant, had gained over the garrison. The malcontent nobles, Niẓamu-l mulk, Rajah Jai Singh Sawāe, and Chhabīlah Rām, Nāgar, governor of Allahabad, were supposed to be ready to take Nekūsiyar's side. Niẓam-ul mulk, then in his government of Mālwah, procrastinated as usual and waited to see "which way the cat jumped"; Chhabīlah Rām became entangled in a zamindāri rising at Kalpi, engineered by Muḥammad Khān, Bangash, in the interests of the Sayyads. Jai Singh, Sawāe, who was not much of a soldier, did certainly move out of his capital Amber, ready to do or die, he and his men clad in saffron raiment with bridal garlands on their heads, having made a dying gift of his capital city in *punya-dām* to the Brahmins. He hovered about within his own frontier without venturing on an advance to the relief of Agra. Deprived of all outside aid, the rising was doomed to failure.

The governor of the Agra provinces Ghairat Khān, nephew of the two Sayyads, did certainly quit his mansion just opposite the fort, when the fort guns began to knock it about his ears. Far from retreating, however, he stood his ground manfully, and succeeded in preventing the disturbance passing beyond the fort walls. Husain 'Alī Khān did not be in his march towards Agra until the 12th June 1719 O.S.'

We cannot possibly declare our Hon<sup>ble</sup> Masters Effects out off danger: 'tho' our utmost endeavours shall not be wanting for their preservation. <sup>1</sup> We have here an early mention of the 'Omichund,' the celebrated Jain merchant. The name is common enough, though it has puzzled some writers. The correct form is undoubtedly Amīchund, in Sanskrit, Amṛtāchandra, moon of nectar.

AGREED. That we immediately write to Patna to put a Stop to our last Letters dated the 13<sup>th</sup> May when we sent our Letters to the King & Grand Vizier Abdula Cawn ['Abdu-llah *Khān*] as also a Letter to Mitterseen [Mitrseen] our Vacqueell [*vakil*], at Court enclosing a bill of Exchange for one Thousand Sioca Rupees, which we order'd them to forward to him at Dilly as also to repeat what wrote them in our last that they forbear scattering or trusting our Hon<sup>ble</sup> Masters money abroad whilst the Country Continues in Arms & Rebellion, the bills they have now drawn on us bearing date the 17<sup>th</sup> of May which is four days before the news of a new Competitor had reach'd Patna.

## 1296.—EXAMINATION AT NEGAPATAM OF FOUR SAILORS FROM OSTEND.

Received a Generall Letter from Fort St. George dated the 29<sup>th</sup>

Thursday,  
16th June.

May which came by Ship *Oxford* a Country Ship wherein they advise they shall dispatch the *Queen & Disbouterie* in July or August and some other Ship in October for which Reason they desire we would Send them up upon freight one Thousand bags of Petre because all the Companys Vessells under their direction are fully employ'd, they Send us also enclosed an Examination of four Sailors at Negapatam as came out in a French Interloper with the Emperours Commission who arriv'd at Nagoor<sup>1</sup> near Negapatam the latter End of Aprill last, they have since been kindly Receiv'd by the Danes at Trincombar they likewise advise that said Ship designs for Bengall.

Declaration taken from William Van Sawell of Mastrigt, Jan Adolf Ring of Gottenborg, Johaunes Peon of New Castle & John Smith of Scarbure, all four come from Ostend & came out of Ship Call'd the *Emperour Charles* bound to the East India's, & on the 7<sup>th</sup> Instant arriv'd at Nagoore which is an hours Journey to the Northward of Negapatam and under the Government of Tangor.

They declare it thirteen months since they came from Ostend in the Ship named the *Emperour Charles*, she was formerly named the *Griſſe* a Zealand Caper, she now carrys forty eight Guns & one hundred & fifty men including Eight and twenty Officers besides Twenty four boys, the main part of them are Flemmings with Some French and English, the Commander is a French man by birth, his name is De la Morveille, the first place they came to was Cork in Ireland where they took in Cows and Water &c for the Voyage, the Water which they took in at Ostend proved foul & not fitt for drinking from thence we saild and the Second Captain named . . . Gerbrands was born at Ostend; and a merchant whose name we know not, We had an English Merchant who was part Owner of the Ship disagreeing with the Captain was putt ashore in Ireland & took in another in his place, from thence we saild to St. Jago where we lost two anchors and had but one Anchor when we saild from thence to the Cape of Good Hope, when we arriv'd there the Government would not give us any assistance, from thence we was forced to sail to Sardaw Bay where we stayd Six Weeks and took in Refreshment, whilst we was there we were informed of the arrivall of the King of France his Ship at the Cape, & in our passage we met her at Sea who gave us Water and other assistance, Whilst we was at the Cape of Good Hope a Certain Merchant named Meyen who come off with his Wife & Daughter and brought two anchors with him, whose family is still on board, the reason of his leaving the place was because there was some demands

---

<sup>1</sup> Nēgrū, serpent village, is four miles north of Negapatam.

upon him since which the Fiscall has seis'd on his Effects for leaving the place, afterwards we was forced back again the said Meyen went a Shore and brought off a Galliot loaded with Fresh Provisions which was against the orders of the Government of the place, so that we were in all three months from the Cape to Sardaw Bay, from thence we saild for India and the first place we touch'd at was Anjango on the Coast of Mallabar an English Settlement where we came to an Anchor, the Second Captain went on Shore and meeting with no assistance came off much dissatisfied from thence, We went down the Coast and came to an Anchor at the White Pagoda where we found a french Vessell with two Masts in the road, our Captain Went on board of her with a Romish Priest which could Speak Portugueze, from him we were supplied with Liquors, the Captain of the French Vessell desired We would repair his boat that was unserviceable to him, we took her on board and refitted her, but our Ship sailing better than the French Vessell, we arrived at Nagoor some days before him, where we deliver'd him his Boat when he came to the Road, and then we sent our sick men on Shore.

When we was on the Coast of Mallibar we took in a Small Quantity of Pepper, when they sail'd out of Ostend they declared that the[y] design'd to do no harm to any Ship on the Seas, and before she saild out of Ostend she rais'd her sailors by beat of Drum declaring they was bound to the East India's but never mentiond to what Part or how long they Should be out, the pay which they give to their Sailors is from twelve, Thirteen, fourteen, fifteen, sixteen Gilders per Month, the ballast of the Ship is Guns and doubleheaded Shot, the Cargo is fine[fire?]arms, Swords, Corall and Broadcloth, she has the Emperours Passport and has throughout the Voyage wore the Emperours Colours but Since She came upon the Coast she uses French Colours.

The Cheif Mate of the Ship is an Amsterdamer named . . . Verberg who was formerly in the Dutch East India Companys Service who is very well known at Negapatam, the Second mate was born at the same place whose name is John . . . the Third mate is an Ostender his name is Francis, the Second Commander is either an Englishman or an Irishman his name is S . . . Ree, they have on board a Roman Preist that is a Frenchman who is the Father Confessor to the Commander of the Ship.

This Morning arriv'd the Ship *Frances* Captain William Hurst from Fort St. George who left Ballasore Road the 15<sup>th</sup> Inst. where he pass'd by a large Ship with her main top mast down & as he says shew'd French Colours which we suppose must be a Ship from Ostend, who we lately had advice was at Trincombar under the Emperours Colours a white flagg with the Spread Eagle in the middle as we have already sent the Proclamation down to Ballasore with farther particular orders not only to our pylots but to all others who expect any favour or protection from us so we think none such dare go on board or give them any assistance & that our Merchants here may not plead forgetfulness of our former orders in Consultation of the 15<sup>th</sup> Sept. 1718.

Last Night receiv'd a Letter from Mr John Deane &c<sup>t</sup> at  
 Monday, Cossimbuzar dated the 5<sup>th</sup> Instant which came  
 10th August by a private Cossidd [*qāsid*] enclosing the  
 Waccas [*waqa'yds*], by which perceive the two Armys are very near  
 each other and tis suppos'd by every one at the Durbar [*darbār*]  
 that the dispute by this time is decided they further advise since  
 concluding their Letter that they are inform'd by some of the

<sup>1</sup> The indisposition, says Mr. Irvine, must have been very slight, for 'Abdu-llah *Khān* marched from Dihli, with the new emperor, on the 4th July 1719 O.S.

<sup>2</sup> The moon was new on August 4.

<sup>3</sup> August 6, 7 was the *Idu-l-Jitr*.

Guzzaratties [Gujarātīs] that Hussein Ally Cawn [Ḥusain 'Alī Khān] has retreated four Course [*kos*], both Armys haveing been warmly engaged, which is confirmd in the Waccas [*waqā'yās*]. Order'd That Mr Thomas Coales translate the same Waccas [*waqā'yās*] & that the particulers be entred after this consultation.

*Copy of a Waaka [waqā'yā] receiv'd from Cossimbuzar.*

Hussein Ally Cawn [Ḥusain 'Alī Khān] with all his Forces encountered Raja Jasing [Jaisimha] with all his Forces and engaged; both Armys fought very briskly and kill'd a Vast number of People both sides Ramchund [Rām Chand] (Raja Jasing's Duan) [Jaisimha's *diwan*] was wounded and Hussein Ally Cawn [Ḥusain 'Alī Khān] with his Forces retreated to Dira Garden where they had before encamp'd but they were so warmly pursued by the Victors that they were not able to keep their Ground but were forced to fly towards Dilly.

All the whole army of Raja Jasing [Jaisimha] were dressed in Yellow which signifies that they all resolve to Dye in the feild of Battle or else to Conquer.

It is said that the Raja of Badoria [Bhādauriyah] with all his forces join'd Raja Jasing [Jaisimha] when he gave Battle also Raja Jaut [Jāt] with all his Forces; And Severall of the Omrahs [*umarā*] who were with Hussein Ally Cawn [Ḥusain 'Alī Khān] after the Expulsion came over to Raja Jasing [Jaisimha].<sup>1</sup>

#### 1817.—MARRIAGE OF CAPTAIN JOHN HILL.

#### 1818.—MERCHANTS CONSTRAINED TO TAKE FIVE PER CENT. OF THEIR ADVANCE IN BROAD CLOTH.

Our Investment being very large this Season and the Treasure  
 Monday, being come on shore from Ships *Cadogan* &  
 August 10<sup>th</sup>. *Dawson* Agreed we do without further delay  
 give our Merchants what Dadney [*dādni*] remains due to them on

<sup>1</sup> Mr. Irvine points out that this news-letter is singularly inaccurate. "The Āgrah garrison never made even a sortie, and Jai Singh, Sawke, as already noted, was never nearer to the imperial army than sixty or seventy miles' distance. There never was any such battle, nor did the Bhadauriyah Rājah declare himself in the way stated. "Raja Jaut," presumably meant for Rājah Churēman, Jēt, was an active commander under the Sayyads, during the investment of Āgrah. The fort surrendered on the 1st August 1719 O.S. "Dira Garden" is the *Bāgh-i-dār-ārā*, the World-adorning Garden, otherwise the *Nār Manoil*, because the Emperor Nūru-d-dīn, Jahāngir, had once camped there. It lay three miles south of the Fort, and the site is now within Āgrah cantonments. It was noted for its "well of the 62 water-bags," *bāwan-lāo ki kua*."

*their Contracts which after the rate of Sixty pro Cent amounts to Six Hundred fifty nine Thousand nine Hundred eighty one Rupees, one anae, more than already given them and we hourly Considering all means and opportunitys of disposing of our Woolen Manufactory we have for some days attempted by the Instigation of our Broker to perswade our Merchants to take a small part off our Hands Account Dadney [dādni] which this morning he informs they shew the utmost unwillingness to by their obstinate and possitive refusalls of complying, however desires we would Summons the Merchants before this board beleiving our possitive orders to him in their Presence may awe them into a Compliance for some part which if but at 5 per Cent on their whole Dadney [dādni] will take off 1934 Peices of ordinary broad Cloth.*

We having accordingly summonsed the Merchants after many fair and perswasive arguments used with them to little or no purpose, we dispatch'd them first resolutely telling the Broker that we insisted on their taking ten per Cent on broad Cloth by which means after a long private Conference with them he brought them to agree for Five per Cent in ordinary Broad Cloth at the prizes we now sell that Commodity att.

We observe Your Honours Remarks that by Selling it to Severall hands will lower the price.

But we further Consider how we are often obliged to sell to our little Merchants in Barter for goods who too often are obliged to dispose of it tho at Loss to procure Cash wherefore we judge this much the best method of putting it off to our Dadney [dādni] Merchants who are all Substantiall Men and able to keep it till a Markett offers and who by our advice have now appointed one person as Factor for them all whose business is to sell the whole or any part at Opportunity offers keeping up the Current price which effectually prevents the Evill we apprehend of Selling small parcells.

We have yet a farther motive as our stock is much too small for our Investment orderd by the Hon<sup>ble</sup> Court of Directors and as there are much more Tonage likely to fall on our hands than our Hon<sup>ble</sup> Masters at home designed, we must of Necessity have supply'd that Deficiency with taking money at Interest which is a heavy Article and never to be made use of when any means can be found to avoid it.

 Colours went to Porto Novo from whence they sent a Messenger to  
 Nabob Sadutulla Cawn [Sa'adattullah Khān] at Arcott [Arkāt] to inform  
 him that they came with a Commission from the greatest Emperour  
 in the world King of 26 Kingdoms to make a Settlement in the Mogulls  
 Dominions and at the same time gave out that their Ship was  
 ballasted with Silver upon which the Moores directed them to proceed

to Cabelon<sup>1</sup> (a place about six leagues distant from Madraas) where they should find some to treat with them and Accordingly they went thither & found the Moores very ready to receive them & they assisted them in marking out Ground to build a Fort upon, Two hundred yards in length & one hundred & eight in breadth & Cooleys [*qalis*] were set to work to dig the foundation but the Nabob finding no presents offered & having been at some Charges in expectation of a very good one grew suspicious of them & by making private inquiry at Madraas was informed he had only to do with beggars & that their whole Stock consisted of no more than one chest of Corals & twenty five bales of Broad Cloth which put a stop to their further proceedings in that place from whence they design'd to sail in seven or eight days but for what Port they can't advise.

## 1347.—QUIETUDE IN PERSIA.

Just now arrived Captain Thomas Wotton Commander of Ship  
*Des Bouverie* who brought us a Generall Letter  
 from the Right Worshipfull James Peachy Agent  
 & Council of Persia dated the 25<sup>th</sup> of June last wherein they  
 advise us the affairs of our Hon<sup>ble</sup> Masters there are at Present  
 in much Quietude, which they flatter themselves have a Prospect of  
 some Continuance by the arrivall of four Portugueze Ships of Warr  
 at Cong to the assistance of the Persians, which probably will occasion  
 the latter to be less pressing & solicitous about the use of our  
 Ships the refusall of which was the Source of the late Troubles &  
 impediments to their affairs which now run on in the Usual Channell.

The Wine not being Very good, they have only ventured to send  
 fifty Chests.

1348.—THE *BOUVERIE* TO GO STRAIGHT HOME AND NOT TO MADRAS.

In the Generall Letter from Fort St George, dated 31<sup>st</sup> August  
 they advise they have already (with what sent  
 them on the *London*) sufficient Kintledge of  
 Salt Petre for one Ship which they earnestly request may be the  
*King William* who they desire may be laden with Grain and Stores  
 for their Presidency from whence they purpose to dispatch her in  
 December fully laden for Europe.

They further advise that they shall expect the *Bouverie* or  
 another Ship half laden from us to be dispatched by them the  
 latter end of January, considering the long time the *Bouverie* has  
 been out and as she has layn all the Heats in Gombroon Road  
 and as we judge the weakest Ship now with us we think it much  
 more for the safety of our Hon<sup>ble</sup> Masters Estates to dispatch her  
 directly from hence next after the *Prince frederick* which we doubt  
 not to do some time in December so that she may arrive a Summer  
 Ship & avoid the Hazard of being a late Ship from Madras, The  
*Cadogan* we purpose to dispatch by the last of January and send  
 the *Dawsonne* partly laden from hence by the last of December to  
 be fill'd up by the Gentlemen at Fort St George and dispatch'd then  
 directly for Great Brittain.

## 1349.—ARRANGEMENT OF PROPOSED SAILINGS.

The Hon<sup>ble</sup> Companys Ships being now all arrived from Fort St  
 George and we taking it into Consideration what  
 to dispatch directly for Europe and what to be  
 fill'd up from Madras.

AGREED as follows—

The *Prince Frederick, Desbouverie & Cadogan* directly home.

The *King William & Dawsonne* with what Number of Bales we can conveniently spare and fill'd up with Grain and Stores for Madras to be dispatched from thence.

1369.—BROWNE AND BARKER DISMISSED THE SERVICE.

We having severall just reasons to Suspect the ill Success in  
 Tuesday, the resettlement of Patna, proceeded in great  
 December 8th. measure from the mismanagement or worse of  
 Mess<sup>rs</sup> Samuel Browne and Hugh Barker as well in relation to our  
 Hon<sup>ble</sup> Masters affairs, as to the private traders, Who all in generall  
 too justly complained, how great sufferers they had been the last  
 Season, and the unfairness of their Accounts for which they could not  
 [? persuade] those Gentlemen to make any Satisfaction, in so  
 much that none would trade or trust them with any further Consign-  
 ment; Consequently we could not judge such men fitt to be trusted  
 with our Hon<sup>ble</sup> Masters Affairs, which we nor none elce would trust  
 with their own.

For the aforesaid Reasons it was unanimously agreed by this  
 board to Shift hands, as per Consultation of the 25<sup>th</sup> June last,  
 wherein we covered our real Reasons for the removing Mr Samuel  
 Browne, in regard we were unwilling to Slurr or Sully their Reputa-  
 tion, before we had Certain proofs of their Dishonesty or that they  
 had the opportunity of endeavouring in person to defend themselves  
 against the Severall Charges laid to them.

<sup>1</sup> The third portion of the third instalment of rent was paid on February 9, 1720.

The 25<sup>th</sup> July Mess<sup>rs</sup>. Edward Stephenson and Thomas Falconer who were orderd to Succeed Mess<sup>rs</sup>. Browne and Barker left this place, and the 5<sup>th</sup> of August came to hand a Letter from Patna dated the 28<sup>th</sup> July wherein they prepare us for a heavy Durbar charge with an Account of Rogoo Punditt [Raghū *paṇḍit*] their Futtua [Fatūhā] Gomasta [*gumdashtah*] being seized by the Nabob and a Demand made for no less than fifty Thousand Rupees in lieu of twenty Years Customs which said Rogoo [Raghū] Punditt [*paṇḍit*] had cheated the Kings Government of.

Again in their Letter of the 15<sup>th</sup> August which came to hand the 12<sup>th</sup> September they tell us of the hard usage & unjust imprisonment of said Rogoo [Raghū] Punditt [*paṇḍit*] met with for 25 Days the Nabob demanding unreasonable Sums for his releasement.

Their Letter of the 23<sup>rd</sup> September came to hand the 6<sup>th</sup> October enclosing their Cash Accounts & Charges Generall for the months of July & August in the latter of which to our great Surprise we found five thousand Siccaes charged for Clearing said Rogoo [Raghū] Punditt [*paṇḍit*] with a Paragraph of pretended Excuses for the Nabobs imposition not at all Consistant with their former Letter where they lay the Stress of Rogoo [Raghū] Punditts [*paṇḍit's*] having defrauded the King of his Customs but now only plead the Nabobs demand of Two Thousand Rupees for a Mismanny [*mesbani*]<sup>1</sup> & further extortion for his protection during this Interregnum.

Taking into Consideration the inconsistancy of Mess<sup>rs</sup>. Browne and Barkers Letters and perusing their Cash Account for the month of August where they had Charged five thousand Siccaes Rupees barely for the releasement of a black fellow from prison we immediately Agreed in Consultation of the 8<sup>th</sup> of October to write a Letter to Mess<sup>rs</sup>. Samuëll Browne and Edward Stephenson and Thomas Falconer the then appointed Councill at Patna ordering them to make enquiry into and give us an Account of what necessity there was that our Hon<sup>ble</sup> Masters should pay such a sum as five thousand Rupees for the clearance of a Gomasta [*gumdashtah*] or Black Servant. Our Letter Bearing date the 12<sup>th</sup> October with Mess<sup>rs</sup>. Stephenson and Falconers Answer (Mess<sup>rs</sup>. Browne and Barker leaving the place two days before our Letter arrived them) is entred after this

<sup>1</sup> *Mesbani*, money to provide a banquet or entertainment.

Consultation by which your Honours may please to observe the unjustness of the 5,000 Rupees Sicca being Charged to your Honours Accounts as also Severall other Articles of their ill Conduct & dishonest management in that branch of your Affairs with which they were intrusted.

Mess<sup>rs</sup>. Stephenson and Falconers answer dated 9<sup>th</sup> November arrived us the 22<sup>nd</sup> November & was tendered to Mess<sup>rs</sup>. Browne & Barker for their Perusall, we deferring the Consideration thereof being then preparing for the dispatches of Ship *Prince Frederick* after which the Councill being Summoned the 5<sup>th</sup> Instant to Consider on this Affair Mess<sup>rs</sup>. Browne & Barker requesting of our Governour that their examination might be deferr'd for a day or two that they might prepare what they had to offer in their own Defence it was accordingly deferred till this Instant. We being mett and Mess<sup>rs</sup>. Samuell Browne and Hugh Barker appearing before us the Governour Acquainted them of the Severall Charges against them particularly the 5,000 Sicaes paid by them out of the Hon<sup>ble</sup> Companys Cash for their own private and immediate Service & so dishonestly charged to our Hon<sup>ble</sup> Masters to which Mr. Samuell Browne offered nothing in his own defence more than desiring our favour in Consideration of his Family, upon which the Governour read the Hon<sup>ble</sup> Companys Standing Rules and orders to him which are so positive & direct in cases of this nature that it was not in his Power or any of this board to deviate from, whereupon Mr. Hugh Barker deliver'd in a paper which is annex to this Consultation endeavouring to mollife his Case which we perusing find to Contain no Substantiall defence but rather evasive arguments to elude matter of fact, on which the Governour desired them to withdraw, when we Again perusing and maturely considering the Hon<sup>ble</sup> Companys orders in such like Cases, it is unanimously Agreed that they both be from this day dismissed from the Hon<sup>ble</sup> Companys Service, on which the Governour sent for them in and acquainted them thereof.

Mr. Hugh Barker delivered in a Petition which he had ready in his pockett insinuating Mr. Brownes being Oheif and sole director of the Cash &c<sup>a</sup> Affairs, but that is a meer evasion as fully appears by his having signed all the Cash &c<sup>a</sup> Accounts with Mr. Browne, his Petition is annex to this Consultation.

SIRS

We have before us your Letter of the 23<sup>rd</sup> Ultimo by which we observe you designe to make but one fleet, an early fleet would have been very serviceable for the early dispatch of our Hon<sup>ble</sup> Masters Ships so that the sooner your fleet comes the better.

We find you are like to fall very Short of the Companys Quantity of Petre this year if the troubles in the Country which you give for reason be genuin, we must be satisfied, but we hope no private trade in that Commodity has stood in Competition with the Companys, and we further expect a particular Account of every Salt Petre Assamy [*asāmī*] what part each have deliverd in of their Contracts and what remain behind with a particular account of their Charactors and Creditt, & also when its Likely we shall have the remainder deliverd.

Mess<sup>rs</sup>. Browne and Barker assured us last year the Nabob promised them the remittance of the exorbitant demands which had been usual, and that he shew'd them wonderfull favours which encouraged us to Condescend to the Extravagant Expence they putt the Hon<sup>ble</sup> Company to in resettling Patna Residency, it is something strange he should so soon forgett such a Contract he was so well paid for, in Short we Cannot bear such Impositions, but must and will withdraw the Settlement unless you can bring him to more reasonable terms & this you must tell him and Demonstrate to him that we are resolved not only to withdraw but that he must expect we will make reprisalls if he pretends to fleece us as he does the Dutch or others.

We have receiv'd a Letter dated the 24<sup>th</sup> Ultimo from Mess<sup>rs</sup>. Browne and Barker enclosing their Charges General and Cash Account for the months of July & August, in the latter of which to our great Surprise we find charged five Thousand Siocacs given to clear a black Banian [*banyā*] Rogoo [*Raghu*] Punditt [*pandit*] from Prison with a long Harrangue of the great trouble and affliction he had met with, but in Short had he been treated ten times worse or even to Death, we can see no reason the Company have to pay so dear for the clearance of any black fellow in the Country nor can we pass any such Account without much more Substantial reasons than any we have had yet, certainly those Gentlemen forgett what they wrote us in their Letter of the 26<sup>th</sup> July last wherein they say he was seized on for twenty Years Customs he had Cheated the King off, it is most Certain he could never Cheat them on Account the Company because they never paid any Custom & Consequently they never ought to pay any sum for Clearing him from any such like demand.

We cannot conclude without telling you this appears to us a very dark Story & that we expect a very particular [account] of it *bona fide* from you.

Gentlemen—We are  
Your Loving Friends & Servants

SAMUELL FRANK & Co. COUNCILL.

FORT WILLIAM,  
13<sup>th</sup> October, 1719.

(2) *Messrs. Stephenson & Falconers Answer to foregoing Letter.*

Dated 9<sup>th</sup> November, 1719.

To the Hon<sup>ble</sup> SAMUELL FRANK Esq<sup>r</sup>.  
Gov<sup>r</sup>. of Fort William, & President for  
Affairs of the Hon<sup>ble</sup> United English  
East India Company & Co. Councill in Bengall.  
Hon<sup>ble</sup> SIR AND SIRS

Mr Stephenson wrote your Honour & Co. from Futtua [Fatūbā] the 26<sup>th</sup> Ultimo advising of his having dispatched the boats from Noadda [Nauwāda] with an Account of what goods laden on them Account the Hon<sup>ble</sup> Company.

The 28<sup>th</sup> Ultimo we were favoured with your Hon<sup>r</sup> & Co. Letter of the 12<sup>h</sup> to which we now humbly reply, by our former Letters Your Hon<sup>r</sup> & Co. were informed of the Necessity we were under of dispatching the boats all together with an Account of the Impositions from the Government.

We observe what Mess<sup>rs</sup>. Browne & Barker wrote your Honour & Co. of the wonderfull Civility the Nabob shew'd them with his promise of remitting the former demands here, We have enquired of our Vaqueell [vakīl] Roopchund [Rūpchand] who was employ'd to adjust the business with the Nabob about resettling this Factory, he says he transacted all that Affair by the means of one Deelnarramsaw [Dilnārāyan Sāha] an Eminent Shroff [ṣarāf] & a great favourite of the Nabobs who undertook the Nabob should Comply with his promise, which was to excuse the Pishcash [piśkash]; for a yealy present in Barietys as formerly; Upon the arrivall of Mess<sup>rs</sup>. Browne & Barker at Futtua [Fatūbā] they receivd Letters from said Deelnarramsaw [Dilnārāyan Sāha] to the same Effect, however, when they came to Patna they thought fit to take the management of the Affair out of his hands and wholly employd Sheak Golam. momud [Shekh Ghulām Muḥammad] (a Creature of the Nabobs and only, so Account of putting him in a way to oppress & fleece all in his Power) to which wrong step Roopchund [Rūpchand] imputes in a Great measure the Extravagant Expence We have been at & that had our business Continued in the management of the former we should have been able to have adjusted it on much more reasonable termes.

Your Honour & Co. having orderd us to send a particular account of the last Years Salt Petre Investment we here enclose an Account of what Sums advanced to the severall Assamys [assamīs] what receivd from each of them and what balance due from them, we have distinguished these

who remain Debtors under the Denominations of good & Doubtfull, the first we are not apprehensive the Company will [be] Losers by tho perhaps we may not receive all their ballance this Year; By the others particularly Doodoray [Dūdha Rāe], Julray [Jalar Rāe], Lookman [Lakshman], & Terrulponde [Taral Pāṇḍe], we believe our Hon<sup>ble</sup> Masters will be great Sufferers, & we cannot help observing to your Honour &c<sup>o</sup> that they had Dadney [*dadni*] given them contrary to the advice of Peraun [Prān] and Severall of our most Substantiall Assamys [*asāmis*] which we think ought to have been Suffieient Caution not to trust them Shea Golammomud [Shekh Ghulām Muḥammad] and Mier Ismael [Mir Ismā'il] are able to Comply with the Contracts but as it is to be questioned whither they will we have included them under this head, further in Case they are not inclinable to discharge their Ballances, we shall find it very Difficult if not impossible to compell them, By Messrs Browne and Barkers private Contracts with the Companys Assamys [*asāmis*] our Hon<sup>ble</sup> Masters have not been nor shall be Sufferers which they would have been greatly had not your Honour &c<sup>o</sup> sent us hither for they both severall times demanded a proportion with the Company of what Salt Petro received according to their Teeps [*fips*] & very freely owned they would have done so had your Honr &c<sup>o</sup> continued in them the power, Nay Mr Barker went so far as to demand it in writing in the nature of a protest because we would not Consent to their having any till the Companys Teeps [*fips*] were fully Completed.

According to Your Honour &c<sup>o</sup> orders We have made a particular inquiry into the Cause of Rogoo Punditts [Raghū paṇḍit's] imprisonment For whose release five Thousand Rupees was paid & charged by Messrs Browne & Barker to the Hon<sup>ble</sup> Companys Account. We have examined the man himself who declares that he was imprisoned for buying Ophium without the City contrary to the Nabobs express order, he further declares that he two or three times wrote to the Gentlemen that were here desiring them to excuse him from meddling in any such affair, being apprehensive of the Consequence but they sent him repeated orders to buy and they would protect him so he was oblig'd to comply. They were frequently cautioned likewise by Peraun [Prān] Soot Deloll [Sūti, *dallāl*] & Sheak-Golom-momud [Shekh Ghulām Muḥammad] (the last of whom had with their Consent given an obligation in their names that they should not buy) not to meddle therein for that there would trouble ensue but they neglected all advice, Rogoo Ponditt [Raghū paṇḍit] was seized and they obliged to pay the money for his release, since their departure our Chupra Mutsuddy Sumbonaut [*mutaqaddi* Shambhū-nāth] (Rogoo [Raghū] Ponditts [paṇḍit's] son) has been seized and imprisoned on this same account they alledging that in the agreement for Rogoo [Raghū] Ponditts [paṇḍit's] release there was 500 Rupees to be paid in hand and 2000 on the dispatch of our boats, for this 2000 rupees he is seized and We have used our utmost Endeavours to get his Liberty but they have proved ineffectual and we do not see he will be cleared till said Sum is paid. Not being here at that time we are entirely ignorant of what agreement was made. Golom-momud [Ghulām Muḥammad] who was employ'd at the Durbarr [*darbār*] in this affair declares 7000 rupees was agreed to be paid but Peraun [Prān] says he never heard of more than five, whither the Gentlemen that were here were

acquainted with this we know not but by what we can learn Golom-momud [Ghulām Muḥammad] and Roopchund [Rūpchand] did agree to the payment of 7000 rupees at the Nabobs Durbar [darbār]. We are daily importuned by Rogoo [Raghū] Ponditt [paṇḍit] to pay said sum for the release of his Son who Suffers for his obeying the orders of the Gentlemen that were here, we have told him we cant pay any Sum without your Honours orders with which he is obliged to be satisfied. We request your Honour &c<sup>a</sup> will be pleased to take this affair into Consideration & send us orders what we must do therein, As soon as we received the Companys Books from Mess<sup>rs</sup> Browne & Barker We spoke to them concerning the 5000 rupees paid Account Rogoo [Raghū] Ponditt [paṇḍit] and desired them to write said Sum back or we must advise your Honour &c<sup>a</sup> thereof, they then excused it by saying the Nabob had made a demand for 2000 rupees for a Messmanny [mez-bāni] & on Account of former Customs which reasons not being Satisfactory they at last pressed us to stay and make a thorough enquiry into the Affair before we wrote which we consented to, & had not your Honour &c<sup>a</sup> order'd us to send you an Account of this Affair We should not have been so remiss in our Duty as to have Suffered such a Charge to pass without acquainting you thereof.

The Attrophy [aṭṛāfi]<sup>1</sup> is a Duty taken by the Nabob from the Lunias [lāsiās]<sup>2</sup> who boil the Salt Petre from every flactory so much money & Such a Quantity of Petre, this duty is generally farmed by some of the Inhabitants here but last Year (Contrary to former Custome) Mess<sup>rs</sup> Browne and Barker agree[d] with Sheak Golom-momud [Shekh Ghulām Muḥammad] to take a part thereof jointly with him. This they did on pretence of Securing our Assamys [asāmiās] from any Trouble from the Government. At the foot of the Account of Salt Petre deliver'd as signed by them (Copy whereof comes enclosed) they have mentiond for Attrophy [aṭṛāfi] 1s. per Md on 23259md. 21sr. 8ch. which amounts to Rupees 1463.11-6 which they expected we would charge in the Invoice & is the method they proposed the Company should be reimbursd for what paid on that Account As it has never been a Custom for the Company to pay any such duty We could not consent to charging it in the Invoice nor that the Company should pay the loss sustained by their farming it, a particular Account of what paid on that Account with what receivd [by] your Honour &c<sup>a</sup> have here enclosed, This money Peraun [Prān] paid by their order but in their Accounts have not given him Credit for it alledging it was taken for the Companys Account & they must pay it, Now we have truly stated the Case to your Honour &c<sup>a</sup> we request your orders to whose Account this money must be charged, by farming this Duty there was generally some gain but the troubles in the Country this year have occasioned the Contrary which makes us question whether it was not taken with an eye to their own advantage, besides it appears strange to us, that if it was at first designed for the Companys account the Sum advanced was not Charged to them, nor your Honour &c<sup>a</sup> advised thereof.

We herewith send an Account of our Expences in our way hither Likewise our Charges Generall and Cash Account for September with Invoice of goods

<sup>1</sup> *Aṭṛāf*, plural of *ṭarāf*, side, direction, meaning the vicinity of any place.

<sup>2</sup> *Lāsiyā* from *lān*, or *nān*, salt.

laden on the boats (who by Letters from Mr. Browne arrived Safe at Rajamall [Rājmahāl] the 1<sup>st</sup> of this month) by this time we hope the light boats have reached Calcutta with a Supply of Salt Petre.

One of our Chupra Assamys [*asāmis*] Hermudunsaw [Har Madan Sāha] makes] a Demand of 800 Rupees which sum was taken from him by the Government at the instigation of the Dutch whose Assamy [*asami*] he had been and left them, he was apprehensive of being brought into trouble and told Mr. Barker so who promised to protect him from any impositions upon which promise his demand is founded, we have hitherto evaded the payment tho' frequently pressed thereto by all our Assamys [*asāmis*] who we are fearfull will not Consent to Contract with us till some Satisfaction is made. We shall avoid paying it if possible and if we find it absolutely necessary to pay something shall adjust it as reasonable as we can.

We have certain advises that Raja Jassein [Jaisimha] has visited the King so are in hopes these troubles will Soon be over. We hear likewise that Gyrat Cawn [Ghairat Khān]<sup>1</sup> and Hydracooly Cawn [Haider Quli Khān]<sup>1</sup> are both bound this way one tis reported is designed for this Suba Ship [ṣubāḥ] and the other for Ellabass [Allahabad] in the room of Rajah Ohivdaram [Ohhabilah Rām] lately deceased,<sup>1</sup> we are in hopes on the arrivall of a new Subah [ṣubāḥdār], We shall be able to adjust our business in much more reasonable termes. Our Nabob is now out of the City and its said is gone to fight the Engenes [Ujainis]<sup>2</sup> however he has left a Deputy behind who fails not to oppress the City as much as if he were here himself.

Our present Vacquell [wakīl] Roopchund [Rūpchand] is very old and at present entirely depending on Golom-momud [Ghulām Muḥammad] who we have reason to think has done us many ill Offices, consequently he is unfitt to handle our business, We therefore request your Honour &c's permission to displace him and if you approve thereof we will entertain Mullmuckchund [Mulikchand] who was one of the Vacquels [wakīl] at Court with Mr. Surman who gave him a very good Character, unless in the mean time we can hear of a more proper Person.

At present we have not further to add than that we are with due respect.

Hon<sup>ble</sup> Sir & Sirs,

Your most Obed<sup>t</sup> Humble Servants

<sup>1</sup> Ghairat Khān had been appointed to the Agrah ṣubāḥ on the 9th February 1719 O.S.; but the native historians have no mention of his transfer to 'Agimābād Bahār. Haider Quli Khān left Agrah for Allahābad on the 2nd November 1719 O.S. The report of Rājah Chhabillah Rām's death was received at Agrah on the 25th Zul-1-hijjah 1131 H., that is 27th October 1719 O.S.

The <sup>2</sup> Ujainiyah clan, established to the south-west and west of Patna, under their own chiefs, were practically independent. They are represented by the modern house of Tumraon.

We herewith send a Phird [*fard*] of the Wacca [*waga'ya*] which mentions Rajah Jaseins [Jaisinha's] having Visited the King.<sup>1</sup>

(3) *Hugh Barker's Reply to the Allegations against him.*

To the Honble SAMUELL FEAKE Esqr Gov<sup>r</sup> of Fort William and President for Affairs of the Honble Company of Merchants of England trading to the East Indies &c<sup>l</sup> Councill in Bengall.

This reply to some Allegations in a Letter dated the 9<sup>th</sup> November 1719 From Mess<sup>rs</sup>. Edward Stephenson & Tho<sup>s</sup>. Falconer In Patna is humbly directed & offered to their Serious Consideration.

That the Civill reception and kind promises we had from the Nabob, was directly according to our Letter to the Honble Governour & Councill, being the Nabobs publick declaration in the Adollutt [*'adilat*] before all the Kings officers & the Multitude, as to Dailarams [Dayālram's] or Golom-momuds [Ghulām Muhammad's] service to the Honble Company before our arrivall we could not tell which was the greatest or whether any at all, unless we judge by their flattering Letters which are always big with Self interest. It might Reasonably be believed they were both concerned since their first Visit to us was together & ushered in by Roopchund [Rūpchand] Vacquell [*vakil*] & Poraun [Prān] the Broker with whom they had been some days before, Both Poraun [Prān] the Broker and Roopchund [Rūpchand] were of opinion that Golom momud [Ghulām Muhammad] was the Person of the greatest ability to Serve us, especially since the poor Circumstances of Dailaram [Dayālram] made it impracticable to link ourselves with him, This man is gomastah [*gumāstah*] to Fuckeer Chund [Fakirchand] of Ponypunt [Pānipat], having brought his Masters Factory in Patna to the state of Bankruppey. In this pickle and only with the acquaintance of a Single Visit he told Us "He heard we had brought a "quantity of treasure with us, which he desired we would deliver into his "factory & he would Credit us for a Leek [*lakh*] of Rupees as occasion required "withall that we would trust him with 300 pieces Ordinary Broad Cloth. I had all imaginable reason to dread Such a Costly friendship, besides the further he served us, the deniall must become the more difficult, not long after this accident Dailaram [Dayālram] was for misbeheaviour and insolenoy displaced and another Gomastoe [*gumāstah*] arrived in his room, Wherefore his only employ at present is attending the Durbar [*darbār*], renting Jaggeers [*jāgirs*] and being Security for the Jemidars [*samindārs*], the lowest ebb that can attend a Merchant: Besides the Nabob who was his patron in felicity has lately had Chowkeys [*chowkis*] upon him for his own Demands.

To the Gentlemens examination of the 5000 rupees paid to the Nabob, Account Rogoo [Raghū] Ponditt [*panḍit*]: I beg leave to make the following reply. The Nabob who is himself a man of prey and more inclined to oppress than

<sup>1</sup> Jai Singh Sawāe does not appear to have come to Court; but on the 1st October O.S. he had, by the persuasion of Rājāh Ajit Singh, Rāhtor, marched back from Fodah Bhim to Amber. Some say that he received as much as twenty lakhs of rupees from the Sayyads.

protest did for the Space of 4 Months from February demand 2000 Rupees for a Messmanny [*mesbāni*] only for passing by the Chupra Ground it could not be called factory since the foundation was not long laid and no Englishman or Muteuddy [*mutaqaddi*] on the Spot, and altho the nature of these Messmannys [*mesbāni*] (or wellcomeing presents) never amount to 100rs. in rice goats &c<sup>a</sup>. Yet was 2000rs. the Sum demanded, Add to all this The unfortunate Interregnum in the month of March by the dethroning of Farruckseer [Farrukhsiyar] & was followed by the setting up three Princes successively as such accidents put the whole Kingdom into Convulsions so the greatest irregularities and Abuses are to be fear'd for this reason I humbly conceive it was more our Interest to Court the Nabobs favour who without the times has a naturall falenlty of injustice, under this umbrage I proceeded to the aurungs [*aurangs*] & brought in near 40000rs. of the Honble Companys goods esteemed much safer under the Suba [*gūbahdar*] than the Jemidars [*sawāidars*], the latter not being troubled with the very shew of honesty, neither did the Nabob omitt tacking an Expence to his Civility, Frequently asking, "will you pay me nothing for my protection? Compare the difference with the last Interregnum." And indeed he put the matter in Execution with the whole City before it came to our turn, There being neither Dutch, other Merchant or Shroph [*garrāf*] that had not upon some pretence or another been muloted from 5 to 15000 rupees. During this Series of abuses the Nabob at the instigation of the Durbar [*darbār*] Harpeys required us to give an obligation not to buy Ophium without the City and accordingly, sometimes confining and always pressing our Vaequel [*vakil*], Old Roopehund [Rūpehand] finding me averse to the innovation, of his own head wrote an obligation which Sooty [Sūti] Deloll [*dallāl*] shewing Mr. Browne and me, before its delivery, Mr. Browne by my advice tore it, forbidding any such presumption for the future, Here I believ'd it requisite maturely to reflect on these growing abuses & that instead of Clearing the old former pishcash [*peshkash*] promised by the Nabob, we were submitting to impositions never heard off, and which, altho that was not directly a branch of the Honble Companys Trade, yet must speedily affect all other particulars When the Merchants Petre Hassamys [*asāmis*] & Shopkeepers, would with the Expectation of Selling to us themselves bribe the Nabob not to Suffer us to buy Salt Petre P<sup>a</sup>. goods &c<sup>a</sup>. without the City, & to render it the more plausible that this would enhance the Nabobs custom of Budreeca [*badraqah*],<sup>1</sup> which he always receives from the Merchants but cannot from us who have the Protection of the King's Phirmaund [*farmān*], From that time the Nabobs demands grew cool & upon only asking to bring in a small Quantity (more for musters than anything else) Golommomud [Ghulam Muhammad] the Nabobs minion Sooty Deloll [Sūti dallāl] & others told us & Poraun [Prān] we had the Nabobs permission, in the month of June the Budreeca Droga [*badraqah dargah*] Abdell Hossein [Abdul Husain] seizd Rogoo [Ragū] Ponditt [pandit] upon his going from the Factory to his house in Futta [Fatāhā] From whence being carried to Patna the first demand was

<sup>1</sup> Badraqah, Persian, an escort.

for cheating the King of 50000 rupees Custom by screening sundry Merchants trade and investments, next ensued a demand for his son Otmaram [Ātmaram's] wives being after a publick manner in adultery with Perraun [Prān] the Broker, (Perraun [Prān] being likewise look'd after and not daring to stirr out of the Factory in the day for severall months) but as the offender Praun [Prān] the Broker was not procurable they descended to a demand Account buying Ophium. To which reply was made that if they could prove it upon him, the persons or goods produced, He was content to pay a fine. But in truth he had not above three or four Md<sup>s</sup> and that not bought in a publick manner, but secretly by his own Servant in order to deliver in Afterwards at the market price, From hence ensued ill usage to the person imprisoned, not suffering him to set or lay down restraining his Victualls tying up for the whip &c<sup>t</sup> all which continuing above a month & bringing the old Man to Deaths door, I say these reasons with the thought that the whole Cloth Investment was under his Ocharge in Futtua [Fatūhā], the making up of which was at an entire Stop & that at this particular time of an interregnum we had no force to protect our factories or selves; we were against my inclinations constrained to pay the money thereby preventing any violent hands being laid on our other Gomastoes [gumastah] & Servants who were investing the Hon<sup>ble</sup> Companys money at the aurrangs [aurangs] or elce where, I now humbly offer; whether as I duely & honestly pay the Hon<sup>ble</sup> Companys Consulage A Branch of private trade always used by the English & never objected against in this manner, no more than our peice goods and Salt Petre may not plead some excuse for an unforseen Error of this kind, Especially when it was the Opinion of the whole City, that such an Innovation would certainly make way for the rest above mention'd, Finally I humbly submitt my hard Case to this Hon<sup>ble</sup> board and am now ready from my own pockett to repay my proportion of the money to my Hon<sup>ble</sup> Masters which the Nabob unfortunately forced from me.

The Attrophy [atṛṣṭi] of which we advised the Hon<sup>ble</sup> Governour & Council as an incident charge on the Salt Petre as per Letter dated March 27<sup>th</sup> is the Subahs [subahdar's] Custom on the Lunias [lūniā] & not rented from him for any known advantage but the protection of the Hassamys [asāmī], Upon our arrivall we found the Dutch in possession of the Singia Pergunnahs [Singhiyā parganas], Vist., Bessarah, Goa, Cusmer, Rutty, Guddason, Muckear,<sup>1</sup> & the Chupre Pargunnahs Manjee & Cheron,<sup>2</sup> it is the nature of the proprietor in this Affair to Exercise great Severity flinging down the ox loading off all the Lunias [lūniā] & first demanding the Attrophy [atṛṣṭi] The amount of each particular mans Share being controverted & abundance of Difficultys Started: The Poor Luniahs [lūniā] are obliged to Sell them only which is the Chief thing intended, Upon our giving out Dadey [dādā] for the new Year & not finding the Singia Ballagutch Hassamys [Singhiyā Bālagachh asāmī] Sufficient to perform

<sup>1</sup> Pizra, Goā, Kasam, Rati, Gadenher, Makir. Goā and Makir are at present parganas of the Sāran district. The others belong to Tirhut. See Hunter's *Statistical Account of Bengal*, 1877, XIII, 182-198, and XI, 357-360.

<sup>2</sup> Manjhi and Cherand, now parganas of the Sāran district. Singhiyā is now a village with a police outpost, in Tirhut.

an Investment of 30,000 mds. Salt Petre we were obliged to have recourse to Chuprah [Chapra], not without difficulty Several Substantial Hassamys [asāms] who had since the withdrawing our former factory contracted with the Dutch they now left them. The Dutch who used to receive yearly about 45000 mds. from that place alone, observing our footing notwithstanding the Nabobs horsemen, Ohubdars [ohobdārs] & Duans [dān's] Dustick [dastak] procured by them to prevent itt made now a further Essay & without any manner of reason by bribery prevail'd on Sheer Algun Cawn [Sher Afgan Khān] the Phowadars [faujdār's] son to seize Subachund [Sobhā Chand] the son of Hernundunsaw [Harnandan Sāha] our top Assamy [asāmi], all the rest flying away & hiding themselves after some days Imprisonment and hard usage Upon the Dutch pleading their power of Attrophy [atṛāfi] (for ballance there was none) he was obliged to pay 600 Rupees to the Government for his release, This accident put all the rest of our Contractors in a pannick fear; the most responsible of which & largest Contractors begg'd we would take the Attrophy [atṛāfi] for their protection otherwise they would immediately return our Dadney [dādni] & look for it where they Could find it the Year expiring about December (or Poon according to the Moors) & the Dutch ready to renew their Sunod [sanad]. I believed it our Duty to strive for it, & redress such abuses, which they had just imposed on us, As the Dutch offered to take the whole 39 Attrophy Purgunna [atṛāfi pargand] the good with the bad, we were obliged for our Honble Masters Interest to secure them to ourselves, And accordingly they were taken for the Year at about 3200 in money and Salt Petre as per particulars in the Sunnod [sanad], Yet to Consult frugality as well as an investiture of power, it was in conjuncture with Golommomud [Ghulām Muḥammad] versed in affairs of that nature, the money hitherto advanced is 1'75 Rs. of which, both Petre & money has been gather'd in wherefore in the best & worst of times the difference cannot be a Loss or Gain of 40' it may be observed the Gentlemen say the farming of this matter was an innovation, but I humbly appeal to this Hon<sup>ble</sup> board especially since the difference is so small whether it was not better to keep the Staff of protection in our own hands than let others have it and Charge the duty on all our goods. The sum advanced being in all 1705 ruppes it was calculated at 1s. per md. on 2723mds 3sr. 8ch. Vis'. 1453rs. 11an. 6p. on 23269mds. 21sr. 8ch. Account the Hon<sup>ble</sup> Comp. & 253r. 2a. 6p. Account private trade on 4034mds. 17sr. Now I humbly appeal whither Petre has ever been known to come out so cheap as 2r. 3a. & 2r. 4a. the former Books always Specifying from 2r. 8a to 2r. 12a. & Accidentally more As this Account is now stated according to the money advanc'd the Nabob, so when the Cash & Petre is gathered in that Head will receive a Considerable Credit. I am sorry the Gentlemen insinuates we took it to make an advantage to our selves; Seing I, for my part, had never any thought of it; but for the protection above mention'd.

As to the allegation that I after an indirect manner promised Hernundunsaw [Harnandan Sāha] to reimburse the 600 Rs. taken account his son by the Government, I solemnly protest never to have done any such thing, but on the Contrary told him, he must bear what was past as well as he could yet that I would endeavour at all proper measures for his Future protection, nay when Hernundunsaw [Harnandan Sāha] started this thing to Mr. Stephenson during

my being at Patna, I did declare to Mess<sup>rs</sup> Browne, Stephenson, Falconer & Peraun [Prān] the Broker That I had never directly nor indirectly promised him a reimbursement, with which every one at that time seemd Convinced and Hernundunsaw [Harnandan Saha] receded.

Mess<sup>rs</sup> Stephenson & Falconer observing Hoopchund Vaqueel's [Rūpchand *vakil's*] entire reliance of Golommomud [Ghulām Muḥammad] as a reason to displace him does demonstrate that I did not take the Durbar [*darbār*] business from Dailaram [Dayālram] without Hoopchund & Praun [Rūpchand and Prān] the Brokers proposals & approbations.

I now humbly offer that as I acted only in the Quality of Second to Mr Sam<sup>l</sup> Browne whose is the Executive part, I hope it may prove some alleviation to what alledged against me. Besides as Mr Browne was himself ignorant of both the language & Customs, & withall to the last degree ever Jealous of me, He put an entire Confidence in Perauns [Prān's] Council & Management.

This being what I had humbly to offer to this Hon<sup>ble</sup> board, In hopes of their favourable Opinion, I am with all submission,

Hon<sup>le</sup> Sir & Sirs,

Your most obedient humb<sup>le</sup> Servant,

HUGH BARKER.

FORT WILLIAM,

(4) *Hugh Barker's Petition.*

To the Hon<sup>ble</sup> SAMUELL FRANK Esq<sup>r</sup> Governour of Fort William & President for Affairs of the Hon<sup>ble</sup> Company of Merchants of England trading to the East Indies &c<sup>r</sup> Council. In Bengall.

The humble Petition of Hugh Barker sheweth: that whereas the Hon<sup>ble</sup> Board have determined the five Thousand Rupees taken by the Suba [*ṣubāddār*] of Patna, had no immediate reference to the Hon<sup>ble</sup> Company's Affairs, He prays that any fault on his side may not deprive him of the Hon<sup>ble</sup> Company's Service he being willing notwithstanding Mr Browne was Cheif & sole director of the Cash & other Affairs (Hugh Barker being frequently Absent at the Outward Factory) to pay his proportion of the money back, nay Even the whole sum upon Mr Sam<sup>l</sup> Brownes insolvency and that the Affair being referd to the Candid & mercifull Determination of our Hon<sup>ble</sup> Masters may be his Severest Censure.

He also humbly offereth that for all debts &c<sup>a</sup> which may be judged to appertain to his Account in Patna, by this Hon<sup>ble</sup> Board he is with the greatest Submission ready to discharge them on the first demand, And your Humble Petitioner shall ever pray

FORT WILLIAM,

<sup>1</sup> This pretender's story of the diamond ring seems founded on the circumstances under which Muḥammad Karīm, eldest son of Aḡmu-ah-Shāh, was captured at Lāhor in 1712. See Vol. II, Pt. 1, p. xxvi. The elder brother of Muḥammad Shāh was slain at Lāhor on the 16<sup>th</sup> March 1712 O.S. at the same time as his father, Jakhān Shāh. See p. xxvii of the same volume. There was no relation of Muḥammad Shāh in Agra fort.

Our Pylots acquainting us that the Cossimbuzar Sloop was very leaky and wanted her Bottom to be Repair'd, We  
 Monday, 18th April. Order'd Captain John Jones Master Attendance, John Cassells Pylott, John Holman & Henry Cockrom Ship Carpenters to Survey her & give in their Report in writing to us which they did the 4th Instant.

To the Hon<sup>ble</sup> SAMUELL FRANK Esq<sup>r</sup> &c<sup>s</sup>. Sirs of Council.

We the under Subscribers having taken a thorough Survey of the Hon<sup>ble</sup> Companys Sloop *Cossimbuzar*, finding Severall Places of her main Plank and Oakum in the Seams Very much decay'd most of her dead Wood Timbers and Crutohes Rotton (not fitting to Nail the Plank to) so that we think it much properer for the Security of the Companys Effects & their Service in the River that all her Sheathen should come off, & the Bottom Rebuilt, this We judge to be much Cheaper to the Hon<sup>ble</sup> Company than patching of her up, dated at Fort William 4<sup>th</sup> of April 1720.

JOHN JONES

JOHN CASSELLS

JOHN HOLMAN

HENRY COCKROM

*Cossimbuzar Sloop to be rebuilt.*

We having for Severall days considerd and informd ourselves the best we could of what Condition She is in we find her upon further Search to be much worse than reported to us and by the Opinion of all Seafairing Men with us will be much Cheaper rebuilt than any ways patching up, when next year the old Work will become entirely Rotton & must then again be pull'd to Peices, Wherefore

AGREED That they now give her an entire new bottom, and that the Buxey [*bakkhat*] secure Timbers and the best Teak Planck procurable for that purpose.

1441.—THE MOST FAVOURABLE RATE OF EXCHANGE NOT ALLOWED TO THE COMPANYS' SERVANTS IN BOMBAY.

Yesterday arriv'd the *Severn* before our Fort from Suratt but  
touched in her way at Fort St<sup>e</sup> George, she  
brought us a Generall Letter from the Governour

Monday,  
June 6<sup>th</sup>.<sup>1</sup>

<sup>1</sup> June 5 was Whit Sunday.

and Councill of Bombay dated the 16<sup>th</sup> Aprill advising of the Ships *Fordwich* and *Hannover* arriving Them this season from Europe both which They have dispatch'd fully laden for Great Brittain the former from Callicut the 3<sup>rd</sup> February, but the *Hannover* made it the 18<sup>th</sup> of March before she left Carwarr, So they are apprehensive she must winter at Madrass.

The *Tcunsend* consign'd them from the Governour &c<sup>a</sup> at Fort St<sup>e</sup> George with Kintledge and Twenty Thousand Pagodas for a Cargoe of Pepper they dispatch'd from Their Coast the nineteenth February.

They advise the Hon<sup>ble</sup> Court of Directors have given the Servants of their Presidency a liberty of remitting money from hence by Bill paying into Their Cash here a Current Rupee for Two Shillings and Nine Pence and request that Mr. John Saunders may pay in the Sum of one Thousand Six Hundred Bombay Rupees and have Bills of Exchange given for Account of Mr. John Horne.

We not having receiv'd any Orders or advice from our Hon<sup>ble</sup> Masters of this Indulgence given to any of their Servants but who reside at this Presidency.

AGREED That we acquaint Mr. Saunders that we can't receive any Sum of Sums of money into Cash and give Bills of Exchange without direct orders from the Hon<sup>ble</sup> Company on any other terms than Customary to all free Merchants which is at two Shillings and Six pence per Current Rupee of Bengal.

1442.—HUGLI SLANDERS THE ENGLISH TO JA'FAR KHÂN.

The 19<sup>th</sup> Instant we received a Generall from Cossimbuzar dated the

Thursday,  
June 23<sup>rd</sup>.<sup>1</sup>

15<sup>th</sup> wherein Mr. John Deane &c<sup>a</sup> advise that the Hugly Government had wrote the Nabob that we were building Outworks & Casting up Trenohes round our Towns whereon our Vaoqueel [*vaki*] was confined a whole night at the Durbar [*darbâr*] upon which he sent the Nabob an answer it was a forge[d] peice of Villany of the Hugly Phowdar [*phowdar*] &c<sup>a</sup>. Officers, however this false information has given them a handle or pretence of quarrelling in hopes by their threatening or offering to disturb us they may in the End extort a Sum of money from us we not haveing for some Years past given any of the Customary annuall Presents to the Hugly [Hugly] Officers nor rany Sum to Jafferoaune [Ja'far Khân] since Governour Feake

<sup>1</sup> The moon was new on June 2.

Settled that Factory & the Country in Effect still continuing as in an Interregnum for the King is not yet obey'd and the Kingdom in most parts in Rebellion, wherefore a very improper Season to purchase any Nabobs favour at the Expence of so large a Present as he expects or will accept off. The real Grounds of this Complaint is nothing more than a handsome open Road we were designing to make on the Southermost part of our bounds, On a direct Line so as to keep the Country open and Clear for Levelling of which we were obliged to make a small Ditch for the Earth which they out of disgust or ill nature have term'd an Intrenchment tho' nothing more than what a Horse may leap over, this being a Generall benefitt for the free Passage of the air thro' the whole Town would have been made at the Expence of our Merchants &c. Inhabitants, notwithstanding we have acquainted the Government with the truth of this affair and to prevent any room for Jealousie have forbore going on with our designe and taken off all our Workmen they still have represented the matter as a Fortification to the Nabob and now have Insolently orderd our Hugly Vaqueel [*vaki*] to write us to breake up what allready levelled and fill up the ditch or otherwise they'l send force to do it for us.

1443.—LETTER OF EXPLANATION SENT TO THE NABOB.

AGREED we Immediately write the whole Affair to the Nabob  
 and at the Same time again recollect him of  
 June 23rd. the late abuse we suffered in our Hugly

House by misrepresentation and that if the Government continued daily to molest and disgrace us we cannot quietly suffer such abuses and that our Vacquell [*vaki*] go to the Durbar [*darbār*] at Hugly and give the Duhy [*duhai*] in the Kings name and there publicly declare that we desire to live here as Merchants and quietly enjoy the priviledges granted us by his Majestys Royall Phirmaund [*farmān*] but if they were resolved to Affront & insult us we would not tamely bear it but defend ourselves and Oppose any Force they should send in an Hostile manner to approach our bounds, also

AGREED The Buxey [*bakshi*] do with all Expedition build a Couple of slight Straw Bungelaes on the Southermost edge of our Bounds for the Conveniency of our Soldiers and their Arms during the rainy Season, In case we should be obliged to keep out Guards to

secure our Inhabitants which will likewise Shew the Government we are fixed in our Defence.

## 1447.—EXPLANATION TO THE NABOB.

In a Generall Letter from Cossimbuzar dated the 20<sup>th</sup> Inst.  
 Monday, Mr. Deane &c<sup>a</sup>. advise us that Mahmud John  
 June 27<sup>th</sup>. [Muhammad Jān] Generall of the Nabobs  
 Forces & his great Favourite had sent to them to enquire the truth of  
 this alarm, the Hugly Government had so maliciously spread up  
 and down the country of our Intrenching ourselves round our Towns  
 on which they gave him a Letter of the Truth of this affair which he  
 has carried to the Nabob.

## 1448.—DISPOSAL OF BROAD CLOTH.

The Broadcloth sent to that Factory having been there ever since  
 it was last settled, upon their examining the  
 June 27<sup>th</sup> bales they find the Cloth much damaged with  
 spots and moth eaten, not being able to put any off as Dadney  
 [dadni], they request their broker might take it off their Hands, who  
 has offerd to bring Goods in for the amount provided he may have  
 it at the Calcutta price allowing the Difference off Batta [batta] and  
 Liberty to send it to Patna.

Considering the Gentlemen at Patna have wrote for two hundred  
 bales which we designe to send them as soon as the Europe ships  
 arrive we judge it more our Hon<sup>ble</sup> Masters Interest that it be sent  
 thither on their Accounts, least it being damaged might be anyways  
 prejudicial to the sale of the whole and that we put a Seperate mark  
 on those Bales and advise them of the same.

AGREED We write Mr. Deane &c<sup>a</sup>. this our Resolution and that he  
 forthwith repack the bales and return them by the first good convey-  
 ance of boats that he dispatches towards us.

 intended to attempt the resettlement of Fort Malbro' and had appoint-  
 ed Mr. Joshua Draper Supervisor on the *Craggs* frigott, but by the  
 Captains Representation the Ship proved not in a Condition for the  
 service of the Hon<sup>ble</sup> Company as want of Provisions and leaky with-  
 all wherefore they have protested against her for those defaults, and  
 that the Commander was bound down here to refitt his Ship and

qualifie her to receive a lading on board which they desire we would give her and dispatch her for England.

## 1454.—OPPOSITION TO THE DAHRAH SAYYADS.

The 8<sup>th</sup> Instant receiv'd a Letter from Mess<sup>rs</sup>. Edward Stephenson and Thomas Falconer at Patna dated the Monday, 25<sup>th</sup> Ultimo. They write the Chuokwars [Chakwārs] continue very strong and desire that we will send a strong party of Souldiers to convoy the boats, Nazamulmook [Nizāmu-l-Mulk] one of the great Omrahs [*umara*] has gathered great forces in the Ducan [Dakhin] Country and has openly declared against the Syuds [Sayyads] who (as they advise) have since ondeavour'd to pacifie him with an offer of that Government, but is much doubted whither he will accept thereof, the whole Kingdom continues discontented with these two ministers and are resolv'd to seek all means for their Destruction.<sup>1</sup>

## 1455.—HINDRANCES AT CASSIMBAZAR.

Yesterday receiv'd a Generall from Mr. Deane & Co<sup>a</sup>. at Cassimbazar dated the 5<sup>th</sup> Instant advising that they Monday, July 11<sup>th</sup>. have deliver'd the Letter to the Nabob as was agreed to write him in Consultation of the 23<sup>rd</sup> Ult<sup>o</sup>. but that the Government still continue very troublesome and that the Putcherry<sup>2</sup> Droga [*dārōghah*] stops and hinders the Merchants from bringing in their goods, which we suppose to arise from the representation the Hugly Phowsdar [*faujddar*] has given of our new road.

<sup>1</sup> Nizāmu-l-Mulk, governor of Malwah, had invaded the Dakhin, crossing the Narbadā by the Akbarpur ford, on the 27th April. 1720 O.S.

<sup>2</sup> Putcherry is a word of obscure origin supposed to represent the Tamil *parasā-sātri*, the quarter or outskirts of a town or village where pariahs reside. Latterly in the Bengal Presidency the name was applied to the cottages in which the married soldiers were quartered. The Putcherry *dārōghah* was a sort of town inspector.

PORT WILLIAM, JULY, 1720.

1156.—TROUBLES AND ALARMS.

The 12<sup>th</sup> Instant receiv'd a Letter from Mess<sup>rs</sup>. Edward Stephenson and Thomas Falconer at Patna, dated the 1<sup>st</sup> of this month confirming what mention'd in Consultation of the 11<sup>th</sup> Instant and as expected that Nazamulmulk [Nizāmu-l-Mulk] had refused the Phirmaund [*farman*] and Seerpaw [*sar-o-pā*] sent him by the King for the Government of the Decan [Dakhin] Countrey, returning answer that it came from the Syeds [Sayyads] who kept the King prisoner from whom he hoped to deliver him and restore the Kingdom to its Former Freedom, and would then submit to his Majesties Commands for which he now took up arms and is at the head of a very formidable army, and it is thought matters are grown to too great a height to be accommodated without bloodshed.

We find the alarm of our new road has reached them, we suppose by some frighted Merchants advices which seems to put them under some uneasie tho' groundless Apprehensions of meeting troubles in their affairs.

1157.—REBUKE TO THE CREDULITY AND TIMIDITY OF THE PATNA COUNCIL.

Agreed that we Immediately write to Patna and Severely Check them for their credulousness and shewing themselves terrified at any Rumour that flies through the Country and that they might have been assured had there any thing happen'd here that could have molested their affairs, we should have given them our necessary orders and directions for their future management which they ought to have expected and waited for, and not Shew'd any timorousness before even their own Servants who betray them to the Officers of the Government, who are never wanting to embroil their affairs, and extort money if they Can by any means frighten them into a Compliance. They advise of one of the Hon<sup>ble</sup> Companys Petre Boats being oversett in a squall coming from Minapere to Fattua [Fatūhā] in which was 60 bags and 43 were intirely lost.

1158.—ZAMINDARI ACCOUNT FOR MAY, 1720.

## 1469.—DEFEAT OF THE SAYYADS BY NIZĀMU-L MULK.

Just now receiv'd advices from Pattna under date the 24<sup>th</sup> Ult<sup>o</sup>.

Tuesday,  
August 2<sup>nd</sup>.

confirming the news of Nazamulmoolek [Nizāmu-l-mulk] defeating the Syeds [Sayyads] forces in the Decan Country and dayly growing more powerfull.<sup>1</sup>

<sup>1</sup> This must refer to the defeat of the Sayyads' general, Sayyad Dilāwar 'Alī Khān, on the 8th June 1720 O.S. The battle was fought in the hilly country to the north-east of Burhimpur. Dilāwar 'Alī Khān, Rāo Bhīm Singh, Hādī, of Bondi, and Rājā Gaj Singh, of Narwar, lost their lives. Tod in his *Rajasthan*, with his usual inaccuracy, tells us that the battle was fought in the broken ground along the Sind river in Mālwah, some hundreds of miles from the true spot.

## 1170.—TWO HUNDRED EUROPEAN SOLDIERS REQUIRED TO GUARD THE WAY TO PATNA.

They advise the Chowkwārs [Chakwārs] are come to a great head and as there is no King obey'd, all Jemin-dars [sāmindārs] &c<sup>a</sup>. that can gather to-gather any force, plunder and rob where they can overpower wherefore they desire we wou'd encrease the party design'd to convoy our Hon<sup>ble</sup> Masters boats to and from them. As the Chowkwars [Chakwārs] during these times can at very little warning double their numbers, wherefore

ORDER'D that we send two hundred European Centinals under the command of Major Richard Hunt a Lieutenant and two Ensigns &c<sup>a</sup>. Officers which will be thirty men more than sent last year and suffioient to guard the boats and resolv'd we dispatch them with all expedition considering the rains have fallen very heavy this Season and the Fresh very strong in the river.

## 1471.—DEATH OF MR. SAMUELL BROWNE.

Tuesday,  
August 2nd.

This morning departed this Life Mr. Samuel Browne.

## 1472.—BROKER TO PROCURE 13000 MADRAS RUPEES AT INTEREST.

The Ballance now remaining in Cash being mostly in Chequeens and we being in immodiate want of rupees to advance the boats and Soldiers now on their departure for Patna.

Thursday,  
August 4th.

AGREED that the Broker procure us thirteen thousand Madrass rupees at Interest to be paid again in the same specie, on the arrival of our first Ship from Fort St. George for the following reasons, First that we can put off the Chequeens as Dadney [dadni] to our Merchants for one anna each more than they will pass in any other payments. Secondly that we know by experiance the Shroffs [sarrāfs] will always greatly impose on us in the price of Silver when they know we are necessitated to buy rupees for our expences, add to this the lateness of the Season and the want our Merchants are in for their Dadney [dadni] of which they have as yet receiv'd no more than ten p<sup>r</sup>. Cent on our first contract before the additionall List now contracted for, and the Investment order'd this year very large if they are not now supply'd the

French who as reported have brought large Stocks of Bullion will undoubtedly gain the preferance at the Aurungs [*aurangs*], Wherefore

ORDER'D that ten Chests be sent to Patna and the remaining forty chests be given our Merchants which with what before advanced will be but 28. 10. 6 p<sup>r</sup>. c<sup>t</sup>. on the dadney [*dādni*] goods contracted for this Season.

## 1473.—MERCHANTS ALLOWED INTEREST

Our Merchants are now very clamorous for their Arrears due to them which amounts to rupees 268898. 7. 3 and is as follows.

ORDER'D that the Broker acquaint them we are obliged to give out what now arriv'd for this years Dadney [*dādni*] and that on the arrivall of the next ship their Ballances shall be discharged or they allow'd Interest (they now give to the Shroffs [*sarrāfs*] for money to go on with their merchandize) to commence from this day.

 Companys Generall Letter to Bengall dated 3<sup>rd</sup> February 1719-20 etc. etc.

The *Duke of York* touching at Madrass brought us the *Duke of Cambridge's* & *Derbey's* Packquets.

## 1477.—STEPHENSON AND FALCONER TAKEN INTO COUNCIL.

This day being mett again to consider our Hon<sup>ble</sup> Masters Orders receiv'd yesterday per *Duke of York* And observing Tuesday, August 9<sup>th</sup> how they have appointed the Council of this Board Mr. Samuel Browne who is order'd as Fifth being as per Consultation of the eight December 1719 being dismiss'd the Hon<sup>ble</sup> Companys Service for breach of Trust and since on the second Inst. departed this life, And Mr. Michael Coatesworth being in our Consultation of the ninth January last laid aside as not capacitated to take the charge of any Post of Trust, We are unanimously of opinion that we can by no means reinstate him here before our Hon<sup>ble</sup> Masters are acquainted with our reasons for putting him by and he by industry and constant application to business quallifye himself better for the Hon<sup>ble</sup> Companys Service.

This occasions two Vacanceys at our Board and the Hon<sup>ble</sup> Court of Directors having not further objected against Mess<sup>rs</sup>. Spencer and Eyre's than by ordering Mess<sup>rs</sup>. Stephenson and Falconer now both at Patna to succeed before them.

AGREED that they are now taken in as Eight and Ninth at this Board, and that at the end of the month those Gentlemen prepare

Captain Thomas Blake having the 1<sup>st</sup> Inst. deliver'd in his request to have his Ship *Craggs* Friggott survey'd, which we defer'd till the arrivall of a Ship from Madrass in expectation the Gov<sup>r</sup>. &c<sup>a</sup> of Fort St. George wou'd have remitted us copy of their protest that We might have seen their perticular reasons for so doing but by the *Duke of York* they write us they desire the *Craggs* may be sent there to joyn company with the *Oardonnell* who they design to dispatch the very beginning of October when at the time the *Craggs* left Madrass they desired us to give her a full loading directly for Europe tho' they sent us no part of her Cargoe either money or goods to enable us to provide one here, and 'twas the first of August when the Captain desired a Survey on her before our Fort William which we have till this day deferr'd for want of knowing the reasons those Gentlemen protested against her, And in the months of August, September and part of October the Currant is so rappid in Bengall River that no Vessel of any burthen can fall down without eminent danger (which is well known to all Persons in India) for which reason no Pylott whatever will take charge of an Europe Ship unless by compulsion which can be no ways approv'd of so apparently to hazard our Hon<sup>ble</sup> Masters Estates by such impracticable measures.

ORDER'd that Capt. John Jones Master of Attendance & Henry Cookrom Ship-Carpenter proceed on board Ship *Craggs* Friggott Capt. Thos. Blake Comm<sup>dr</sup>. ## 1495.—CATHARINE BROWNE'S EFFECTS TO BE SOLD.

M<sup>rs</sup>. Catharine Browne the 10<sup>th</sup> Ult<sup>o</sup>. sent us her request that We would appoint somebody to take an Account of the remainder of her Deceased Husbands Effects as by her intended to sequester, Whereupon Mess<sup>rs</sup>. Collett and Spencer were appointed to go and take a particular Account of every thing they foud in her house but She being then ill and very much out of order desired they would deferr coming till She gained a better state of health so that it became the thirtieth of said month before they were admitted when they took the following List which She declared was all She was possess'd of.

AGREED that every thing except her Wearing Apparrell be dispos'd of and the produce devided amongst her Creditors.

(I) Answer to M<sup>rs</sup>. Browne's Request.

To M<sup>rs</sup>. Catharine Browne,

Madam

We receiv'd under date the 10<sup>th</sup> Ult<sup>o</sup> your request to sequester and deliver up all You was possess'd of as Widdow of M<sup>r</sup>. Samuel Browne deccas'd in order

<sup>1</sup> The battle with ‘Ālim ‘Alī Khān was fought on July 29, 1720 O.S., at a place between the villages of Kulhari and Pimpri Gauri, close to Bālpur town, in the Akola district, Lat. 75° 50', Long. 20° 40'. ‘Ālim ‘Alī Khān was not made a prisoner, but fell on the field of battle. ‘Abdu-ṣ-Ṣamad Khān, governor of Lāhor, and Sarbuland Khān, governor of Kābul, made no sign.

the same may be dispos'd of, and the produce divided amongst his Creditors, but your late Illness prevented those Gentlemen appointed to take an Account of Your Effects waiting on You before the 30<sup>th</sup> Ult<sup>o</sup> and We find in all cases of Sequestration the Law directs that a particular account be taken of every individual thing or things as moveables or any necessarys whatever immediately on the decease of the Person indebted which if deferr'd any time will render such sequestration as invalid of no force and therefore as Your deceas'd Husband Mr. Samuel Browne departed this life the 2<sup>d</sup> August and an account not taken till the 30<sup>th</sup> of said month we must be of opinion that the Law will not allow that to take place or be of any service as clearing You from future Demands.

We are, Madam,

Your most humble Servant

Samuel Peake

Ensign Gammon who was dispatch'd with a small Party had clear'd from Diddergung [Didārganj] Chowkey [*chauki*] fourteen Boats with the Hon<sup>ble</sup> Companys Dusticks [*dastaks*].

1498.—DECISION WITH REGARD TO THE DISPATCH SHIPS.

The President &c<sup>a</sup> Council of Fort St<sup>e</sup> George having sent us down the *Craggs* Frigott under their Protest (so consequently an empty Ship) at that time requesting we would give her a full Ladeing for Europe tho' afterwards in their letter of the 20<sup>th</sup> July they desire she may be return'd to them by the 1<sup>st</sup> October and in their letter by the *Mary* of the 13<sup>th</sup> August sent us a calculate of the Ships they design to dispatch for England where the *Craggs* is included but soon after in theirs of the 18<sup>th</sup> said month recommend the *Duke of Cambridge* for a Countrey Voyage as they expect the *Hartford* may arrive them.

Monday,  
September 5<sup>th</sup>.

On receipt of their last letter the Warehousekeeper was order'd to make an exact calculate of Tonage we should be able to dispatch for England according to the List of Investment Order'd by our Hon<sup>ble</sup> Masters and now contracted for which if [we] meet with no unforeseen disappointment we find will enable us to dispatch one of their Ships directly from the Bay and give them the assistance we promis'd in our last of four hundred Bales each Ship to be return'd them besides Kintlage, Wherefore

AGREED that we now write to the Gentlemen at Madrass to send us what money they can spare to reimburse us the Amount of one Ships Cargo, and prevent our running so deeply in Debt considering the small Stook the Company have allotted us this Season and the Interest of Bengall being 12 per Cent and at Fort St<sup>e</sup> George but 9 per Cent per Annum which difference of 3 per Cent is so much a greater Loss to our Hon. Masters.

into Cash being fifty seven thousand four hundred and twenty Rupees and our Merchants (as noted before in our former Consultation) still complaining that they can by no means comply with their Dadney [*dadni*] Contracts without an additional Supply and what makes us more willing if possible to be farther assisting is to prevent their having room or plea for any diltoriness in bringing in their goods Considering there now be three French Ships and one Ostender in sight of our Fort who undoubtedly will not be wanting to give any encouragement for goods as the time for their departure draws near, Wherefore

for the goods sent Acco<sup>t</sup> the Hon. Company if the troubles up  
the Countrey were speedily accomidated of which they have so

to gett the Dustick [*dastak*] for our boats departure before he went,  
for if it was not procured before it wou'd be a great trouble &

1557.—DESPATCH OF THE *MARY*.

Monday,  
December 6th. The 3rd Inst. Mr. Samuel Greenhill return'd  
from Pibley, And acquaints Us that he  
dispatch'd Ship *Mary* from thence the 29th Ult<sup>o</sup>.

1558.—PHILLIPS TO DISPATCH THE *DUKE OF CAMBRIDGE* AND THE *DERBY*.

Tuesday  
December 13th. All Papers being prepar'd for y<sup>e</sup> dispatch  
of Ships *Duke of Cambridge* and *Derby*

AGREED that they be sign'd and the Packetts made up; And  
that Mr. Thomas Phillips go down to Pibley, gett the Bills of  
Lading sign'd, And deliver the Captains their Dispatches for Fort  
St<sup>e</sup> George.

## 1559.—INTEREST PAID TO SEBBILA ROTT.

Sebbila Rott Mother to the Widdow of Richard Collins decess'd  
having severall times acquainted us, her  
Thursday,  
December 15th. Daughter dyed the 15th July last, And  
humbly requesting We wou'd pay her eight months and an half  
Interest due to her on the three thousand rupees lodg'd in the  
Hon. Companys Cash, at Interest [for her use during her life, And  
alledging she has left two Children on her hands,

AGREED the President pay her the Interest due to the time of her death and

ORDER'D that the Accomptant write off the principall  
Curr<sup>t</sup> London, And that We advise the Hon. Court of Directors thereof that they may pay the same to those whom of right it belongs unto.

1560.—ACCOUNT BETWEEN MESSRS. HALL AND THEOBALD ADJUSTED.

Mr. James Williamson Attorney for Mr. Thomas Theobald in  
Thursday, December 15th. Madrass, now sent in Acco<sup>t</sup> stated between  
said Theobald, and Mr. William Hall decess'd  
by which there appears due from the latter the sum of sixteen hundred eighty one rupees, two annas nine pyce curr<sup>t</sup>. which he desires may be paid him out of said Hall's Estate. The above Acco<sup>t</sup> at first sight appearing intricate, We have examin'd into it strictly, and find that at the time of the date of the Acco<sup>t</sup> Curr<sup>t</sup> sign'd by Hall, he was indebted to Mr. Theobald the sum of two thousand seven hundred twenty five rupees four annas, which money Mess<sup>rs</sup>. Livesay & Boddam were empower'd to receive, but Hall not being in Cash, he gave them Bills for that sum on the following persons, Viz<sup>t</sup> on Gov<sup>r</sup>. Boone, which he concluded he would be able to discharge on the sale of 41 bolts of Canvas he

had sent him	...	...	1,316	2
On Mr. Franoia at Suratt to whom he had sent				
an adventure of China Ware	...	...	1,409	2
		Rupees	2,725	4

This appears by an obligation he gave them at the same time that in case said Bills were not discharg'd, he would be accountable with Interest from the date of said obligation. Mr. Francias Bill was duly paid but as the money did not come to Mr. Theobald's hands till May following, Interest is charg'd on that Summ from the date of said obligation till that time. Governour Boones was not; which is evident from his letter to Hall relating to the Canvas, wherein he orders Mr. Williamson to pay him six hundred rupees upon that Acco<sup>t</sup> and for what shou'd be due to him more, he wou'd afterwards give orders for the payment; from hence it plainly appears that said Sum of sixteen hundred eighty one rupees, two annas, nine pyce is justly due from Hall's Estate to Mr. Theobald's, Wherefore

AGREED the President pay the same to Mr. James Williamson, And that We write to Governour Boone concerning the Ballance that may be due from him on Acct<sup>t</sup> of the Canvas Oesign'd him by Hall.

## 1593.—SURVEY OF THE COMPANY'S SLOOPS.

Captain John Jones Master of Attendance and Henry Cockram  
 Ship Carpenter having survey'd the Hon. Com-  
 pany's Sloops, & given in a report of what  
 repairs are necessary.

ORDER'D that the Buxey [*bakhshi*] have them repair'd accordingly.

To the Hon. SAMUEL FEAKE Esq<sup>r</sup> & c<sup>a</sup> Council  
 Hon. Sir & Sirs

We the under Subscribers have examin'd and overlooked the Hon. Comp<sup>y</sup> Sloops relating to the repairs they will want for their Outsett, and what other materiall alterations that will be necessary to be done to them.

The *Charles* Sloop to be rais'd forward on the Bows about thirteen Inches, which will make her much better for riding at anchor, also She must be grav'd, and some other small necessary work which will be wanted.

The *Cossimbuzar* Sloop having receiv'd some damage lying along side the Europe Ships, there must some part of her Whale be shifted, and a few top Timbers be put in her, She must be grav'd and some small other necessary work which will be wanted.

The *George* Sloop being very deep in the West it was something dangerous her shipping a great quantity of water, which might prove of ill consequence; we beleive it very proper to raise her Deck which will make her much fitter for the Sea, and for stowing more bales; her rudder Irons being much worn, so that they must be made new which is all the materiall matter that's to be done to her Hull; she will want a new boom the old one being sprung and not serviceable.

The *London* Sloop will want a new Mast, and about ten foot keel to be put in her, the fore part of the old Keel being very much shatter'd, so that there is no security for the Bolts; it will be necessary to strip off some part of her sheathing to shearch her hodding's ends, and between wind and water; Also she must be grav'd, and some other small necessary work which will be wanted.

We are  
 Hon. Sir and Sirs  
 Your most Obed<sup>t</sup> Hum. Serv<sup>ts</sup>.

JOHN JONES  
 HENRY COCKRAM.

1613.—SURVEY OF THE *GEORGE* BRIGANTINE

Captain John Jones and Henry Cockram having survey'd the  
*George* Brigantine according to Order of Con-  
 Monday, April 17th. sultation the 10<sup>th</sup> Inst. now gave in their report  
 of what repairs and alterations are necessary,

ORDER'd that She be repair'd accordingly, And that their report be  
 enter'd after this Consultation.

To the Hon. SAMUEL FRANK Esq<sup>r</sup>. &c<sup>a</sup>. Council

Hon. Sir & Sirs

According to your Orders We survey'd the *George* Brigantine and find that  
 her hause holes are very high, so that the Windlace is placed accordingly, which  
 makes it very tedious and dangerous when they are purchasing their Anchors,  
 We judge the most properest way will be to raise the Forecastle and the forepart  
 of her main deck.

She is very deep in the Waste, & it wou'd be very convenient to lay another  
 Deck on her She will burthen more and have more rooms for the Cables Water  
 &c<sup>a</sup>. between Decks, where now She carries in the Hold which takes up a great  
 part of it; This alteration will make her much better for the Sea; Her fore-  
 mast is very rotten and the Bow-spritt is sprung they are not serviceable again,  
 so that She must have new, also a Fore-Yard, Topmasts, and other things which  
 will be necessary to be done. Dated in Fort William the 14<sup>th</sup> April 1721.

We are

Hon. Sir and Sirs,

Your most obed<sup>t</sup>. humble Servts.

JOHN JONES

HENRY COCKRAM.

1623.—CHANGES IN COUNCIL.

The late Alterations in the Council occasioning a removal of  
 Monday, Mr. John Eyre Jamidar [*samindar*] to the Places  
 May 1st. of Buxey [*bakhsht*] and Storekeeper, and Mr.  
 John Stackhouse Storekeeper to the place of Jamidar [*samindar*],  
 which was deferr'd till the Ballancing of the Generall Books as  
 the most proper time,

ORDER'd that They now take charge of those Posts accordingly, And that Mr. John Eyre sign a receipt for the Ballance which he receives from the Buxey [*baskhi*] and Storekeeper.

1624.—THE PATNA NABOB STILL DELAYS HIS DEPARTURE.

The 6<sup>th</sup> Inst. receiv'd a Generall Letter from Messrs. Edward Stephenson and Samuel Harwood at Patna  
 Monday, May 8<sup>th</sup>. advising the Nabob has not yet left that place, tho' he has withdrawn his Forces from severall Parts of his Government (some of which the Duan [*dūān*] has taken charge of) and made preparations as if he intended very shortly to march away, but his so long delaying it gives suspicion of his design to turn Rebell.

They have got about sixteen thousand Maunds of Salt-petre in the House, but are like to meet with some difficulty in procuring the peice Goods, because the Merchants in hopes of an opportunity of carrying Goods upwards under the Nabobs Protection when He goes to Court, buy all they can lay hands on;

The Tin sent up they have dispos'd of, but fear they shall be oblig'd to accept three rupees four annas for the red Broad Cloth, and three rupees eight annas for the green, at which price they are in hopes the Merchants will take it.

The Broad Cloth remaining upon their hands, they have been obliged to take up money at Interest which they chose to do, rather than draw Bills, Exchange of late running very high.

1625.—ARREST OF THE COMPANY'S BROKER BY THE NABOB AT CASSIMBAZAR.

The 8<sup>th</sup> Instant at night receiv'd a letter from Messrs. Edward Crisp &c<sup>o</sup>. at Cossembuzar dated the 5<sup>th</sup> May  
 Wednesday, May 10<sup>th</sup>. advising of the Nabob having seiz'd Contoo [Kantu] the Broker of that Factory, and carryed him to Muxodovad [Maqsūdābād] where he is close imprison'd; They further advise they sent a Party to intercept them in the way, but that their People cou'd not come up with them before they got to the Nabobs Camp, So that the Party not being sufficient, return'd without offering to rescue him, but that they design'd the next day to send a letter to the Nabob, and

ORDER'd the Vaqueel [*vaki*] to give the Kings Duhoy [*dūhāt*] in Publick Court, of which they promise to advise Us further.

1626.—CAPTAIN DALLIBAR WITH 50 SOLDIERS ORDERED UP TO CASSIMBAZAR.

This being an insult that must be attended with the worst of  
 May 10th. Consequences shou'd We tamely bear it, We  
 yesterday Order'd Our Vaoqueel [*vakil*] at  
 Hughly to give the King's Duhoy [*dudai*] and declare that if Our  
 Broker was not speedily releas'd We wou'd seek Our own satis-  
 faction; And in order to put a good face upon the matter.

AGREED We Order Captain Henry Dallibar with an Ensign,  
 four Serjeants and fifty European Soldiers up to Cossembuzar as a  
 Reinforcement, but not to proceed till We receive the further advice  
 expected from thence.

1627.—THE NABOB AT CASSIMBAZAR WANTS A PRESENT.

Last night came to hand a Generall letter from Mr. Crisp &c-  
 Saturday, at Cossembuzar dated the 9<sup>th</sup> Inst. giving an  
 May 13th. Accont. of the Government's pretentions for seizing  
 and confining Our Broker, by which it appears the sequell of the  
 matter is the Nabob is resolv'd to have a Nuzeranna [*naz'dnah*], but  
 this is such a method of Fleecing Us as We can no ways tamely  
 consent to, Wherefore

AGREED according to Order of last Consultation that Captain  
 Henry Dallibar with his Party immediately proceed up to Cossem-  
 buzar Factory.

1628.—GOOD EFFECT OF A LETTER TO THE NABOB OF CUTTACK

The 10<sup>th</sup> Inst. receiv'd a letter from Mr. Humsfreys Cole at  
 Monday, Ballasore, advising that a letter he wrote to the  
 May 16th. Nabob of Cuttack had so good an effect as  
 that the Phousdar [*faujdār*] had not molested him since.

## 1640.—THE NABOB AT CASSIMBAZAR HAS NOT YET RECEIVED THE GOVERNOR'S LETTER.

The 29<sup>th</sup> Ult<sup>o</sup> receiv'd a Generall Letter from Mr. Edward Crisp &c<sup>a</sup> at Cosseimbuzar dated the 26<sup>th</sup> advising of  
 Monday, the receipt of Our letter of the 17<sup>th</sup> inclosing  
 June 5<sup>th</sup>.

Gov<sup>r</sup>. Feakes letter to the Nabob, which they had been ever since endeavouring to get deliver'd. The Arrujee ['arzi] they wrote the Nabob the day after Contoo [Kantū] was seiz'd they cou'd not get deliver'd 'till the 25<sup>th</sup> Assur Cawn [Asad Khān] brother to Mahmud John [Muhammad Jān] being in favour with the Nabob they had made Interest with him to get the Governours letter and the Arrujee ['arzi] deliver'd, who sent them by his Deputy, but the Nabob angrily refused them, tho' he has since receiv'd the Arrujee ['arzi] from Assur Cawn [Asad Khān] and Order'd the letter to be brought when he was at leisure. On perusing the Arrujee ['arzi] he sent for Futtiehund Seat [Fathchand Seth] and Order'd him to enquire into the Story of the Broker's Wife hanging herself, who accordingly sent for Contoo [Kantū] to the Cosnoviss Catcherry [khas-navis kachahri], and as he had before promiss'd disputed in his favour. Assur Cawn [Asad Khān] had promis'd to deliver Gov<sup>r</sup>. Feakes letter the next day, at which time if Contoo [Kantū] was not clear'd they intended to pitch their Tents opposite to the Nabob in order to get admittance and have the Broker set at liberty.

## 1641.—THE NABOB RELEASES THE BROKER IN A HANDSOME MANNER.

The 3<sup>rd</sup> Inst. receiv'd another letter from Mr. Crisp &c<sup>a</sup> at  
 Monday, Cosseimbuzar dated the 30<sup>th</sup> Ult<sup>o</sup> advising of  
 June 5<sup>th</sup>, the releasement of the Broker in a handsome

manner, the Nabob giving him a Seerpaw [sar-o-pā] of a Coat, Sash & Turban, which by every body is esteem'd as a very great favour, and they hope has put an end to severall complaints that they have for some time past been troubled with the Nabob himself enquiring into severall articles alledg'd against Contoo [Kantū], and particularly the report of his Wifes hanging her Self which not being prov'd he was acquitted in a very creditable manner, the Nabob bidding him tell his Masters, that tho' he was a Servant to the English yet he was a Subject and Tennant of the Kings, and as there were such reports he cou'd not avoid examining into the truth of them, which he had thus long deferr'd, being very busie in dispatching the King's Treasure, and that now he might go to the Factory, and tell them to go on with their business as usuall.

Yesterday arriv'd before this Place the Ship *Fancey* Captain James Mackrae from Bombay and last from Madrass;

Monday,  
June 28th.

By her We receiv'd two Generall Letters from Bombay, which came to hand the 24<sup>th</sup> at Night, one dated 15<sup>th</sup> Aprill 1721 the other dated the 2<sup>d</sup> May, advising they have consigned the Ship *Fancy* to Us on the Hon. 1645. — THE PATNA NABOB IS READY TO DEPART.

The 25<sup>th</sup> Ins<sup>t</sup> receiv'd a Generall Letter from Pattna dated the 10<sup>th</sup> — They advise they have certain news of

Monday,

Nuzerutt Jaar Cawn's [Nuzrat Yār Khān] Naib being arriv'd Benerass [Bauāras], and that they expect him there in eight or ten days, the Benarss being delivered to their Nabobs People, and arriv'd as farr as Budgepore [Bhūgalpur], And the Nabob himself makeing ready to depart in two or three days. Esgur Cawn [Aqshar Khān] Duan [*dirān*] is likewise turn'd out, And one Abdull ['Abdul] Futtua who is arriv'd very near is appointed to succeed him, So that there will be a thorough revolution, which they hope will better the Government of that Province, And that affairs will be managed with less Charge and difficulty.

troublesome times, Some of the Ordinary Broad Cloth and Aurora they have put off and will dispose of the Rest as soon as they are offer'd at tollerable price.

The objections the Merchants make against the Tinn are, they say as it is a new Sort they dare not so readily venture upon it, least the Merchants at the Aurungs [*aurungs*] to whom they sell it, shou'd scruple to take it, or make a difference in the price; And that it is harder than the other, and requires more labour in working it.

They advise that the Chuckwars [*Chakwārs*] are very Strong, and that they believe it will be proper rather to augment the Party of Soldiers, design'd up this Season, then diminish it;

Inolos'd they have sent Us a List of what quantity of Goods they judge may sell, and what proper for Presents, which they desire may be sent;

*Fancy* according to order of Consultation the  
3rd Inst. now deliver'd in their report of what

repairs are necessary to be given her.

To the Hon. SAMUEL FWAKE Esq<sup>r</sup> &c<sup>s</sup> Councill

Hon. Sir and Sirs

According to your Orders we have survey'd the Hon. Companys Ship *Fancy* Capt. James Macrae Commander and find her Sheathing is very much worm eaten, and all her Oakum rotten in the Seams of her main Plank; Severall of her Beams broke which has been in some measure secured, but it will be needfull to add some other Timber and Iron work to strengthen them.

We find also severall of her Futtock Timbers and two of the Riders broke, Some part of her false keell and a piece of the back of the rudder beat off, which we suppose was done when She struck the Ground.

We are of opinion it will be proper to strip the Sheathing off; Nail and Caulk her bottom, and new sheath her; Also She must have six pair of Standards five or six breast hooks or Crutches; Her false keell & rudder mended; and new House peice.

When She has had this repair we judge She will be in a fitt condition to proceed on her Voyage with the Hon. Comp<sup>s</sup> Goods. Dated Fort William July the 17<sup>th</sup> 1721

We are Hon. S<sup>r</sup> & S<sup>r</sup>

Your most hum: Servants

They have provided the quantity of Emmerties [*amirtis*] and Baftaes [*bāftas*] Order'd, and hope to procure the full quantity of Lackcowries [*lākh-kāsuris*]. Cossaes [*khāsas*] for ohints they could by no means procure sufficient at the Aurungs [*aurangs*] on reasonable Terms for reasons mention'd in their letter of the 23<sup>rd</sup> Aprill last; but have bought a quantity in the City for ready money to supply that defect.

The Dutch and French have visited the Nabob, and Mr Stephenson has been very much pressed to do the like which his indisposition has hitherto prevented, but now being pretty well recover'd he will be obliged to do it in eight or ten days; after which they will order the Vackeell [*vakil*] to sound the Muttsuddies [*mutasaddis*] as to what Terms their Durbar [*darbār*] Affair may be adjusted. The Dutch have made up their business sometime ago, and have agreed to give upward of thirty thousand rupees, a good part of which they have already paid. The French have also made the Nabob a Considerable Present, but as yet no certain Sum for the yearly Pishcash [*peshkash*] is determined.

AGREED that it be deliver'd them at that Rate.

1686.—SECOND LIST OF INVESTMENT.

We having compared the List of Investment received this year p<sup>r</sup>. Ship *Stretham* with the List contracted for in the month of Aprill as p<sup>r</sup>. Consultation of the 10<sup>th</sup> said month, And finding some Goods in the new List which 'tis too late to Procure this Season, and We being deeply indebted to the Merchants, and without any prospect of a supply of money this Year proportionable to the Amount of Goods order'd

AGREED that We forbear enlarging upon the quantity of fine Goods already bespoken And that We Order Barnarseat [Vārānasi Seth] our Broker to contract with the Merchants according to the List enter'd after this Consultation, having given him a Copy of Our Hon.  they had a violent Storm of Wind and Rain which began at six in the  
 morning and lasted till six in the evening, in which they lost five of  
 their Soldiers boats, but that all the People were saved, and that he  
 has advanc'd the Soldiers whose boats were lost a rupee each to buy  
 them Provisions; Also that he had dispatcht a Party to Azemgunge  
 [Ā'zamganj] to clear what Boats were stopt there that had Our Dusticks

 upwards: Also that he has embaled two thousand Peices of Sannoos

 which when he has receiv'd he shall be at a full Stop 'till he can receive  
 further Orders.

 advising that the Pattna boats were all safe  
 Monday, 3<sup>rd</sup> October 23<sup>rd</sup>. arrived at Rajamaul [Rājmaḥal] and were

 to arrive in a few days; And that they had deliver'd Amunition to the  
 Soldiers, and Order'd the Officers to their respective Posts, that they  
 may be in a readiness to receive any Enemy, shou'd they meet them  
 sooner than may be expected.

Buxichund [Bakhshi Ohand] one of our Dadney [*dadni*] Merchants having offer'd to take off all the Lead receiv'd by the Ship *Stretham*, there being no more in the Place, at the extraordinary rate of seven rupees p<sup>r</sup>. maund, and pay for it in Companys Bill of Debt.

ORDER'D that it be deliver'd him, and charg'd to his Account.

## 1693.—CAPTAIN WILLIAMS FINED.

Captain Williams having wrote the Governour a very insolent Letter in relation to some Sugar (which was suspected he had bought in a Olandestine manner, and was sending aboard his Ship, but was prevented, 'till a further enquiry cou'd be made) to which the Gov<sup>r</sup>. return'd an answer, and receiv'd a more arrogant Letter than the former and he being now sent for before us, and persisting obstinately in what he has wrote,

AGREED that he be fined three hundred rupees or sent off the Shoar.

1694.—ARRIVAL OF DESPATCHES BY THE *ADDISON*

Just now came to hand the Hon. Companys Bengall Paokett per Ship *Addison*, and Duplicate of their Paokett per *Goodfellow*, containing—

Triplicate Companys Generall Letter to Bengall dated 14<sup>th</sup> September 1720 sent per *Good Fellow*, etc. etc.

## 1695.—NEWS OF AN OSTEND SHIP.

By the Ship *Addison* we have also receiv'd a generall Letter from Bencoolen, dated the 14<sup>th</sup> August 1721, advising that in February last they recover'd that Settlement without fighting, and had a good Agreement with the Natives, and that they hope in a short time to be so well fortified as not to stand in fear of any of the Country Enemies.

They also advise that about the 30<sup>th</sup> July last arriv'd there a Ship from Ostend, as they beleive to settle there, tho' they pretend to be bound for Ohina; The Capt. of her John Williams is a Fleming, but speaks English, the Oheif Mate Richard Cummins is an Irish-man born at Munster, the first Supra Cargoe a Fleming; the second William Tyler was born at London; They had the Emperours Pass-port for the Ship *Flanders* to trade to India, but the Ship was an English Ship named the *Queen of Peace*, and had made two voyages in the English Companys Service; wherefore they have detain'd the Ship and Cargoe, and the principall of the King of England's Subjects untill they receive Orders from the Hon. Company what to do farther therein.

## 1696.—REVERSE AT ANJENGO

By the Ship *Shawallum* we receiv'd a Generall letter from the  
 Tuesday, Governor and Council at Bombay dated the  
 October 24th. 8th July importing that their last Advices from

Anjengo brought them the melancholy Account of all the Hon. Companys Covenant Servants being cutt off on the 11<sup>th</sup> Aprill, when they had marched with the best part of their Troops to the number of one hundred and thirty as farr as Attinga to ratifye the late treaty, and pay the annuall Tribute to the Queen which was due for seven years past; Those remaining in the Fort, who were one Captain, one Lieutenant, one Ensign and about forty Soldiers, give assurance that they are resolv'd to defend the Hon. Companys Estate there to the utmost extremity; Wherefore, the Governour and Council of Bombay request we will give directions to our early Shipping to touch there, and afford them what assistance they are able, there being no possibility of sending them any recruits from Bombay 'till the breaking up of the Monsoon. They also advise us that they have receiv'd informations of three Muscatt Ships going into Gombroon road with an intent to seize the Hon. Company's Brigantine and carry her into Muscatt, but our People seeing them stand into the Road, haul'd close in Shoar, and prevented the Arrabs attempting her, so that they return'd without firing a Shott; But 'tis reported they have orders to attack and carry to Muscatt the first English Ship they meet with: This misunderstanding they suppose arises from an Engagement which happen'd by an Arrab Vessell attacking the Hon. Companys Brigantine in her passage to Persia, who after four hours fight was taken, & Our People kept her five weeks in possession, but for want of water were obliged to let her go.

## 1697.—LETTER FROM MADRAS BY THE MONMOUTH.

The 26<sup>th</sup> Inst. arriv'd this place Captain Reginald Kemeys Com-  
 Tuesday, mander of the Ship *Monmouth*, and deliver'd us a  
 October 31st. Generall Letter from the Hon. the Govr. and  
 Council of Fort St. George dated y<sup>e</sup> 10<sup>th</sup> Sept<sup>r</sup>. with Duplicate of the 8<sup>th</sup> August. They advise us that the Hon. Companys Ship *Stretham* touch'd there the 20<sup>th</sup> August, they demanded Captain Westcotts reasons for stopping there, being bound to Bengall, to which he return'd answer in writing, that he only call'd there to get some intelligence concerning the Pyrates in order to secure his passage the better to the Bay; he left that place after two days stay.

They detain'd the *Momouth* so long in expectation of the arrivall of Ships *Malbro'* and *Heathcott* from England and *Dartmouth* from Benecoolen, but being disappointed in all those Ships, they thought it not proper to detain her any longer, and therefore forwarded her without Delay, having laden on her a quantity of red-wood on the Hon. Companys Account amounting to seven hundred twelve Pagodas, five Fanams, sixty eight Cash.

1698.—VIOLENCE OF THE *FAUJDAR* OF BALASOR.

The 28<sup>th</sup> Inst. receiv'd a Letter from M<sup>r</sup>. Humfreys Cole at Ballasore dated the 20<sup>th</sup> advising that a large Ship came into the Road that day and proceeded upwards without a Sloop; Also that the Phousdar [*faujdār*] of that Place had seiz'd the Broker, and threatned to whip him, but that after he had kept him a day and a night, he the next day releas'd him, and bid him tell his Master he wanted nothing but his Friendship; the Nabob of Cuttack who is the Phousdar's [*faujdār's*] Father, will be at Ballasore shortly, who M<sup>r</sup>. Cole beleives will insist on his visiting the Phousdar [*faujdār*] which he waits for leave to do.

1699.—DESPATCH OF GOODS FROM CASSIMBAZAR,

The 29<sup>th</sup> Inst. came to hand a Generall Letter from Cossembuzar dated the 23<sup>rd</sup> advising they had that day laden on board six Boats Account the Hon. Company sixteen Chests of Jamawars [*jāmawārs*] q<sup>t</sup>. two thousand pieces, and thirty Chests plain Taffatys under the care of a Corporall a Soldier and six Peons, the Manjees [*manjhi's*] receipts for which were enclos'd, and the Invoice will be sent overland in a few days.

1700.—SCARCITY OF MONEY AT PATNA.

The 30<sup>th</sup> Inst. came to hand a Letter from Mess<sup>rs</sup>. Stephenson and Harwood at Pattna dated 15<sup>th</sup> Sept<sup>r</sup>. advising of the great Scarcity of Money occasioned by the Nabob's extortions, and that the Exchange to Agra being 6½ p<sup>r</sup>. Cent has encouraged the Shroffs [*ṣarra's*] to employ their Money that way, and not to let any out at Interest; but that they have prevaled with Kurruckseen and Kissenchund [*Kishnchand*] to let them have money at 4 p<sup>r</sup>. Cent Exchange, And had drawn two Bills on us accordingly, one for seven thousand rupees, payable to Mier Massook [*Mir Ma'shūq*], the other for three thousand rupees payable to Bengalinaut [*Bangālī Nāth*], which Sums they were under a necessity to take to pay for a quantity of Petre and Chint bought for ready money.

1701.—PROGRESS OF THE BOATS TO PATNA.

The 30<sup>th</sup> Inst. we received a letter from M<sup>r</sup>. John Sainsbury Loyd, advising the laden Boats were safe arriv'd within one Coarse [*kōs*] of Beerpoor [Bīrpūr], having past the Rajah of Conna's Country and met with no opposition, the Rajah being drove up to the Mountaine by his kinsman; They have lost one of their Soldiers boats in which were two sick men who are drowned

Tuesday,  
October 31st.

1702. —INTEREST ALLOWED TO MERCHANTS.

We having advanc'd the Merchants but Twenty p<sup>r</sup>. Cent on their first Dadney [*dādni*] Contracts, and it being very late in the year, and the arrivall of the other Europe Ships very uncertain, the Merchants are pressing for Bills at Interest to the Amount of thirty p<sup>r</sup>. Cent more on their Contracts, which will make fifty p<sup>r</sup>. Cent in all,

Tuesday,  
October 31st.

AGREED that Bills be given them accordingly Interest to commence from this Day.

1703.—ARRIVAL OF JOHN FORRESTER, WRITER.

Tuesday,  
October 31st.

The 28<sup>th</sup> Inst. arriv'd here M<sup>r</sup>. John Forrester Writer.

1704 —TROUBLES AND HINDRANCES AT CASSIMBAZAR.

The 4<sup>th</sup> Inst. we receiv'd a Generall Letter from M<sup>r</sup>. Crisp &c at Cossembuzar dated 30<sup>th</sup> October inclosing Invoice for forty six Chests of Jamwars [*jāmah-wārs*] and plain Taffatys laden on board six boats the 23<sup>rd</sup> Ult<sup>o</sup> being Account the Hon. Company; They have ready sorted three thousand three hundred pieces of Handkerchiefs, which being near the quantity order'd they have deferr'd paying till the remainder comes in, which they are in hopes will be in a few days, when they will send them down with a parcell of Gurrachs [*garhās*]. . . . .

Thursday,  
November 9th.

The two Ohests of Treasure sent them they have been obliged to sell for 207ra. 4an. Sioca for 240 Sioca w<sup>t</sup>. having kept it sometime in hopes of a better price, but Futtichund [Fath Ohand] having the entire use of the Mint, no other Shroff [*sharraf*] dare buy an ounce of Silver, and he will give no more than the 'forementioned price; The Bullion came out very short in weight, occasion'd by weighing it with new Siocacs of the 3<sup>rd</sup> year of Mahmud Shaw [Muhammad Shāh] which are just come out; the small parcell in Chest N<sup>o</sup> 332 mention'd 10 dwt. worse they were obliged to sell it

at 204 Sicoes for 250 Sicoa w<sup>t</sup>. The Government is at present very troublesome, and have stop'd severall boats at Azemgunge [Ā'ganganj], Barragurrea, and other Chowkeys [chauki] thereabouts; they have tryed all means possible for their clearance but to no effect; Atcharge [Āchārya] the Putohera<sup>1</sup> Droga [dārōghah] &c<sup>t</sup> being so very extravagant in their Demands that they could by no means comply with them, wherefore, it growing late in the season, and they finding little likelihood of getting them clear'd, the Nabob not appearing in Publick as usuall nor no admittance to him, they agreed to send Capt. Borlase, a Sarjeant, Corporall, Drummer and twenty Soldiers to clear them, since which Captain Borlase advises that he had clear'd severall boats from Barragurrea, and was proceeding to another Chowkey [chauki]; So that they are in hopes he will clear all that are at present stop't. The French have met with abundance of trouble here, and have not effected their business with the Government, nor sent any Goods away this Season; Mons<sup>r</sup>. 1712.—NAISH, CHIEF MATE OF THE *STRETHAM*, CASHIERED.Captain George Westcott Commander of Ship *Stretham* making a

Complaint of Mr. Naish his Chief Mate's behaviour

Monday,  
November 20th.

in severall times refusing his Command, insulting

him publickly aboard, and in the road of Madrass struck him; And since his arrivall in this river in presence of our Master [of] Attendance who went to survey the Ship, behaved himself in the like insolent manner, getting drunk, and refusing to take charge of the Ship upon the Commanders return; And he now being sent for before us, and offering nothing substantiall in his own defence, it appears to us that the Ship and the Hon. Companys Effects cannot be secure with such a refractory Officer on board, wherefore

Agreed he be turn'd out, and not permitted to take his passage to England on that Ship.

<sup>1</sup> See explanations at §§ 1080, 1750.<sup>2</sup> If the figures are correct, the total should be Rs. 4532-1-6.

## 1713.—THE SILK INVESTMENT AT CASSIMBAZAR.

This day came to hand a Generall Letter from Mr. Edward Crisp &c<sup>t</sup> at Cossimbuzar dated the 21<sup>th</sup> Inst. advising of the receipt of our Letter to them of the 14<sup>th</sup> inclosing Invoice for the ten Chests of Ducoatoons sent them, about the price of which they had another Dispute, Futtichund offering but 2rs. 7an. 3p. per ps. at which rate they were unwilling to lett them go, having always sold for 2rs. 7an. 6p. each, but were obliged at last to divide the Difference and sell 'em for 2rs. 7an. 4½ p. p<sup>r</sup>. Ducoatoon, for the Merchants will not take Bullion, Futtichund [Fath Chand] extorting it from them at a much less rate. They observe the additionall order for November bund Silk, the last years being all bought up, and this years not coming to perfection 'till the 20<sup>th</sup> December which will be so short a time that it will be impossible to get near the quantity Order'd, They will endeavour to get forty or fifty Bales to be in Calcutta by the last of January. The sorting of the Silk is very tedious, and they are apprehensive they must send it unsorted; As the Silk will be fresh, and the particular Orders they shall give about winding it off; They are in hopes it will be very good (The Dusuttys [*dusutis*] and additionall orders for 36 Covits<sup>1</sup> Gurrahs [*garhas*] will be impossible to be comply'd with:) They have already sent all the Jamawars, Strip'd Taffatys and Romalls [*amals*], the remainder of their plain Taffatys and Gurrahs [*garhas*] are coming in. They have return'd what Goods were the least spotted or ordinary, so that they are apprehensive they shall come short in the Taffatys and Gurrahs [*garhas*]. The 21<sup>st</sup> Inst. Captain Borlase return'd, who acquaints them that he had clear'd between thirty and forty Boates from Azemgunge [*Asamganj*] and other Chowkeys [*chaukis*] thereabouts which had the Companye Dusticks [*dastaks*].

## 1714.—PRESENT TO MR. RICHARD HARVEY.

Mr. Richard Harvey having read the Service in the Church  
 Monday, twelve months, since the death of Mr.  
 November 27<sup>th</sup>. Thomlinson,

Agreed that the Governour present him with four hundred Sicca Rupees the usuall Gratuity.

<sup>1</sup> *Covit* or *covit*, a measure of length, probably from the Portu *unze covado*, a cubit or ell. Yale, *Hobson, Jobson*, 2nd edition, p. 263.

1715.—DISTRUST OF Mr. PYKE AT MADRAS.

The 28<sup>th</sup> Ult<sup>o</sup> came to hand a General Letter from Fort St-George dated 7<sup>th</sup> October advising of the receipt of Our Letter to them p<sup>r</sup>. *George* Brigantine inclosing Invoice of Stores &c<sup>t</sup> laden on board her; And that they are now dispatching her to the West Coast with a Supra Viser to inspect Mr. Pykes management, having great reason to suspect it. They are dispatching the Hon. Company's Ship *King George*, and are prepared to fill up three or four other Ships, having a good Stock of Goods on hand.

Monday,  
December 4<sup>th</sup>.

1716.—DESPATCH OF THE BOATS FROM PATNA.

The 1<sup>st</sup> Inst. receiv'd a general Letter from Mr. Edward Stephenson &c<sup>t</sup> at Pattna dated the 20<sup>th</sup> Ultimo advising that they had that day dispatch'd the Fleet of Boats which were to proceed the next morning with sundry Goods on board Accot the Hon. Company, the Manjees [*mānji's*] receipts for which are deliver'd to Major Hunt, to whom they have also deliver'd one thousand Siaccaes of Rajamaull [*Rājmaḥal*] to defray Expences in the way down, and have order'd him as soon as he has pass'd Connah to proceed with the light Boats leaving Captain Rowe with a sufficient Guard to follow with the heavy boats.

Monday,  
December 4<sup>th</sup>.

1717.—ARRIVAL OF THE BOATS AT GANGAPRASĀD.

The 1<sup>st</sup> Inst. receiv'd a Letter from Major Hunt dated the 26<sup>th</sup> Ult<sup>o</sup> advising of the safe arrivall of the boats at Gungerpersaud [*Gangaprasād*], after having had a Skirmish at a Town called Bearpoore [*Birpūr*], where they took two Prisoners, and were oblig'd to burn part of the Town for their security, also that he had deliver'd Captain Rowe five hundred sicca rupees designing to leave him and proceed with the light Boats.

Monday,  
December 4<sup>th</sup>.

1718.—ARRIVAL OF THE BOATS AT MURCHA.

The 3<sup>rd</sup> Inst. receiv'd a Letter from Captain Rowe dated the 29<sup>th</sup> Ult<sup>o</sup> advising of his safe arrivall at Merocha [*Murcha*] with the loaded Boats, where he finds but 2½ Covits of water, and some of the Boats draw 4 Covits; And that he will use all imaginable expedition to lighten them, One of the large Boats has been ashoar and proves very leaky, so that he fears he shall be oblig'd to unload and leave her behind.

Monday,  
December 4<sup>th</sup>.

1719.—BOTTOMRY BILLS ON THE *MONMOUTH* GRANTED TO FEAKE AND FALCONER.

The Hon. Samuel Feake Esq<sup>r</sup>. and Mr. Thomas Falconer having  
 Monday, paid into the Hon. Comps. Cash four thousand  
 December 4th. eight hundred Rupees on Account of Mr.  
 William Jennings, and desiring that Bottom-Ree Bills may be  
 given upon the bottom of Ship *Monmouth* at three Shillings one penny  
 per Rupee payable to Mr. William Jennings or Order; Which being  
 conformable to a late Order receiv'd from the Hon. Court of Directors,  
 AGREED that Bottom-Ree Bills be given them.

## 1720.—GROUND RENT FOR CALCUTTA AND SŪTĀNUṬĪ IN AMIRĀBĀD.

The Hughly Government demanding four months Ground rent  
 Saturday, from the 1st August to y<sup>e</sup> last of November for  
 December 9th. De [*dih*] Calloutta and Sootaloota [Sūtānuṭī] in  
 the Purgunah [*pargana*] of Amieravad [Amirābād] amounting to three  
 hundred twenty five Rupees Sicca,

AGREED that y<sup>e</sup> President pay it and present y<sup>e</sup> Collector one  
 Rupce.

1721.—PHILLIPS TO DESPATCH THE *MONMOUTH*.

The Generall Letter to be sent pr. Ship *Monmouth* being sign'd,  
 and all Papers ready for her despatch,  
 Monday, ORDER'D that Mr. Thomas Phillips do go down  
 December 11th. on board her, and gett the Bills of Lading sign'd, and deliver Captain  
 Kemys his Dispatches.

## 1722.—DISTURBANCES IN THE COUNTRY.

This day came to hand a Generall Letter from Mess<sup>rs</sup>. Edward  
 Friday, Stephenson &c<sup>t</sup> at Pattna dated y<sup>e</sup> 2<sup>d</sup> Inst.  
 December 15th. advising that Major Hunt had wrote them  
 concerning the Skirmish he had at Beerpore [Birpūr], in which some  
 People were kill'd, and which they apprehend will occasion a Complaint  
 to the Nabob, and be aggravated to the highest Degree, but that  
 they will endeavour to make the Nabob sensible of the necessity our  
 People were under of acting as they did. Their Nabob has according  
 to his promise been very moderate with relation to y<sup>e</sup> Piscash [*peshkash*],  
 they having prevail'd with him to accept of a secrett Bribe of four  
 thousand rupees himself, and to agree to three thousand rupees for  
 the Nabob Nuzuratt Jarr Oawn [Nuṣrat Yār Khān], which last is  
 paid publicly and will stand upon Record. To accomodate matters  
 thus they were oblig'd to give the Nabob's Brother one thousand

rupees, and his Son with many other Mutsuddy's [*mutaṣaddis*] more or less to stop their mouths, and prevent their divulging what was paid to Cawnzama Cawn [*Khān Zamān Khān*]. With their next they will send a particular Account of what has been paid to each of the Mutsuddys [*mutaṣaddis*].

1723.—DIFFICULTIES IN PROVIDING THE INVESTMENT.

The great scarcity of money in Pattna has made Exchange rise to 4½ p<sup>r</sup>. Cent at which rate they have been oblig'd to take up money, and are to pay 6 if the money be not paid when due, the Shroffs [*ṣarāfs*] complaining of their not getting their money in the limited time, and therefore would not part with a farthing but upon those terms, as the Season is pretty farr advanc'd they are in hourly expectation of the order of Investment; The Dutch have begun already to give out Dadney [*dādni*] for their Petre, and if they be not supply'd with money to do the like, they fear they shall lose some of their ablest Assamys [*asāmis*]. The great scarcity of money occasions Trade to be very dull and makes them doubt the Broad Cloth will meet with neither a quick nor a good market: Inclos'd they have sent . . . Mr. Loyd's Account of way Charges up, the Ballance being three thousand three hundred ninety two rupees Sioca which he has paid into their Cash, one thousand of which they deliver'd Major Huut, and the remainder they paid the Soldiers for Dyett money, and to the Manjees [*mānjhis*] of the Boats that the Hon. Company might be no looser by y<sup>e</sup> Batta, the five thousand Siocaes with batta [*batta*] amounting to five thousand six hundred twenty five rupees paid Mr. Loyd they have given Account Current Calcutta Credit for, and design to charge y<sup>e</sup> expences under the proper heads there. The Invoice for what sent down by the Fleet, amounting to two hundred thirty eight thousand two hundred fifty nine rupees, ten Annas, nine Pyce they have enclos'd. The piece Goods are they beleive cheaper than the last years, but the Petre is not so good as they beleive it wou'd have been, if the French had not gone up, for on their arrivall they bought all they cou'd lay hands on, and giving three rupees and a quarter p<sup>r</sup>. Maund tempted their and y<sup>e</sup> Dutch Assamys [*asāmis*] to sell them under hand in other Peoples names, which obliged them to take worse from those they had contracted with, than otherwise they wou'd have done, and were they to remain, they beleive they shou'd hardly get any body to contract with them under, if at three rupees p<sup>r</sup>. Maund; They have a

large boat there laden, with which they hear they will return as soon as they have adjusted the Durbar [*darbar*] Affair, and got the Nabob's Dustick [*dastak*].

1724.—HOPE OF BETTER THINGS IN THE NEW VIZIER.

They hear that Nazamulmullick [*Nizamu-l-Mulk*] has march'd from Duocan [the Dakhin], and is now pretty near Dilly, And many are of opinion there will be a great change on the arrivall of that great Omrah [*umara*], and that he will be made Vizier. He is one, tho' a Tartar of a very good character, and 'tis believ'd if the management of the State is committed to him, he will reform what is amiss, and have all Orders from Court punctually regarded which have been much slighted.<sup>1</sup>

1725.—THE DESPATCH OF THE *MONMOUTH*.

The 14<sup>th</sup> Inst. Mr. Thomas Phillips return'd, having dispatcht the Ship *Monmouth* the 13<sup>th</sup> Inst. at Channell Creek.

Friday,  
December 15<sup>th</sup>.

1726.—ARRIVAL OF CAPTAIN ROWE WITH SALT PETRE BOATS.

The 13<sup>th</sup> Inst. at night arriv'd here Captain Rowe with the Salt petre boats from Pattna, which being mett by the Flood about three Miles above this Port were obliged to lay too on the other Side of the River, where toward morning the Tide falling away, one of the Petre boats with twelve hundred twenty five Bags of Salt petre grounded upon a Sunk tree, on which she stranded and filled so fast, that notwithstanding all the assistance of the Soldiers and Dandys [*dandis*], could save no more than two hundred seventy eight bags, all the rest being nine hundred forty seven bags were intirely wash'd out. We seiz'd the Manjee [*manjhi*] but upon strict enquiry cannot find this Loss has happen'd from any neglect or carelessness of his, but purely by misfortune of the Sunk Stump of a Tree which lay undiscover'd under water.

Friday,  
December 16<sup>th</sup>.

1727.—ARRIVAL OF COLE FROM BALASOR.

Last night arriv'd here the *London* Sloop in which came Mr. Humfreys Cole who brought with him twenty two Bales of Sannoes [*sannahs*] Account the Hon. Company.

Monday,  
December 18<sup>th</sup>.

The Hugly Government demanding four months Ground-rent due for the Part of Govindpoore [Govindpur] in the Purgunna [*pargana*] of Pican [Paikān] amounting to seventy Sicca rupees, and four months Ground-rent for that Part of Govindpore [Govindpur] in the Purgunna [*pargana*] of Calloutta amounting to thirty Sicca rupees, both Sums being due from y<sup>e</sup> 1<sup>st</sup> September to y<sup>e</sup> 1<sup>st</sup> January<sup>1</sup> and amounts to one hundred Sicca rupees,

## 1730.—WAGES OF THE RAJMAHAL PEON.

There being due to Morelly [Murli] Peon at Rajamall [Rajmahal] twelve months wages from 1st December 1720 to 1<sup>st</sup> Dec. 1721 at two rupees eight Annas per month, the Sum of thirty rupees,

## 1731.—DESPATCHES ARRIVE BY THE MARLBOROUGH.

Just now by a Cossid [*qasid*] from Madrass came to hand the Hon. Companys Packett per Ship *Marlborough* enclosing their . . . . . Generall Letter to Bengall dated 26<sup>th</sup> April 1721 etc. etc.

## 1732.—EIGHTY CHESTS OF TREASURE REACH MADRAS.

By this Cossid [*qasid*] [who brought *Marlborough's* Packet] we also receiv'd two Letters from Fort St<sup>t</sup> George, one dated the 29<sup>th</sup> October and the other dated the 6<sup>th</sup> November, in the former they advise Us that on the 15<sup>th</sup> October arriv'd there the Hon. Companys Ships *Heathcott* and *Marlborough*, which brought a Commission appointing Mr. Elwick Govern<sup>r</sup> of that Place. They acquaint us that they have receiv'd eighty Chests of Treasure, of which they are order'd to send us thirty, and as many more as they can spare. The Weather having prov'd very bad ever since the Ship's arrivall there, they have not been able to unloade the Stores consign'd to that Port, neither have they determin'd whether they shall send either of them here it being so late in the Season. They also advise they have goods sufficient to load Ships *Heathcott* and *Marlborough* early in January for England, & beleive they shall have a Surplus to fill up a Ship

<sup>1</sup> Incorrect. They were due from August 1 to December 1.

from the Bay if we half load her, and are in hopes by the beginning of February if the *Dartmouth* & *Frances* shou'd arrive there to dis-patch them. They have enclos'd a List of Stores and Wares which they desire may be comply'd with. In the latter they advise of Ship *Dartmouths* arrivall there the 2<sup>d</sup> November and that they design by the first safe conveyance to this Port to send us seventy or eighty chests of Silver.

## APPENDICES.

[By the Editor.]

### I. GOVERNOR FEAKE AND HIS FAMILY.<sup>1</sup>

The Feake family is said to be an ancient one, and the name, I believe, is to be traced in the records of the old city companies. In the *Surrey Visitation* of 1623 there is mention of an Edward Feake at "Godestone," and in 1667 we can trace a Samuel Feake, who is probably the father of the Governor of Fort William. After his retirement to England, Samuel Feake purchased "Sheering Hall Farm," the New House Farm, and the Manor of Sheering Hall in County Essex, and in 1725 added a new front to the Old House, which was hereafter known as "Darrington House." It is related that the property had been purchased in 1723 by Robert Chester, one of the Directors of the bubble South Sea Company, and that, when the property was declared by Act of Parliament to be forfeited, Samuel Feake was enabled to purchase a house he had coveted since the days of his boyhood.

Feake's marriage with Ann Hampton of the Hamptons of Hampden has been mentioned in the Introduction. The marriage cannot be traced in either the register compiled by Archdeacon Hyde from the records preserved at the India Office, nor in Mrs. Penny's *Marriages at Fort St. George, Madras*. It may have taken place at Cossimbazar. Of Captain Thomas Newland, Ann Hampton's first husband, I can find no mention: nor can trace the burial of his daughter, aged six, in Archdeacon Hyde's register. The births of Samuel Feake's children have been dealt with in the Introduction to the present work.

After his retirement, Samuel Feake became a member of the Court of Directors. His name occurs eighth on the list of the Directors who in 1752 appointed J. Z. Holwell, then in England, to "the post of Zemindar, and 12th in Council at Fort William."

The elder daughter, Ann Charlotte, at the age of 65, married her gardener John Cruse in 1783, but in her will she retained the name of

<sup>1</sup> Based on information kindly supplied by Miss L. M. Anstey.

Feake. The family chronicler<sup>1</sup> records that of this romance, "very little love and a great deal of roguery would be shown in the course of that story if I gave it in detail." By her will Mrs. Cruse, or Mrs. Cruse Feake, left the half of the Darrington property that had come to her to the children of her husband, "should he marry a respectable person with not less than £3,000." The chronicler adds "he did marry in 1813 one Rebecca Smith, but it is very doubtful whether her fortune of £3,000 was not arranged by her relatives in a colourable manner." Two daughters were born to Mr. John Cruse by this second marriage, and, although the name Feake was adopted as a prenomen by their respective husbands, nothing prospered. Feake Martin died insolvent in 1877, and George Feake Pavit, after some grandeur at the Hall, "was obliged to give it up and go out as a bailiff."

The other moiety of the Essex property had passed to Mary, the youngest daughter of the Governor. She died on 14th April 1803, and her estate, in which she had intended her sister (deceased in 1800) to have a life interest, passed one half to a Mrs. Hollingberry for her life and then to her daughter Mrs. Glyn, and the other half to Colonel Glyn for his life and afterwards to Mrs. Glyn.

The inscription on the monument to Samuel Feake and his wife in Henham Church runs as follows :—

Sacred to the Memory of  
 SAMUEL FEAKE, Esq.,  
 formerly President and Governor of  
 Fort William, Calcutta, Bengal,  
 in the East Indies,  
 and late Chairman of the  
 Honorable East India Company,  
 descended from the ancient family of  
 FEAKE  
 in the County of Surrey.  
 He was Lord of the Manor  
 and also the Manor of  
 Chickney Rectory of Pledgeden Commons,  
 Sheering and Harlow, all in this County.  
 He was endowed with all the Graces that adorn the  
 Gentleman and Christian.

His impartial deportment to all mankind  
and instructive conversation and address  
gained the esteem of all that knew him.

He married Anne, Daughter and Heir of

John Hampton of Hampden,

of Fort St. George, Madras,

(Relict of Captain Thomas Newland,

by whom she had one daughter, Anne,

who died in India, aged 6 years).

She died on board the Devonshire East Indiaman  
on her passage to England, 10th May 1723, aged 34,  
about seven leagues north latitude.

He died in London, 16th June 1757, aged 75, and was  
buried in a vault near this marble.

Having had issue by his said wife,

5 sons and 2 daughters, viz. :

1st, Samuel Feake, of Darrington House in

the Parish of Sheering, Esquire,

who died unmarried 30th October 1774, aged 63,

and was buried with his father.

2nd, Thomas Feake, died in India, aged 6 months.

3rd, Thomas Feake, Esq., Chief of Dacca, in the  
East Indies, 7th October 1751.

4th, Charles Feake, M.D., Physician to Guys Hospital, London,  
died unmarried 2nd August 1762, buried with his father.

5th, Nathaniel Feake, died in India,  
aged about 6 years.

Anne Charlotte (wife of Jonathan Cruse of  
Darrington House, Esquire), and

Mary Feake, are the only surviving issue of  
the above Governor Feake.

Anne Charlotte Cruse,

as a testimony of duty and affection

for her parents, erected this

Monument to their Memory, MDCCXC.

The monument to Samuel Feake is on the north wall of the chancel  
outside the altar rails. Above the inscription there is a modelled swan

and white ship with the motto *Dieu est la Supreme*. Above are three hatchments. On the south wall, a monument commemorates Mary Feake :—

Sacred  
to the Memory of MARY FEAKE,  
Daughter and Co-heiress of Samuel Feake, Esquire,  
President and Governor of  
Fort William, Calcutta, Bengal.  
She died April 14th, 1803, aged 82 years,  
and was buried in the family vault.

This Tablet is erected by  
Henrietta Elizabeth Sackville Glyn,  
Relict of Colonel Thomas Glyn,  
as a sincere testimony  
of her gratitude and esteem.

The tomb of Thomas Feake is to be found in the picturesque graveyard at Dacca. It bears the inscription :—

Here lies the body of  
THOMAS FEAKE,  
late Chief of Dacca,  
Obit 7th October 1750,  
Æt., 32.

There are tablets to the memory of John and Mary Feake (1748) in the pavement of the old Portuguese Church in the neighbourhood of Dacca. It may be conjectured that these two persons were children of Thomas Feake, Chief of Dacca. In certain District Records, I cannot at present trace, I find a Collector of either Dinajpur or Rangpur, about the year 1784, contributing to the support of an indigent person of the name of Feake.

SAMUEL HARWOOD, mentioned in this volume, died in 1722, and left the whole of his estate to Thomas, second son of Governor Feake. Charles Hampton, whom we find at Cossimbazar with Feake in 1717, arrived as a writer in the Company's Service in 1709, and was probably a near relation of Mrs. Feake.

## II. SHORT BIOGRAPHICAL NOTES.

---

BARNAVILL, CAPTAIN ANTHONY. Colonel Davidson Love tells us that Antony Coyle de Barnaval, of Irish descent, was in 1715 Captain of the ship *Colloway*, trading between Madras and Manila. He married Antonia de Carvalho.

CAVE, CAPTAIN HENRY, Master of Attendance in 1724. Burial Register, June 8th, 1727. Court to Bengal, 21st February 1729: "We take notice by your 129th paragraph of the death of Captain Henry Cave, your former Gunner and Master of Attendance, and that you have appointed Captain Thomas Snow to succeed to him. We are glad to hear the good character you give him, and therefore confirm your choice. We are sorry to hear the bad circumstances Captain Cave died in, and are surprised to hear his debts amount to so considerable a sum as upwards of one hundred thousand rupees." The Captain married on June 19th, 1723, Mrs. Elizabeth Fagnal, who on 18th November 1736, married William Archdeacon, and on 26th January 1739, Jonathan Ranson.

COLLET, JOSEPH. In 1711 Joseph Collet had been appointed Deputy Governor of Fort Marlborough (Be' coolen). He was transferred to Madras as 2nd of Council in August 1716. On 18th January 1720 he made over charge to Francis Hastings, and sailed for England on the *King William*, Captain James Winter. See Davidson Love: *Vestiges of Old Madras*, Vol. II, p. 152, *et seq.*

EYRE, JOHN. Eyre died on the 20th April 1722 and John Stackhouse succeeded him as Bakhshi. His first marriage, 31st March 1715, was to a widow Mrs. Philadelphia Fleetwood, who died at Ballasor and was buried on the 3rd November 1715. For the Fleetwood family consult Davidson Love's *Vestiges of Old Madras*. On February 10th, 1721, Eyre married Martha Rainbow, perhaps a daughter of the Senior Pilot, John Rainbow, who was buried 22nd December 1722. The second Mrs. Eyre was buried on 17th March 1728.

FALCONER, THOMAS, was born in Scotland on the 23rd March 1698. His father was John Falconer,<sup>1</sup> "of the family of Falconer of Phesdo,"

---

<sup>1</sup> Entrusted with the private cypher of James II, in whose service he died at St. Germain on Lays, 1690.

who, by his marriage (at Edinburgh, 14th February 1681) with Mary, daughter of John Dalmahoy (second son of Sir John Dalmahoy) had four sons—(1) John, died young; (2) James (Lieutenant R. N.); (3) Thomas, the subject of this note, and (4) William, Recorder of Chester.<sup>1</sup> Mrs. Falconer having left her husband, on account of a difference of religion, brought her three sons (James, Thomas, and William) to Chester, where she had relatives. Her mother was Rachael, daughter of Thomas Wilbraham, Esq., of Nantwich, County Cheshire.

On December 8th, 1708, when only in his eleventh year, Thomas Falconer was appointed<sup>2</sup> a writer in the East India Company, and his securities were Ralph and Stephen Wilbraham, of Dorfold, Cheshire.

He arrived at Fort William in January 1710, and was stationed in the Secretary's office,<sup>3</sup> at a salary of £5 per annum.<sup>4</sup> A report concerning the factors and writers of the Company sent to the Court of Directors (December 1712) says "can complain of none for ill-behaviour or immorality: all behaved well; *witness three persons*: Crisp, Stevenson, and Falconer."<sup>5</sup>

In the present volume, Falconer appears as Junior Merchant in 1719. On 25th June he is appointed 2nd at Patna, under Edward Stephenson, who seems to have arrived in Bengal nearly two months after Falconer, but counted as his senior, and on the 2nd February 1714 had been, by order of the Court, advanced one whole year in the service. In August 1720, Stephenson and Falconer, both at that time at Patna, obtained rapid promotion, for William Spencer (arrived 1699) and John Eyre (arrived 1701) had been "objected against" by the Court of Directors; Samuel Brown dismissed, and Cotesworth declared incompetent by the Governor and Council. Consequently Falconer, at the age of twenty-three, became 9th of Council. In December 1720 he becomes Bakhshi. In 1722 he is Export Warehousekeeper. In that year Henry Frankland and John Surman returned to Bengal as 3rd and 4th in Council, and in August we find a "general exchange of offices":—

Mr. John Deane, Accountant.

Mr. Henry Frankland, Export Warehousekeeper.

Mr. John Surman, Import Warehousekeeper.

<sup>1</sup> Burke: *Landed Gentry* under Falconer of Bath.

<sup>2</sup> Court Minutes.

<sup>3</sup> Wilson: *Annals*, Vol. I, p. 326.

<sup>4</sup> *Ibid.* Vol. II, Pt. I, p. 93.

<sup>5</sup> *Ibid.* Vol. II, Pt. I, p. 379.

Mr. Thomas Falconer, Buxey (bakhshi) and Storehouse-keeper.

Mr. John Stackhouse, Jemindar (Zamindar).

Mr. Michael Cotesworth, Secretary.

In the year 1725-26 Falconer was Church Warden of St. Anne's. He returned to England in 1729, and died in the year following at Warwick Court, Holborn. The arms of his family ("a hawk's head issuing out of a man's heart proper, between three mullets azure") are said to be still faintly visible on his tomb. The inscription on his tomb in the new burial ground of St. George's, Brunswick Square, ran as follows :—

"In this vault lies the body of Thomas Falconer. Esq., descended from an ancient and honourable family of the same name in Scotland, who after having been employed 18 years by the Honourable East India Company at Bengal, returned to England in 1729 with the just reward of his extensive skill and honest industry in commerce ; and established a good name and a very ample fortune, with that rare facility (*sic*) and largeness of mind that knew the pleasure of possessing only from the power it gave him of dispensing, of being generous to his acquaintances, grateful to his friends, and charitable to the poor ; with the same sound Church of England principles in religion that he took with him from home, and in which he died on the 25th of January 1729, in the 35th year of his age. To the memory of her much beloved son, his mother erected this monument."<sup>1</sup>

In his will, dated 21st January 1729, Falconer left £10,000 to his mother, £6,000 (at 2 shillings and 6 pence per rupee) to the Honourable United Company of Merchants trading to the East Indies, £500 to his god-daughter, Mary Feake, daughter of Samuel Feake, £2,000 in charity to the poor, £250 for the benefit of his servant Antelope, "whom I brought from India," and who is to be brought up in the Christian Faith.

The will is printed in *Bengal, Past and Present*, Vol. V, p. 49, and also the undertaker's bill amounting to £141-14-11. Some of the items in the latter are curious, *e.g.*, the sixty-four men who carried "wax branch" lights in the funeral procession.

By J. P. E. Falconer.

**GREENSLATE, CAPTAIN.** On 8th July 1724, Samuel Greenslate married Amie Tullie at Fort St. George.

**GYFFORD, WILLIAM.** The story of the massacre at Anjengo in 1721 is told by Colonel Davidson Love (*Vestiges of Old Madras*, Vol. II, p. 214) "Gyfford, who probably belonged to the family which had given Madras a Governor in the preceding century, set out on the 11th April, with his factors and the greater part of the garrison, for Attingah to make the usual presents to the queen. The party was treacherously attacked by the natives. Gyfford himself was murdered in a most barbarous manner and only a few sorely wounded survivors crawled back to tell the tale. Gunner Ince, though not the senior officer, assumed command of the remnant of the garrison, sent Mrs. Gyfford and the other women on board a country vessel, and, with the aid of reinforcements from Calliout, bravely sustained a siege which was not raised till the following October. . . . . Mrs. Katharine Gyfford, who, though only twenty-six years of age, had already experienced the tender mercies of Angria and had been three times a widow, was held responsible for her late husband's debts to the Company. She proceeded to Bengal 'to live with her relations,' and there met Commodore Matthews, to whom she appealed for protection against the claims of the Bombay Government. Matthews carried her to Bombay in the *Lyon*, and afterwards to England, when cross suits were filed between her and the Company. At a later date Mrs. Gyfford returned to Madras, where she died in 1745." Colonel Davidson Love tells us that the lady was a daughter of Captain Gerrard Cooke, Gunner of Fort William, and had come out to India when 14 years old with her parents. See Biddulph: *The Pirates of Malabar and an Englishwoman in India* (1907). Some papers connected with Matthews and Mrs. Gyfford appear in the fragment of Dr. Wilson's fourth volume of the *Annals*. She was a sister of Thomas Cooke.

**HALL, NATHANIEL.** His tomb is to be found in the Dacca burial-ground. The inscription runs:—

NATHANIEL HALL,  
Factor in the service of ye  
Hon'ble E. E. I. Comp<sup>y</sup>  
Obit, 13th Sept. 1725,  
Æt. 24.

**JONES, CAPTAIN JOHN.** On 20th January 1719, Bengal writes to the Court (Letters Received, Vol. X): "Captain Henry Harnett,

who was Head Gunner of this Fort, and Master of Attendance, departing this life the 30th November, that place being vacant, and Captain John Jones who has been Commander of several good ships for these many years in India, always having behaved himself to the satisfaction of his employers, offering his service, we took it into consideration, and the 30th December agreed he should succeed in that post being as fit a man as we think can be met with, and we hope his behaviour will be such as your Honours may approve of our choice." Mrs. Penny (*Marriages at Fort St. George, Madras*, p. 16) shows the marriage on October 23rd, 1710, of "John Jones and Margery Crook." Her tombstone is one of those which have been embedded in the steps of the Charnock Mausoleum. The inscription runs :—

Here lyeth interred the body of  
MARGERY JONES,  
Daughter of Mr. George Croke, Merchant,  
formerly of Council in this place.  
She was marry'd in Fort St. George, to  
Captain John Jones, the 23rd of October, Anno 1711  
who afterward being appointed  
Master Attendant for this settlement.  
She died here the 25th April 1723,  
Aged 30 Years, 1 Day.

In 1689, at the time when the English had been driven from Bengal, Vizagapatam was seized by the Mughal Forces, and the Chief and John Staples, Messrs. Hall and Croke were killed. The lady was perhaps the daughter of the Mr. Crooke killed at Vizagapatam. Mrs. Penny (p. 6) identifies the George Crooke who married Lucy Field on 25th September 1689 with George Croke, and says that his son was Edward Crook, whose daughter, the famous Begum Johnson, is so famous in Calcutta history. On Mrs. Johnson's tomb it is stated that "Edward Crook" was "Governor of Fort St. David." A list of Madras servants of 1754 shows that he was in that year aged 62. On September 6th, 1748, the burial is recorded of Miss Grace Crook of Fort St. David.

OADHAM, MR. A civil servant of the name of Catesbey Oadham appears in Colonel Davidson Love's *Vestiges of Old Madras*, where it is stated (Vol. II, p. 187) he "came out as Assay Master in 1715, married Mary English in 1717, and was subsequently appointed Sea Customer. He died in 1723, and his tombstone is by St. Mary's Church."

SA'ADTULLAH KHAN confirmed as Nawab of the Carnatic in 1713. The Surman Mission had succeeded in obtaining from the Emperor Furrukhsiyar the request of the Madras Council for certain villages, the possession of which had been resumed by the Nawab's Government in 1711. Sa'adtullah demanded that the farmān should be produced for his inspection, but Governor Collet, rather than let the document pass out of his hands, determined to capture the villages by force, which was done in September 1717. Sa'adtullah KHAN died in 1732.

WESTCOTT, CAPTAIN GEORGE. Colonel Davidson Love (*Op. Cit.*, Vol. II, p. 323), shows that the Captain was the father of Foss Westcott, who joined the Madras Civil Service in 1740, and was one of the Commissioners in 1749, received Madras back from the French. George, a son of Foss by his wife (*née* Ann Pye), was Senior Member of the Madras Board of Revenue and died at Madras in 1809 at the age of 61. A son of the last, also George, was in 1807 a Captain in the 67th Regiment at Trichinopoly. Brooke Foss Westcott, the distinguished theologian, and Bishop of Durham, is a descendant of Captain George Westcott, and the family is at the present day represented in India by the Bishops of Lucknow and Chota Nagpur, sons of Bishop B. **Charles Robert Willson (1863-1904),** historian of British India, was born in London and educated at the City of London School. Having gained the Carpenter Scholarship, he entered Wadham College, Oxford and graduated B.A. in 1887. Soon after, he joined the Indian Educational Service and served as Professor at Dacca College and later at Presidency College, Calcutta. Thereafter he was Principal of Bankipur College, Patna and Inspector of Schools.

In 1900, he was appointed Officer-in-charge of the records of the Government of India. He became a devoted student of early history of English in Bengal, laboriously unearthing manuscripts and piecing together an authentic history based on original records. This work won him recognition ; he was granted Doctorate of literature at Oxford in 1902. Still in the midst of his researches he died after a short illness at the early age of forty one.

Despite his official duties, Willson's literary output was considerable. His publications include several articles in the *Journal of the Asiatic Society of Bengal*, dealing mainly with the tragedy of the Black Hole, and two works : *List of Inscriptions on Tombs or Monuments in Bengal*, and *Old Fort William in Bengal*, in the Indian Records Series. But perhaps his most renowned work was the *Early Annals of the English in Bengal*, published in 3 volumes of four parts (V. I, V. II Pt. 1, V. II Pt. 2, V. III) two of them posthumously.
